Studies In Halakhic Aggadic Thought:

Reinventing Maimonides in Contemporary Jewish Thought James A. Diamond, Menachem Kellner, 2019-02-20 The first critical study of how Maimonides has been read by leading Orthodox rabbis in our time shows that some have tried to liberate themselves from his influence others have built on his ideas generating vibrant controversy and yet others have sought to recreate Maimonides in their own image

The Modes of Thought of Rabbinic Judaism Jacob Neusner, 2000

Studies in Qumran Law and Thought Joseph M Baumgarten, 2022-03-07 The study of the laws of the Dead Sea Scrolls in the light of ancient rabbinic law and vice versa by a master of both corpora sheds light on their interpretation their history and the spiritual stances they bespeak The thirty two studies united in this volume a selection of Joseph M Baumgarten's work in the three decades that followed the appearance of his *Studies in Qumran Law* Brill 1977 focus on legal concerns both general and detailed shared by the Qumran sectarians and the ancient rabbis concerns that elicited responses that were sometimes similar sometimes different even to the extent of arousing polemics An introductory essay by Lawrence H Schiffman contextualizes the studies and points out the broader themes to which they relate

After Revelation Marc Herman, 2025-08-05 Reveals how medieval Jews developed religious law through contact with their Muslim neighbors *After Revelation* is the first study to integrate Jewish legal thought in the medieval Islamic world into its larger environment Here Marc D Herman demonstrates that Jews were fully conversant in their contemporaries' ideas about revelation law and legal interpretation Bookended by the two luminaries of medieval Judaism Saadia Gaon and Moses Maimonides *After Revelation* is a comprehensive analysis of the legal theory that medieval Jews produced in Islamic lands mostly in Arabic and reveals previously unrecognized commonalities between Jewish and Islamic constructions of religious law Herman tackles one of the central doctrines of post biblical Judaism that God had supplemented the written Hebrew Bible with an Oral Torah a claim that remains central to Judaism to this day Following this idea from Baghdad to Kairouan to Cordoba and then to Cairo he shows that the Oral Torah took many new forms in the medieval Islamic world The variegated and fluid presentations of the Oral Torah Herman argues were inexorably embedded in society wide discourses that blithely crossed religious borders He proposes a highly regional perspective on Jewish history in place of the closed communities so often imagined in the histories of Jews and Muslims one that centers contacts with Muslims as much as continuities with earlier Jewish communities He emphasizes too that medieval Judaism is unimaginable without Jewish interactions with Muslims Ultimately *After Revelation* makes plain that medieval Judaism took the shapes that it did largely because of forces far outside of itself

The Study of Islamic Origins Mette Bjerregaard Mortensen, Guillaume Dye, Isaac W. Oliver, Tommaso Tesei, 2021-11-08 The study of Islam's origins from a rigorous historical and social science perspective is still wanting At the same time a renewed attention is being paid to the very plausible pre canonical redactional and editorial stages of the Qur'an a book whose core many contemporary scholars agree to be formed by various independent writings in which encrypted passages from the OT

Pseudepigrapha the NT Apocrypha and other ancient writings of Jewish Christian and Manichaean provenance may be found Likewise the earliest Islamic community is presently regarded by many scholars as a somewhat undetermined monotheistic group that evolved from an original Jewish Christian milieu into a distinct Muslim group perhaps much later than commonly assumed and in a rather unclear way The following volume gathers select studies that were originally shared at the Early Islamic Studies Seminar These studies aim at exploring afresh the dawn and early history of Islam with the tools of biblical criticism as well as the approaches set forth in the study of Second Temple Judaism Christian and Rabbinic origins thereby contributing to the renewed interdisciplinary study of formative Islam as part and parcel of the complex processes of religious identity formation during Late Antiquity

Nahmanides Moshe Halbertal, 2020-09-22 A broad systematic account of one of the most original and creative kabbalists biblical interpreters and Talmudic scholars the Jewish tradition has ever produced Rabbi Moses b Nahman 1194 1270 known in English as Nahmanides was the greatest Talmudic scholar of the thirteenth century and one of the deepest and most original biblical interpreters Beyond his monumental scholastic achievements Nahmanides was a distinguished kabbalist and mystic and in his commentary on the Torah he dispensed esoteric kabbalistic teachings that he termed By Way of Truth This broad systematic account of Nahmanides's thought explores his conception of halakhah and his approach to the central concerns of medieval Jewish thought including notions of God history revelation and the reasons for the commandments The relationship between Nahmanides's kabbalah and mysticism and the existential religious drive that nourishes them as well as the legal and exoteric aspects of his thinking are at the center of Moshe Halbertal's portrayal of Nahmanides as a complex and transformative thinker

Samson Raphael Hirsch's Religious Universalism and the German-Jewish Quest for Emancipation Moshe Y. Miller, 2024-02-20 In Samson Raphael Hirsch's Religious Universalism and the German Jewish Quest for Emancipation Moshe Miller argues that nineteenth century German Jews of all persuasions actively sought acceptance within German society and aspired to achieve full emancipation from the many legal strictures on their status as citizens and residents But where non Orthodox Jews sought a large measure of cultural assimilation Orthodox Jews were content with more delimited acculturation However they were no less enthusiastic about achieving emancipation and acceptance in German society There was one issue though which was seen by non Jewish critics of emancipation as a barrier to granting civic rights to Jews namely the alleged tribalism of the Jewish ethic and the supposedly Orthodox notion of Jews as the Chosen People These charges could not go unanswered and in the writings of Rabbi Samson Raphael Hirsch 1808 1888 a leading thinker of the Orthodox camp they did not Hirsch stressed the universalism of the Jewish ethic and the humanistic concern for the welfare of all mankind which he believed was one of the core teachings of Judaism His colleagues in the German Orthodox rabbinate largely concurred with Hirsch's assessment This account places Hirsch's views in their historical context and provides a detailed account of his attitude toward non Jews and the Christianity practiced by the vast majority of nineteenth century Europeans

Jewish Theology

and World Religions Alon Goshen-Gottstein, Eugene Korn, 2012-04-05 The contributors to this volume represent a range of disciplines and denominations within Judaism and share the conviction that articulating contemporary Jewish views of other world religions is an urgent objective for Judaism Their essays show why a Jewish theology of world religions is a priority for Jewish thinkers and educators concerned with reinvigorating Judaism's contribution to the contemporary world and maintaining Jewish identity and continuity

Judaism and Other Religions Alan Brill, 2010-04-14 With insight and scholarship Alan Brill crisply outlines the traditional Jewish approaches to other religions for an age of globalization He provides a fresh perspective on Biblical and Rabbinic texts offering new ways of thinking about other faiths In the majority of volume he develops the categories of theology of religions for Jewish text and arranges the texts according classification widely used in interfaith work inclusivist exclusivist universalist and pluralist Judaism and Other Religions is essential for a Jewish theological understanding of the various issues in encounters with other religions With passion and clarity Brill argues that in today's world of strong religious passions and intolerance it is necessary to go beyond secular tolerance toward moderate and mediating religious positions

Religious Stories in Transformation: Conflict, Revision and Reception Alberdina Houtman, Tamar Kadari, Marcel Poorthuis, Vered Tohar, 2016-10-18 In Religious Stories in Transformation Conflict Revision and Reception the editors present a collection of essays that reveal both the many similarities and the poignant differences between ancient myths in Judaism Christianity Islam and modern secular culture and how these stories were incorporated and adapted over time This rich multidisciplinary research demonstrates not only how stories in different religions and cultures are interesting in their own right but also that the process of transformation in particular deserves scholarly interest It is through the changes in the stories that the particular identity of each religion comes to the fore most strikingly
