**Teaching Methods of Christ** John Harris, 1984-03-01 A Compendium of Christian Theology William Burt Pope, 1875 A Compendium of Christian Theology: Being Analytical Outlines of a Course of Theological Study, Etc William Theological Encyclopaedia and Methodology George Richard Crooks, John Fletcher Hurst, Karl Rudolf Burt Pope, 1875 All the Messianic Prophecies of the Bible Herbert Lockyer, 1988-09-30 This compendium of all the Hagenbach.1894 prophecies in Scripture concerns the promised Messiah Dr Lockyer's discussion is divided into two sections Specific Messianic Prophecies and Symbolic Messianic Prophecies **The Method of Christian Theology** Rhyne Putman, 2021-05-15 In The Method of Christian Theology Rhyne Putman guides readers through the essential first words of systematic theology Written for entry level theology students this book gives clear suggestions about how to use theological sources how to reason through difficult problems and how to apply theological reflection to paper writing and preaching By studying the foundations of theology readers will be better equipped to serve God's people in whatever ministry they are A Guide to the Gospels William Graham Scroggie, 1948 Acknowledged by many as a classic work of biblical scholarship A Guide to the Gospels by Dr W Graham Scroggie provides a book by book treatment of the foundational New Testament books Every element of the four Gospels is covered under the three divisions of this study The Gospels viewed synthetically The Gospels viewed analytically The Gospels viewed Christologically Filled with a wealth of charts maps and lists A Guide to the Gospels provides a ready source of information analysis and source material for the pastor teacher or Bible student Scroggie s insightful treatment of the English text furnishes the comprehensive scholarship necessary for a thorough grasp of each book of the Gospels Back cover **Building Christian Character** Catherine Barry, 2015-09-24 The main objective of this session is to present these Christian Characters otherwise known as virtues in a way that will compel the students to apply them to their own lives Using a building theme will help you dissect each characteristic and make every nuance count The Lord is never finished working on us in this life we are all in a building program trying to becom more like Jesus Share this with your students Let them know that they are not alone in facing the growing pains of life The more colorful and creative that you get with your lesson the greater the possibility that the students will listen be involved and allow themselves to be molded and changed Dive into these featured characteristics and gain a deeper understanding and appreciation of each of their qualities Listed below are definitions and such to help you present each character in a more complete form Loyalty Confidence Integrity Self Control Patience Compassion Wisdom and Courage *Methods of Bible* Study William Henry Griffith Thomas, 1903 The Church Quarterly Review ,1883 The Divinity of Our Lord and **Saviour Jesus Christ** Henry Parry Liddon, 2021-10-29 Reprint of the original first published in 1869 A Dictionary of Christ and the Gospels James Hastings, 2004-10 The purpose of this dictionary is to give an account of everything that relates to Christ His Person Life Work and Teaching It is in a sense complementary to the Dictionary of the Bible in which of course

Christ has a great place But a dictionary of the Bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything This is first of all a preacher s dictionary The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers And even when the articles have the same titles as articles in the Dictionary of the Bible they are written by new men and from a new standpoint It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain whether directly related to Christ or not Its range however is far greater than that of the Gospels It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world There will be articles on the Patristic estimate of Jesus the Medieval estimate the Reformation and Modern estimates There will be articles on Christ in the Jewish writings and in the Muslim literature Much attention has been given to modern thought whether Christian or anti Christian Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title James Hastings 1852 1922 was a distinguished scholar and pastor He was founder and editor of the Expository Times and is also well known for editing the five volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church
