Superpower Detente and Future of Afghanistan ,1990 *Superpower Detente and Future of Afghanistan* Jasjit Singh,1990 **The Future** ,1993 A Brief History of Afghanistan Shaista Wahab,Barry Youngerman,2007 Presents the culture and history of Afghanistan from 3 000 B C E to the present day **Conflict in Afghanistan** Frank A. Clements,Ludwig W. Adamec,2003-12-02 A comprehensive A Z study of the history of conflict in Afghanistan from 1747 to the present This authoritative clearly written volume covers all aspects of the conflicts that have taken place in Afghanistan from 1747 to the present Conflict in Afghanistan provides the reader with a historical overview of hostilities in Afghanistan and discusses their causes history and impact on Afghan society and on regional and international relations A single A Z section covers the three main eras in Afghanistan s history the period from 1747 when Afghanistan first emerged as a unified state the Soviet era 1979 1989 which saw the overthrow of the monarchy the declaration of the Republic and the rise of the Mujahideen and the post Soviet period which brought civil war the rise of the Taliban and finally the events of September 11 and the War on Terrorism both of which receive special attention Germany and the Future of European Security C. Bluth,2000-08-17 Germany and the Future of European Security examines the impact of unification on German foreign and security policy providing the first comprehensive analysis of how the unified Germany has adapted to the post Cold War security environment The book considers the development of Germany s understanding of the European security environment Germany s national interests its role in Europe and the international system and the policy instruments at its disposal This provides a context for testing various views about the future of European security more generally *Afghanistan: History, Issues, Bibliography* , The Future Of South Korean-U.S. Security Relations Young-koo Cha,John Q Blodgett,Michael Mazarr,William J Taylor Jr,2020-01-23 This volume examines key issues in Republic of Korea United States ROK U S burden sharing with attention to the unique nature of the arrangement It analyzes the security balance in Northeast Asia and future trends within the ROK U S alliance **Arms Control, the FRG, and the Future of East-West Relations** Wolfram F. Hanrieder,2019-04-05 The political dimension of arms control has always had special significance for the Federal Republic of Germany not only because of the issue of a divided Germany and a partitioned Europe but also because of the country s key position in the Western security alliance In the wake of NATO s recent decision to deploy more nuclear weapons on German soil and in the absence of progress on arms control it has become clear that arms control measures and negotiations have assumed an importance far beyond their military technical components fundamental questions about the nature of East West relations and the future shape of the transatlantic alliance and the European political order also have been raised These essays explore the implications of arms control negotiations for the Federal Republic of Germany and consider why Germany has traditionally found it impossible to divorce considerations of arms control from their larger political context *The Future Of European Alliance Systems* Arlene Idol Broadhurst,2019-07-11

Recent events in Afghanistan and Poland as well as the Twenty Sixth Party Congress have raised questions about the future direction of the Warsaw Treaty Organization. Similarly pressing issues such as the placement of long range theater nuclear forces, burden sharing and threats to the security of Europe from peripheral areas for instance the Middle East call attention to the urgent need for a re examination of priorities and strategies within the North Atlantic Treaty Organization. This book addresses these military considerations as well as the political and social dimensions of European security. The distinguished authors discuss four major subjects: European security perspectives, NATO, the Warsaw Pact and resource allocations for defense within the framework of comparative alliance approaches. Their detailed descriptions of current problems, diversities and discussions within the two alliance systems offer insight into the differing ideas of what constitutes security.
