Studies In The Text And Transmibion Of The Iliad

Elijah Hixson, Peter J. Gurry

Studies In The Text And Transmibion Of The Iliad:

Studies in the Text and Transmission of the Iliad Martin L. West, 2015-08-31 In den jahrzehntelangen Vorarbeiten zu seiner weltweit so beachteten Homerausgabe hat der Editor viele interessante und zugleich neue Details zur Textberlieferung gewonnen die er nunmehr in einer Spezialmonographie zusammengefa t hat Somit wird der Homerforscher in die neusten Ergebnisse zu Textproblemen in Homers Ilias eingef hrt und bestimmte editorische Entscheidungen von West sind f r den Fachmann klarer nachzuvollziehen **Homer: Oxford Bibliographies Online Research Guide** Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In classics as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is just one of many articles from Oxford Bibliographies Online Classics a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of classics Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com The Cambridge Companion to Homer Robert Fowler, 2004-10-14 The Cambridge Companion to Homer is a guide to the essential aspects of Homeric criticism and scholarship including the reception of the poems in ancient and modern times Written by an international team of scholars it is intended to be the first port of call for students at all levels with introductions to important subjects and suggestions for further exploration Alongside traditional topics like the Homeric Question the divine apparatus of the poems the formulae the characters and the archaeological background there are detailed discussions of similes speeches the poet as story teller and the genre of epic both within Greece and worldwide The reception chapters include assessments of ancient Greek and Roman readings as well as selected modern interpretations from the eighteenth century to the present day Chapters on Homer in English translation and Homer in the history of ideas round out the collection **A Companion to Ancient Epic** John Miles Foley, 2008-11-03 A Companion to Ancient Epic presents for the first time a comprehensive up to date overview of ancient Near Eastern Greek and Roman epic It offers a multi disciplinary discussion of both longstanding ideas and newer perspectives A Companion to the Near Eastern Greek and Roman epic traditions Considers the interrelation between these different traditions Provides a balanced overview of longstanding ideas and newer perspectives in the study of epic Shows

how scholarship over the last forty years has transformed the ways that we conceive of and understand the genre Covers recently introduced topics such as the role of women the history of reception and comparison with living analogues from oral tradition The editor and contributors are leading scholars in the field Includes a detailed index of poems poets technical terms and important figures and events **History of the Pauline Corpus in Texts, Transmissions and Trajectories**

Chris S. Stevens, 2020-06-15 In *History of the Pauline Corpus in Texts Transmissions and Trajectories* Chris S Stevens examines the Greek manuscripts of the Pauline texts from P46 to Claromontanus Previous research is often hindered by the lack of a systematic analysis and an indelicate linguistic methodology This book offers an entirely new analysis of the early life of the Pauline corpus Departing from traditional approaches this text critical work is the first to use Systemic Functional Linguistics which enables both the comparison and ranking of textual differences across multiple manuscripts Furthermore the analysis is synchronically oriented so it is non evaluative The results indicate a highly uniform textual transmission during the early centuries The systematic analysis challenges previous research regarding text types Christological scribal alterations and textual trajectories *Orality, Textuality, and the Homeric Epics* Jonathan L. Ready, 2019-07-30 Written texts of the Iliad and the Odyssey achieved an unprecedented degree of standardization after 150 BCE but what about Homeric texts prior to the emergence of standardized written texts *Orality Textuality and the Homeric Epics* sheds light on that earlier history by drawing on scholarship from outside the discipline of classical studies to query from three different angles what it means to speak of Homeric poetry together with the word text Part I utilizes work in linguistic anthropology on oral texts and oral intertextuality to illuminate both the verbal and oratorical landscapes our Homeric poets fashion in their epics and what the poets were striving to do when they performed Looking to folkloristics part II examines modern instances of the textualization of an oral traditional work in order to reconstruct the creation of written versions of the Homeric poems through a process that began with a poet dictating to a scribe Combining research into scribal activity in other cultures especially in the fields of religious studies and medieval studies with research into performance in the field of linguistic anthropology part III investigates some of the earliest extant texts of the Homeric epics the so called wild papyri By looking at oral texts dictated texts and wild texts this volume traces the intricate history of Homeric texts from the Archaic to the Hellenistic period long before the emergence of standardized written texts in a comparative and interdisciplinary study that will benefit researchers in a number of disciplines across the humanities [The Cambridge Guide to Homer](#) Corinne Ondine Pache, Casey Dué, Susan Lupack, Robert Lamberton, 2020-03-05 From its ancient incarnation as a song to recent translations in modern languages Homeric epic remains an abiding source of inspiration for both scholars and artists that transcends temporal and linguistic boundaries *The Cambridge Guide to Homer* examines the influence and meaning of Homeric poetry from its earliest form as ancient Greek song to its current status in world literature presenting the information in a synthetic manner that allows the reader to gain an understanding of the different strands of Homeric studies The volume is structured

around three main themes Homeric Song and Text the Homeric World and Homer in the World Each section starts with a series of macropedia essays arranged thematically that are accompanied by shorter complementary micropedia articles The Cambridge Guide to Homer thus traces the many routes taken by Homeric epic in the ancient world and its continuing relevance in different periods and cultures Pesher and Hypomnema: A Comparison of Two Commentary Traditions from the Hellenistic-Roman Period Pieter B. Hartog, 2017-11-06 In Pesher and Hypomnema Pieter B Hartog compares ancient Jewish commentaries on the Hebrew Bible with papyrus commentaries on the Iliad Hartog shows that members of the Qumran movement adopted classical commentary writing and adapted it to their own needs Liddell and Scott Christopher Stray, Michael J. Clarke, Joshua Timothy Katz, 2019 Everyone who studies or researches ancient Greek uses the Greek English Lexicon of Liddell and Scott this volume brings together essays on all aspects of the history constitution and problematics of this extraordinary work in order to better understand its significance for both Greek studies and the theory and practice of lexicography *Myths and Mistakes in New Testament Textual Criticism* Elijah Hixson, Peter J. Gurry, 2019-11-05 A renewed interest in textual criticism has created an unfortunate proliferation of myths mistakes and misinformation about this technical area of biblical studies Elijah Hixson and Peter Gurry along with a team of New Testament textual critics offer up to date accurate information on the history and current state of the New Testament text that will serve apologists and offer a self corrective to evangelical excesses
