Group Supervision Method and Practice Ellen M Tomaszewski, 2013-11 Supervision is an important part of spiritual direction Unfortunately an individual or group can't always find someone who can provide that service Small groups in out of the way areas are especially challenged to find a supervisor This handbook gives spiritual directors who are involved in small groups a way in which they can provide supervision to each other Besides providing an important service to the individual group supervision also provides a great way for groups to bond and learn trust If done correctly it enhances the spiritual direction and the director In this book you'll find detailed instructions on how to Run a supervision meeting Take notes after each direction session so you're prepared for supervision Use your notes to write a good supervision paper Create an atmosphere where people can feel free to discuss deep personal issues If you don't have regular access to trained supervisor we encourage you to try group supervision **Peer Supervision - Beyond the Basics** ELLEN M.

TOMASZEWSKI, 2024-08-28 The spiritual direction supervision process was adapted from supervision in the psychological community It helps a spiritual director uncover personal agendas self protective motives or psychological and spiritual impediments to freedom in the spiritual director Supervision is vital for every spiritual director new or experienced It provides an opportunity for a spiritual director some say companion to perform a personal inventory to prayerfully explore personality traits or issues that might interfere with direction as well as moments of grace and then use that information to grow and develop into a better person and in the process become a better spiritual director It is important to note that supervision deals with the inner movements of the director not the directed During the process the director and supervisor's contemplatively listen together to God and what has been going on inside the director his or her affect while he/she is listening to another Both the supervised spiritual director and supervisors explore together where they noticed God in the direction session Effective supervision opens the director to self and his or her feelings responses or reactions which might include almost any emotion including boredom anger fear anxiety distraction as well as enthusiasm joy peace and hope Supervision provides many benefits including Opens the heart and soul more fully to God Increases inner freedom transparency and humility Aligns human hearts with the work of the Holy Spirit Helps a person hone the ability to be a spiritual director Develops close relationships trust and respect among supervision group members This book will help you begin or improve your spiritual direction through group supervision It provides formats for recording direction sessions

supervision presentations verbatim and a supervision meeting agenda And hopefully it will help you grow toward Christ and deepen your prayer
