The Triumph of Love Benedict Williamson, 1923 **The Psychology of Love According to St. Bonaventure** Robert P. Prentice, 1957 Love, Self-deceit, and Money Koen Stapelbroek, 2008-01-01 In *Love Self Deceit and Money* Koen Stapelbroek reconstructs the early Neapolitan Enlightenment debate on the morality of market societies a debate that hinged on the preservation of Naples independent statehood in a global arena of commercial and military competition Galiani rejected the opinions of many of his contemporaries regarding the moral and economic dangers threatening Naples and in his *Della moneta* 1751 he justified the systems set in place by the Neapolitan government With reference to early previously unstudied lectures on self deceptive Platonic love Stapelbroek examines Galiani's role in the wider debate arguing that his early work in moral philosophy and history suggests a great deal about his political economic stance including his assertion that money is the ultimate ordering principle in the universe Jacket **Spirit, Nature and Community** Diogenes Allen, Eric O. Springsted, 1994-01-01 This book covers the main aspects of Simone Weil's thought drawing on her life where it is relevant for understanding her ideas It is the fruit of many years engagement with scholars and scholarship on Weil in America France and the United Kingdom The philosophical bases of her social and political thought of her analysis of the natural world and of her spiritual journey as found in Plato Epictetus and Kant are uncovered The authors are especially concerned with controversial aspects of Weil's life and thought they offer an additional dimension to her understanding of the supernatural they correct Rowan Williams misunderstanding of her account of preferential love and argue against Thomas Nevin's attempt to marginalize her as another example of Jewish self hatred The book also presents and assesses the new evidence for Weil's baptism **Handbook of Catholic Dogmatics 6** Matthias Joseph Scheeben, 2024-01-16 Building on Book Five's considerations of the person and redemptive deed of Christ Book Six of Matthias Joseph Scheeben's *Handbook of Catholic Dogmatics* offers his account of the subjective realization of salvation through Christ's bestowal of grace This stands as Scheeben's fullest treatment of the much contested notion of actual grace and the issues related to the sixteenth century *de auxiliis* controversy concerning predestination and how God moves the human will Progressing in three parts Book Six commences with an analysis of the concept of actual grace establishing how God can move the will without compelling it and providing a richly developed context for understanding God's motive influence The second part examines three principal heresies concerning grace namely Pelagianism Semi Pelagianism and the Reformation doctrines using these as a basis for evaluating the Catholic dogmas about grace that were articulated against them Finally in the third part Scheeben explores the necessity of grace in light of man's fallen condition and his supernatural end How to Pray in Times of Stress Linda Evans Shepherd, 2018-01-02 While there are a variety of coping techniques when it comes to stress sleep more eat better avoid this seek that out the true remedy is prayer In this inspiring book Linda Evans Shepherd shows readers how to recognize God's continual presence and yield their troubles to the Prince of Peace Through captivating stories explorations of
