

THE SUPREME COURT & INDIVIDUAL RIGHTS

FOURTH EDITION

DAVID SAVAGE

Supreme Court And Individual Rights

John Braeman

Supreme Court And Individual Rights:

The Supreme Court and Individual Rights Joan Biskupic, Elder Witt, 1997 This updated edition examines the impact of significant Supreme Court decisions on the rights and freedoms of the individual Focusing primarily on the 20th century and current through the 1995 1996 term the book provides full coverage of the freedoms outlined in the Bill of Rights including modern equality issues such as affirmative action and rights allowed illegal immigrants to the United States The Supreme Court and Individual Rights begins with an overview of individual rights and covers four main topics Freedom for Ideas The Rights of Political Participation Due Process and Criminal Rights and Equal Rights and Personal Liberties Appendixes include a glossary of legal terms an explanation of how to read a legal citation and biographies of the justices The Supreme Court and Individual Rights David G. Savage, 2004 This updated edition examines the impact of Supreme Court decisions on the rights and freedoms of the individual through the 2002 2003 term Focusing primarily on the revolution in constitutional law over the last century the book provides full coverage of the freedoms outlined in the Bill of Rights the right to vote and to engage in political participation the individual s right to due process under the law and modern equality Issues such as affirmative action and rights allowed illegal Immigrants to the United States The Supreme Court and Individual Rights begins with an overview of individual rights and covers four main topics Freedom for Ideas Rights of Political Participation Due Process and Criminal Rights and Equal Rights and Personal Liberties Appendixes include a glossary of legal terms an explanation of how to read a legal citation and biographies of the justices Individual Rights and Liberties Under the U.S. Constitution Ioannis G. Dimitrakopoulos, 2007 Individual Rights and Liberties Under the U S Constitution offers an insightful and detailed summarization of the U S Supreme Court s case law to both American and European scholars and students alike

Before the Civil Rights Revolution John Braeman, 1988-05-13 There is a broad consensus that 1937 marked a turning point in the history of the Supreme Court This is the first comprehensive treatment of the Court s decision making in the civil liberties civil rights sphere in the years preceding that watershed Professor Braeman refutes the widely held assumption that the post 1937 justices were writing upon a largely blank slate in dealing with civil liberties civil rights issues arguing instead that much of what the Modern Court has done when viewed in a long term perspective appears as incremental expansions of precedents laid down by the Old Court *Supreme Court and Individual Rights* David Savage, 2004-03-01 This updated edition examines the impact of Supreme Court decisions on the rights and freedoms of the individual through the 2002 2003 term Focusing primarily on the revolution in constitutional law over the last century the book provides full coverage of the freedoms outlined in the Bill of Rights the right to vote and to engage in political participation the individual s right to due process under the law and modern equality issues such as affirmative action and rights allowed illegal immigrants to the U S The Supreme Court and Individual Rights begins with an overview of individual rights and covers four main topics Freedom for Ideas Rights of Political Participation Due Process and Criminal Rights and Equal Rights and Personal Liberties

Appendixes include a glossary of legal terms an explanation of how to read a legal citation and biographies of the justices

American Federalism and Individual Rights Stephanie Mora Walls, 2021-02-15 The protection of individual rights and the division of power between the national government and the states are core principles upon which American governance is built but how well do these concepts work together and to what extent could they be at cross purposes American Federalism and Individual Rights presents both of these founding concepts and explores their compatibility through policy specific studies including civil rights education marriage equality and physician assisted death Written for anyone interested in American politics the author presents all of the foundational information one would need to make their own assessment of how federalism works to either promote or undermine the protection of the individual in these policy areas along with suggestions for further study Miranda v. Arizona: An Individual's Rights When under Arrest Sue Vander Hook, 2012-08-01

The US Supreme Court is the head of the judicial branch of the federal government It is the highest court in the land with thousands of cases appealed to it every year One of those history making cases was Miranda v Arizona which addressed a person s constitutional rights when accused of a crime Readers will follow this case from beginning to end including the social and political climates that led up to it and the effects it had after the court made its ruling Major players and key events are discussed including Ernesto Miranda and his arrest confession trials and appeals as well as the Miranda Warning and its current effectiveness Compelling chapters and informative sidebars also cover James Madison and the Constitution and Bill of Rights the particulars of the Fifth Sixth and Fourteenth amendments the ACLU and related court cases including the Scottsboro Boys case Johnson v Zerbst Betts v Brady Gideon v Wainwright and others Miranda v Arizona forever influenced laws on crime and law enforcement procedures This landmark Supreme Court case changed the course of US history and shaped the country we live in Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO **Layman's Guide to Individual Rights Under the United States Constitution** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Constitutional Rights, 1962 The result of numerous requests from citizens who wish to know their rights under our Constitution *The Strategic Constitution* Robert Cooter, 2002-04-07 Making amending and interpreting constitutions is a political game that can yield widespread suffering or secure a nation s liberty and prosperity Given these high stakes Robert Cooter argues that constitutional theory should trouble itself less with literary analysis and arguments over founders intentions and focus much more on the real world consequences of various constitutional provisions and choices Pooling the best available theories from economics and political science particularly those developed from game theory Cooter s economic analysis of constitutions fundamentally recasts a field of growing interest and dramatic international importance By uncovering the constitutional incentives that influence citizens politicians administrators and judges Cooter exposes fault lines in alternative forms of democracy unitary versus federal states deep administration versus many elections parliamentary versus presidential

systems unicameral versus bicameral legislatures common versus civil law and liberty versus equality rights Cooter applies an efficiency test to these alternatives asking how far they satisfy the preferences of citizens for laws and public goods To answer Cooter contrasts two types of democracy which he defines as competitive government The center of the political spectrum defeats the extremes in median democracy whereas representatives of all the citizens bargain over laws and public goods in bargain democracy Bargaining can realize all the gains from political trades or bargaining can collapse into an unstable contest of redistribution States plagued by instability and contests over redistribution should move towards median democracy by increasing transaction costs and reducing the power of the extremes Specifically promoting median versus bargain democracy involves promoting winner take all elections versus proportional representation two parties versus multiple parties referenda versus representative democracy and special governments versus comprehensive governments This innovative theory will have ramifications felt across national and disciplinary borders and will be debated by a large audience including the growing pool of economists interested in how law and politics shape economic policy political scientists using game theory or specializing in constitutional law and academic lawyers The approach will also garner attention from students of political science law and economics as well as policy makers working in and with new democracies where constitutions are being written and refined

Liberty and Union Edgar J. McManus, Tara Helfman, 2014-01-21 This the concise edition of Liberty and Union is an abridged constitutional history of the United States designed for short single semester courses comprising the key topics from Volumes 1 and 2 Written in a clear and engaging narrative style it successfully unites thorough chronological coverage with a thematic approach offering critical analysis of core constitutional history topics set in the political social and economic context that made them constitutional issues in the first place Combining a thoughtful and balanced narrative with an authoritative stance on key issues the authors deliberately explain the past in the light of the past without imposing upon it the standards of later generations Authored by two experienced professors in the field this concise edition presents seminal topics while retaining the narrative flow of the two full original volumes An accessible alternative to dense scholarly works this textbook avoids unnecessary technical jargon defines legal terms and historical personalities where appropriate and makes explicit connections between constitutional themes and historical events For students in a short undergraduate or postgraduate constitutional history course or anyone with a general interest in constitutional developments this book will be essential reading Useful features include Full glossary of legal terminology Recommended reading A table of cases Extracts from primary documents Companion website Useful documents provided Declaration of Independence Articles of Confederation Constitution of the United States of America Chronological list of Supreme Court justices
