Casino Barry Tighe, 2000-09 **Feeling Lucky** Paul Franke, 2023-07-13 Monte Carlo and Las Vegas have become synonymous with casino gambling Both destinations featured it as part of a broad variety of leisure and consumption opportunities that normalized games of chance and created emotional atmospheres that supported the hedonistic aspects of gambling Urban spaces and architecture were carefully designed to enable a rapid growth of the casino industry and produce experiences on previous unimaginable scale Feeling Lucky is a making of story about cities which acquired a strange and captivating allure of mystery around them It is more than a mere descriptive account however Combining urban history the history of consumption and sociological approaches it presents a compelling comparative history of Monte Carlo and the Las Vegas Strip between the 1860s and 1970s Paul Franke takes the reader on a journey from arriving at the cities through the carefully planned urban environments and into the famous casinos The analysis follows the paths contemporary gamblers would have taken right to the gambling tables and to the shifting gambling practices across a century Franke shows that casino entrepreneurs succeeded in producing and selling gambling experiences by controlling spaces adapt leisure practices and appeal to specific markets Gamblers on the other hand regarded Monte Carlo and Las Vegas as places to engage in games of chance that would allow them to preserve their political cultural and moral identities

In the Corridors of Power David Lipsey, 2012-06-28 A political adviser to the formidably intellectual Foreign Secretary Tony Crosland and to Prime Minister Jim Callaghan and a senior journalist at *The Times* and *The Economist* David Lipsey has been close to the heart of government for more than four decades Providing a unique perspective on a period of great economic and political upheaval *In the Corridors of Power* details such flashpoints as the 1976 77 IMF crisis which saw Britain under a divided government hovering on the edge of national bankruptcy and reveals why Jim Callaghan ducked an election in 1978 and led Labour to disastrous defeat in 1979 But Lipsey is no one dimensional policy nerd Here we see a man who moves easily from the rarefied atmosphere at the core of government to the more down to earth pleasures of the greyhound track and the racecourse betting ring while his enthusiasm for harness racing is such that he has regularly competed in the sport It is often said that the very best political books come from those who observe from behind the scenes rather than from the politicians in the front line Here is a classic of the genre
