Karen Olson

Studs Tools And The Family Jewels:

Studs, Tools, and the Family Jewels Peter F. Murphy, 2001-02-12 Looking at the sexual metaphors that are so pervasive in American culture jock tool shooting blanks gang bang and others even more explicit the author argues that men are trapped and damaged by language that constantly intertwines sexuality and friendship with images of war machinery sports and work These metaphors men live by he contends reinforce the view that relationships are tactical encounters that must be won because the alternative is the loss of manhood

Studs, Tools, and the Family Jewels Peter F. Murphy, 2001-02-14 Peter F Murphy s purpose in this book is not to shock but rather to educate provoke discussion and engender change Looking at the sexual metaphors that are so pervasive in American culture jock tool shooting blanks gang bang and others even more explicit he argues that men are trapped and damaged by language that constantly intertwines sexuality and friendship with images of war machinery sports and work These metaphors men live by Murphy contends reinforce the view that relationships are tactical encounters that must be won because the alternative is the loss of manhood The macho language with which men cover their fear of weakness is a way of bonding with other men The implicit or explicit attacks on women and gay men that underlie this language translate in their most extreme forms into actual violence Murphy also believes however that awareness of these metaphorical power plays is the basis for behavioral change How we talk about ourselves as men can alter the way we live as men

Impotence Angus McLaren, 2008-09-15 As anyone who has watched television in recent years can attest we live in the age of Viagra From Bob Dole to Mike Ditka to late night comedians our culture has been engaged in one long frank and very public talk about impotence and our newfound pharmaceutical solutions But as Angus McLaren shows us in *Impotence* the first cultural history of the subject the failure of men to rise to the occasion has been a recurrent topic since the dawn of human culture Drawing on a dazzling range of sources from across centuries McLaren demonstrates how male sexuality was constructed around the idea of potency from times past when it was essential for the purpose of siring children to today when successful sex is viewed as a component of a healthy emotional life Along the way *Impotence* enlightens and fascinates with tales of sexual failure and its remedies for example had Ditka lived in ancient Mesopotamia he might have recited spells while eating roots and plants rather than pills and explanations which over the years have included witchcraft shell shock masturbation feminism and the Oedipal complex McLaren also explores the surprising political and social effects of impotence from the revolutionary unrest fueled by Louis XVI s failure to consummate his marriage to the boost given the fledgling American republic by George Washington s failure to found a dynasty Each age McLaren shows turns impotence to its own purposes using it to help define what is normal and healthy for men their relationships and society From marriage manuals to metrosexuals from Renaissance Italy to Hollywood movies *Impotence* is a serious but highly entertaining examination of a problem that humanity has simultaneously regarded as life s greatest tragedy and its greatest joke

Pragmatics, Discourse and Society, Volume 1 Niyi Osunbade, Foluke Unuabonah, Ayo

Osisanwo, Akin Adetunji, Funke Oni, 2021-07-27 This two volume work speaks to the entire scope of Professor Odebunmi's research concerns in general pragmatics, medical and clinical pragmatics, literary discourse, critical discourse analysis, applied linguistics and language sociology. Its 52 chapters across both volumes (24 chapters in this volume and 28 chapters in Volume 2) written by established scholars such as Jacob Mey, Paul Hopper, Joyce Mathangwane and Ming Yu Tseng, in addition to the honoree, explore the dynamics of the interplay of spatial, temporal, agential and non-institutional factors that drive discourse, textual constructions, negotiations and interpretations and sometimes influence human cognition and actions. The volume will appeal to all academics, researchers and students who are interested in the interface of context and meaning in human communication.

Sex in Language Eliecer Crespo-Fernández, 2015-08-27 Metaphor has long provided a rich way to speak about the unspeakable or to refer to delicate issues. Sex is one such area. This book follows a cognitive linguistic and relevance theoretic approach to the language of sex, considering metaphor as a bridge that brings together mind and language. It does this through the analysis of the antithetical mechanisms of verbal mitigation and offence. These two mechanisms are more commonly known as euphemism and its lesser known companion term dysphemism. The volume reflects on the social and communicative functions that sexual metaphors perform in a sample of almost two hundred postings taken from internet forums. How do people think about sex? How do people avoid talking about sex? How do people paraphrase sexual topics? It offers an account of how real language users understand sexual taboo in present day English and also a great grounding in manual corpus work on a qualitative level.

Wives of Steel Karen Olson, 2005 *Wives of Steel* is based on more than eighty formal interviews conducted over a fifteen year period with women and some men, both white and black, all of whom were part of Sparrows Point as workers, spouses or longtime residents of the local communities. Through the stories they tell, we see how a male dominated industry has influenced personal family and social experiences over several generations. We also see the distinct differences and surprising similarities among the lives of black and white women, which often reflect the complicated relationships among black and white steelworkers in the plant.

Gendered Outcasts and Sexual Outlaws Chris Kendall, Wayne Martino, 2012-12-06 A candid re-examination of what it means to be a gay man. *Gendered Outcasts and Sexual Outlaws: Sexual Oppression and Gender Hierarchies in Queer Men's Lives* explores the impact and effects of sexual oppression and power relationships within the gay male community. This controversial book features thoughtful and provocative essays from authors, educators and activists who challenge the stigmatization and issues of power they face as gay men who don't fit the masculine mold formed by the gay porn industry and the media. Their poignant words reveal the sting of finding discrimination and alienation where least expected as the rise of sexualized hyper-masculinity, racism and femiphobia among gay men has created a need to re-examine appropriate gay male identity and sexuality. Editors Christopher Kendall and Wayne Martino, who have written about and researched the negative side of gay male pornography, the links between sexism and homophobia, gay male suicide and the impact of masculinity and sexuality on gay men, divide the book's

powerful essays into two sections *The Dynamics of Sex Gender Oppression* and *When Gender Harms and Oppression Becomes the Norm* The first section challenges the assumptions that form the basis of gay male identity Relying on the work of radical feminists and cultural theorists the authors explore the meaning of gender in a society that expects men to act according to a masculine ideal and punishes them when they don't The book's second section analyzes the reality of gender oppression caused by inequality and sexualized gender hierarchies Contributors discuss what can happen when gay men take seriously the sexual role models that are offered and what happens if they dare to reject them *Gendered Outcasts and Sexual Outlaws* examines effeminacy in gay men's lives the idealization of the gay male body straight acting masculinities and the rejection of the feminine narcissism masculinity and body absorption racialized masculinity the feminization of the Asian gay male in gay pornography gay male rape domestic violence and much more *Gendered Outcasts and Sexual Outlaws* is an eye opening re evaluation of what being gay means why being gay is still considered socially unacceptable and how the gay male community can respond to systemic stigmatization and hate

Interdisciplinary Perspectives on Health, Illness and Disease, 2021-10-25 The study of health care brings one into contact with many disciplines and perspectives including those of the provider and the patient There are also multiple academic lenses through which one can view health illness and disease This book brings together scholars from around the world who are interested in developing new conversations intended to situate health in broader social and cultural contexts This book is the outcome of the second global conference on *Making Sense of Health Illness and Disease* held at St Hilda's College Oxford in July 2003 The selected papers pursue a range of topics and incorporate perspectives from the humanities social sciences and clinical sciences This volume will be of interest to researchers and health care practitioners who wish to gain insight into other ways of understanding health illness and disease

The Psychosocial Implications of Disney Movies Lauren Dundes, 2019-07-11 In this volume of 15 articles contributors from a wide range of disciplines present their analyses of Disney movies and Disney music which are mainstays of popular culture The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered Given its global reach how the Walt Disney Company handles the role of race gender and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume On the other hand other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies The authors of the 15 articles encourage readers to engage with the material showcasing a variety of views about the good the bad and the best way forward

An Interdisciplinary Bibliography on Language, Gender and Sexuality (2000-2011) Heiko Motschenbacher, 2012 This comprehensive state of the art bibliography documents the most recent research activity in the vibrant field of language gender and sexuality It

provides experts in the field and students in tertiary education with access to language centred resources on gender and sexuality and is therefore an ideal research companion The main part of the bibliography lists 3 454 relevant publications monographs edited volumes journal articles and contributions to edited volumes that have been published within the period from 2000 to 2011 It unites work done in linguistics with that of neighbouring disciplines covering studies dealing with a broad range of languages and cultures around the globe Alphabetical listing and a keyword index facilitate finding relevant work by author and subject matter The e book version additionally enables users to search the entire document for specific terms Sections on earlier bibliographies and general reference works on language gender and sexuality complete the compilation

Reviewing **Studs Tools And The Family Jewels**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**Studs Tools And The Family Jewels**," an enthralling opus penned by a very acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve to the book is central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
