Surf City Drag City:

Surf City, Drag City Rob Burt, 1986-01 *Surf City* Dean Torrence, 2016-09-13 The Jan and Dean Story is a personal story of the iconic musician and entrepreneur Dean Torrence As a memoir The Jan and Dean Story has elements of humor tragedy and redemption It tells their story from the early high school friendship struck up between Jan Berry and Dean Torrence and their ascent to the dizzying heights of stardom riding the crest of the surf craze The Jan and Dean Story is as much about the culture of the 1960s as it is about music Dean has lived an incredible life and continues to promote a lifestyle and surf culture that is now universally admired and followed throughout the world The story also recounts Jan s tragic car accident and his ability to recover enough to continue to perform will be inspiring to many readers even those not familiar with surf music For pop culture addicts and music buffs alike this book is indispensable As early teen icons Jan and Dean left an indelible mark on the music of the 60 s and the American psyche Dean Torrence is still touring and creating music and often appears with the Beach Boys and other groups from the heyday of surf music *Surf City* Jack Wood, 1995 *Inside the Music of Brian Wilson* Philip Lambert, 2007-03-19 Inside the Music of Brian Wilson is as author Phillip Lambert writes in the prologue completely and intensely focused on the music of Brian Wilson on the musical essence of his songs and the aesthetic value of his artistic achievements It acknowledges the familiar biographical contexts of his songs but it tells completely new stories about the birth and evolution of his musical ideas identifying important musical trends in his work heretofore undisclosed inter song connections within his music or between his music and that of others and the nature and extent of his artistry It aims not just to identify great songs but to explain exactly what makes them so Lambert a renowned musicologist brings to this work to life with both his professional expertise and an infectious personal appreciation of the power of pop music His clear engaging tone and accessible writing style allows even a musically inexperienced reader to follow him as he traces Wilson s musical evolution with a particular focus on the years leading up to the writing and recording of Pet Sounds and SMiLE albums which many consider to be the masterpieces of his oeuvre Inside the Music of Brian Wilson is the definitive book on Wilson s music and is essential reading for fans of Brian Wilson the Beach Boys and great pop music Includes THREE amazing Appendixes Appendix 1 Brian Wilson Song Chronology Appendix 2 Four Freshmen Albums 1955 1961 Appendix 3 Favorite Songs and Influences Through 1961 The most complete song chronology ever published **The Dustbin of History** Greil Marcus, 1995 How much history can be communicated by pressure on a guitar string Robert Palmer wondered in Deep Blues Greil Marcus answers here more than we will ever know It is the history in the riff in the movie or novel or photograph in the actor s pose or critic s posturing in short the history in cultural happenstance that Marcus reveals here exposing along the way the distortions and denials that keep us oblivious if not immune to its lessons Whether writing about the Beat Generation or Umberto Eco Picasso s Guernica or the massacre in Tiananmen Square The Manchurian Candidate or John Wayne s acting Eric Ambler s antifascist thrillers or Camille Paglia Marcus uncovers the

histories embedded in our cultural moments and acts and shows how through our reading of the truths our culture tells and those it twists and conceals we situate ourselves in that history and in the world Rarely has a history lesson been so exhilarating With the startling insights and electric style that have made him our foremost writer on American music Marcus brings back to life the cultural events that have defined us and our time the social milieu in which they took place and the individuals engaged in them As he does so we see that these cultural instances as lofty as *The Book of J* as humble as a TV movie about Jan and Dean as fleeting as a few words spoken at the height of the Berkeley Free Speech Movement as enduring as a Paleolithic painting often have more to tell us than the master narratives so often passed off as faultless representations of the past Again and again Marcus skewers the widespread assumption that history exists only in the past that it is behind us relegated to the dustbin Here we see instead that history is very much with us being made and unmade every day and unless we recognize it our future will be as cramped and impoverished as our present sense of the past
