Surplus People The Fitzwilliam Clearances 1847-1856:

Surplus People Jim Rees, 2014-03-04 The Great Famine in Ireland was a catastrophe of immense proportions. Eviction, emigration and death from starvation were widespread. Landlords eager to dispose of surplus tenants engaged in assisted passages whereby tenants were given financial incentives to emigrate. The clearances of uneconomic tenants from the 85,000-acre Coolattin Estate in County Wicklow by Lord Fitzwilliam were the most organised in Ireland during and after the Famine years. From 1847 to 1856 Fitzwilliam removed 6,000 men, women and children and arranged passage from New Ross in Wexford to Canada on emigrant ships such as the Dunbrody. Most were destitute and many were ill on arrival in Quebec and New Brunswick. Hunger and overcrowding at quarantine stations such as the infamous Grosse Ile resulted in further disease and death. Jim Rees explores this tragedy from why the clearances occurred to who went where and how some families fared in Canada.

Expelling the Poor Hidetaka Hirota, 2017 Expelling the Poor argues that immigration policies in nineteenth-century New York and Massachusetts driven by cultural prejudice against the Irish and more fundamentally by economic concerns about their poverty laid the foundations for American immigration control.

The Kennedy Curse Edward Klein, 2025-09-23 Death was merciful to Jacqueline Kennedy Onassis for it spared her a parent's worst nightmare: the loss of a child. But if Jackie had lived to see her son JFK Jr. perish in a plane crash on his way to his cousin's wedding, she would have been doubly horrified by the familiar pattern in the tragedy. Once again on a day that should have been full of joy and celebration, America's first family was struck by the Kennedy Curse. In this probing expose, renowned Kennedy biographer Edward Klein, a bestselling author and journalist personally acquainted with many members of the Kennedy family, unravels one of the great mysteries of our time and explains why the Kennedys have been subjected to such a mind-boggling chain of calamities. Drawing upon scores of interviews with people who have never spoken out before, troves of private documents, archives in Ireland and America, and private conversations with Jackie, Klein explores the underlying pattern that governs the Kennedy Curse. The reader is treated to penetrating portraits of the Irish immigrant Patrick Kennedy, Rose Kennedy's father, Honey Fitz, the dynasty's founding father, Joe Kennedy, and his ill-fated daughter, Kathleen. President Kennedy, accused rapist William Kennedy Smith, and the star-crossed lovers JFK Jr. and Carolyn Bessette. Each of the seven profiles demonstrates the basic premise of this book: The Kennedy Curse is the result of the destructive collision between the Kennedy's fantasy of omnipotence, an unremitting desire to get away with things that others cannot, and the cold, hard realities of life.

[Social change and everyday life in Ireland, 1850-1922](#) Caitriona Clear, 2013-07-19 Men and women who were born, grew up and died in Ireland between 1850 and 1922 made decisions to train to emigrate, to stay at home, to marry, to stay single, to stay at school, based on the knowledge and resources they had at the time. This is the first comprehensive social history of Ireland for the years 1850-1922 to appear since 1981. It tries to understand that knowledge and to discuss those resources for men and women at all social levels on the island as a whole. Original research, particularly on extreme poverty and public health, is

supplemented by neglected published sources local history journals popular autobiography newspapers Folklore and Irish language sources are used extensively All recent scholarly books in Irish social history are of course referred to throughout the book but it is a lively read reproducing the voices of the people and the stories of individuals whenever it can questioning much of the accepted wisdom of Irish historiography over the past five decades Statistics are used from time to time for illustrative purposes but tables and graphs are consigned to the appendix at the back There are some illustrations An idea summary for the student loaded with prompts for future research this book is written in a non cliched jargon free style aimed at the general reader *Tracing Your Irish Ancestors* John Grenham,2006 **Irish Titan, Irish Toilers** Scott Molloy,2008

In 1847 Joseph Banigan an Irish Potato Famine refugee established himself in Rhode Island as an entrepreneur This was a time when No Irish Need Apply signs abounded and discrimination against the Irish and other immigrants institutionalized in the constitution of his adopted state hindered voting and other human rights Bucking this trend and belying his humble origins Banigan succeeded spectacularly in the emerging local rubber footwear industry becoming the president of the United States Rubber Company one of the nation s major cartels and New England s first Irish Catholic millionaire Backed by primary and secondary research on two continents Molloy s inquiry into Bannigan s notoriety and success singularly codifies and elucidates the Irish American experience during this critical period in American labor history A Short History of

Featuring new material on the Irish Famine which has never been published before this is an accessible and comprehensive history of the period surrounding the famine as well as the horrors endured by the people of Ireland **Migration in Irish**

History 1607-2007 Patrick Fitzgerald,Brian Lambkin,2008-10-27 Migration people moving in as immigrants around as migrants and out as emigrants is a major theme of Irish history This is the first book to offer both a survey of the last four centuries and an integrated analysis of migration reflecting a more inclusive definition of the people of Ireland
