Journal of the Society for Psychical Research Society for Psychical Research (Great Britain),1895 *Children's Dreams* C. G. Jung,2012-01-12 In the 1930s C G Jung embarked upon a bold investigation into childhood dreams as remembered by adults to better understand their significance to the lives of the dreamers Jung presented his findings in a four year seminar series at the Swiss Federal Institute of Technology in Zurich Children s Dreams marks their first publication in English and fills a critical gap in Jung s collected works Here we witness Jung the clinician more vividly than ever before and he is witty impatient sometimes authoritarian always wise and intellectually daring but also a teacher who though brilliant could be vulnerable uncertain and humbled by life s great mysteries These seminars represent the most penetrating account of Jung s insights into children s dreams and the psychology of childhood At the same time they offer the best example of group supervision by Jung presenting his most detailed and thorough exposition of Jungian dream analysis and providing a picture of how he taught others to interpret dreams Presented here in an inspired English translation commissioned by the Philemon Foundation these seminars reveal Jung as an impassioned educator in dialogue with his students and developing the practice of analytical psychology An invaluable document of perhaps the most important psychologist of the twentieth century at work this splendid volume is the fullest representation of Jung s views on the interpretation of children s dreams and signals a new wave in the publication of Jung s collected works as well as a renaissance in contemporary Jung studies *The Inextinguishable Dream* Wendy Brandts,2023-09-11 At dawn Cass slips quietly out the front door of the Blue House not meaning to upend the lives of those she leaves behind Cass a gifted but emotionally unstable mathematician and her sister Sylvia an artist have never agreed on motherhood on marriage on how to live But they share the belief that they must create lasting work Sylvia welding iron sculptures Cass solving equations to simplify the world When Cass disappears Sylvia must fight to keep her already fragile world from collapsing and her precocious and deeply curious daughter Erika from discovering the devastating family secrets that live within the Blue House The Inextinguishable Dream is a deeply moving story about ambition and motherhood identity and loss transience and memory and the overpowering human desire to escape into delusions Drawing on the physics of time the author enjoins us to ponder the meaning of life love death and the universe while conveying profound awe for the beauty and mystery of the world It was inspired by the author s experiences as a woman in the male dominated world of science the conflicts between motherhood marriage and career and the need for those of us who do not fit the mould especially gifted children to be accepted *Random Souls* Deanna Rutledge,2010-11-08 Pastor Jason s worst nightmare has just come true and things are about to get worse It isn t his fault Aloha Community Church has a history of sexual scandal and grace is in short supply He s new to the church Yet he has been wrongly accused and unless a miracle happens soon he is going to be drummed out of the pastorate in disgrace However the small group of random souls who meet in his living room every Friday for a study on the
