A Study of Death (Classic Reprint) Henry Mills Alden, 2015-07-20 Excerpt from A Study of Death My earliest written expression of intimate thought or cherished fancy was for your eyes only it was my first approach to your maidenly heart a mystical wooing which neglected no resource near or remote for the enhancement of its charm and so involved all other mystery in its own In you childhood has been inviolate never losing its power of leading me by an unspoken invocation to a green field ever kept fresh by a living fountain where the Shepherd tends his flock Now through a body racked with pain and sadly broken still shines this unbroken childhood teaching me Love s deepest mystery It is fitting then that I should dedicate to you this book touching that mystery It has been written in the shadow but illumined by the brightness of an angel s face seen in the darkness so that it has seemed easy and natural for me to find at the thorn s heart a secret and everlasting sweetness far surpassing that of the rose itself which ceases in its own perfection Whether that angel we have seen shall for my need and comfort and for your own longing hold back his greatest gift and leave you mine in the earthly ways we know and love or shall hasten to make the heavenly surprise the issue in either event will be a home coming if here yet already the deeper secret will have been in part disclosed and if beyond that secret fully known will not betray the fondest hope of loving hearts Love never denied Death and Death will not deny Love About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
