[Herbal Soup for Body, Mind and Soul](#) Kiran Kumar, 2015-08-02 Poetry bursts in my mental horizon like a nuclear explosion, the rainbow, cauliflower, clouds, destroying cobwebs and dark toxic patches in my being. It was just a few years back though the seeds must be underground for sixty years, expressed in my love of literature, music and movies which led me to see, write and direct a number of movies in these years, especially the last twenty-five. What distinguishes poetry? As a recitation or song, dance and music dominated presentation of literature in fact, all knowledge till just five hundred years back. Even now it is important poetry, pure or propaganda in movies, theatre, musicals, stage, video or website. It is perhaps the rhythm and rhyme, the beat and melody and harmony which, along with brevity and imagery, make it memorable, communicable, impactful and entertaining. My friends call me encyclopedic, the tradition of Plato, Leonardo da Vinci, Bertrand Russell and others. My critics call me confused. I accept and benefit from both labels. Ranging from erotica to ontology, physics, biology and psychology to social concerns, sense to nonsense, I even try to blend them in a cocktail, hoping it is organic, heady and enduring. There is not much experimentation with form but with theme and thought, meanings and metaphors and leaps across mind sets, cutting across age, subject and genre. The flight in space or plunge into oceanic bed of mind and culture has been exciting and liberating, often orgasmic, meditative. With all humility and pride, I present my work for your relish, provocation and hopefully insight and action. [The British National Bibliography](#) Arthur James Wells, 2009 *A Tradition of Soup* Teresa M. Chen, 2009-04-28 Through recipes that use time honored medicinal ingredients, *A Tradition of Soup* provides a fascinating narrative of the Southern Chinese immigrants who came to the United States in large numbers during the last half century, the struggles they faced and overcame and the soups they used to heal and nourish their bodies. Following the Chinese approach to health, Teresa Chen, who was born into a family of food connoisseurs and raised by a gourmet cook, groups the recipes by seasons and health concerns according to Cantonese taxonomy: tong (simple broths), soups and stews, geng (thickened soups), juk (rice soups or porridges) and tong shui (sweet soups) as well as noodle soups, wonton and dumpling soups and vegetable soups. Also focusing on dahn (steaming) and loughfo (slow cooking) soups associated with good health, the book features fresh, natural and seasonal food. *A Tradition of Soup* highlights recipes that serve a wide range of purposes, from gaining or shedding weight to healing acne and preventing wrinkles. While some ingredients may seem foreign to Western readers, most are available in Chinese grocery stores. To help

readers identify and procure these items Chen provides a beautifully photographed ingredients glossary complete with Chinese names pronunciation and detailed descriptions      *Words on Cassette, 2002* R R Bowker Publishing,2002      **Body & Soul (Watertown, Mass.)** ,2004      You Can Beat the Odds Brenda Stockdale,2009-11-15 A specialist in biobehavioral medicine presents a holistic program for enhancing immunity and improving your chances of recovery from serious illness This guide offers practical science based techniques that have been proven to help cancer and chronic disease survivors You Can Beat the Odds reveals surprising risk factors greater than smoking diet or cholesterol that can make the difference between robust health and life threatening illness Even your genetic inheritance isn t as fixed as you might have imagined Brenda Stockdale s mind body approach addresses the underpinnings of illness health and healing Each technique in her program is designed to improve the way your body responds to viruses illnesses and even daily stress This volume includes exercises to help you personalize your program and integrate insights quickly into your everyday life      *Whole Foods Magazine* ,2001      **Super Duper Soups** Michael Van Straten,2008      Navajo Food Practices, Customs, and Holidays Suzanne Pelican,Karen Bachman-Carter,1991 This publication provides information on culture diet and diabetes among the Navajo Indians or Dine the People who live on or near the Navajo reservation
