

EFFECTIVE STRATEGIES FOR TEACHING STUDENTS WITH LEARNING DISABILITIES

Teaching Adults With Learning Disabilities

Nadia Naggar-Smith

Teaching Adults With Learning Disabilities:

Teaching Adults with Learning Disabilities, 1998 **Teaching Adults with Learning Disabilities** Dale R. Jordan, 1996
This series edited by Michael W Galbraith explores issues and concerns of practitioners who work in the broad range of settings in adult and continuing education and human resource development These books provide information and strategies on how to make practice more effective for professionals and those they serve They are written from a practical viewpoint and provide a forum for instructors administrators policy makers counselors trainers managers program and organizational developers instructional designers and other related professionals This book is designed to teach literacy providers and classroom instructors how to recognize specific learning disability LD patterns that block reading spelling writing and arithmetic skills in students of all ages One of the major problems faced by literacy providers is keeping low skill adults involved in basic education programs long enough to increase their literacy skills to the level of success This book will show instructors at all levels and especially instructors in adult education how to modify teaching strategies and curriculum to accommodate the special needs of LD learners **Learning Together : a Handbook for Teaching Adults with Learning Disabilities** British Columbia. Ministry of Advanced Education and Job Training, British Columbia. Ministry of Education, Malaspina College, 1987 Teaching Adults with Learning Disabilities Lori Hollander, Mary Palamar, University of the State of New York. Division of Adult & Continuing Education, 1990 Learning Together : a Handbook for Teaching Adults with Learning Disabilities British Columbia. Ministry of Education. Post-secondary Department, Malaspina College, 1985 **Living with a Learning Disability** Barbara Cordoni, 1990 The author looks at life after school gets out The book presents the kinds of adaptations needed for educating communicating with and parenting the child the adolescent and the young adult with learning disabilities Foreword p ix **Teaching Learning Strategies to Adolescents and Adults with Learning Disabilities** B. Keith Lenz, Edwin Ellis, David Scanlon, 1996 Whatever Works Susan Noyes Spear, Lesley University. School of Education, 2011 Research indicates that significant numbers of adult learners who attend adult basic education ABE programs have learning difficulties and or learning disabilities However most ABE teachers have not been trained to teach students with these complex learning needs This qualitative study conducted through an interpretivist constructivist lens used in depth individual interviews to garner the voices and experiences of ten ABE teachers as they described how they identify and manage the learning needs of their students Results showed that ABE teachers described their practice in terms of how they identified their students learning difficulties their perceptions of their identity and role as an ABE teacher the practical teaching methods they used and ABE system issues that affected their teaching practice Recommendations to promote effective teaching and learning in ABE programs included improving training and professional development for ABE teachers and providing additional resources to support students with learning difficulties in ABE programs Abstract *Learning About Learning Disabilities* Bernice Wong, 2011-10-13 Bernice Wong s Learning about

Learning Disabilities was the first text to give equal attention to the intellectual conceptual and practical aspects of learning disabilities The Third Edition of this popular title presents 80% new material keeping the chapters up to date in this fast moving field With new contributors and seven new chapters coverage is both comprehensive and thorough with three sections encompassing the research aspects of learning disabilities the instructional aspects of learning disabilities and the issues germane to different age ranges of the learning disabled children adolescents and adults Chapters summarizing research on learning disabilities include coverage of ADHD memory language processing social competence self regulation and brain structures as they apply to learning disabilities Chapters focusing on instructional aspects of learning disabilities include coverage of teaching literacy reading comprehension writing and mathematics Readers will find Learning About Learning Disabilities Third edition suitable for use as a reference source for researchers or a graduate level text Reviews from previous editions An undergraduate text that strikes a careful balance between the intellectual psychological and practical aspects of learning disabilities BOOK NEWS INC This text provides a balanced focus on both the conceptual and practical aspects of learning disabilities Its research coverage is more comprehensive and of greater depth than any other LD textbook and it is distinctive in its treatment of such important areas as consultation skills and service delivery CHILD ASSESSMENT NEWS Learning About Learning Disabilities provides a broad overview of some important issues in relation to the education and development of pupils with learning disabilities Wong has succeeded in providing detailed descriptions and comments within a book which covers a broad range of topics Without exception the chapters are clearly written and accessible and many provide the reader with challenging ideas and practical suggestions BRITISH JOURNAL OF SPECIAL EDUCATION Provides a balanced focus on both the conceptual and the practical aspects of learning disabilities Research coverage more comprehensive and of greater depth than any other textbook about learning disabilities The work is distinctive in its treatment of such important areas as consultation skills and service delivery

Teaching Adult English Language Learners Betsy Parrish,2019

Challenging Ableism, Understanding Disability, Including Adults with Disabilities in Workplaces and Learning Spaces Tonette S. Rocco,2011-12-21 Disability can affect adults across the life span and it is the one minority group every person could join This sourcebook aims to broaden the view of disability from a medical or economic concern to a social justice concern It examines practical theoretical and research aspects of disability including those who question disability classifications and situates it as a political and social justice concern technical and pragmatic concern and personal experience The authors present the perspectives of individuals with disabilities service providers parents and teachers and offer analyses that range from the personal to the broadly political This is the 132nd volume in this Jossey Bass higher education quarterly report series Noted for its depth of coverage this indispensable series explores issues of common interest to instructors administrators counselors and policymakers in a broad range of adult and continuing education settings

Technology Use by Adults with Learning Disabilities Jane Seale,2022-05-18 This book

examines the role that technologies play in the lives of adults with learning disabilities It analyses how design and support practices can be used to support access to technology in ways that can enhance opportunities and life experiences Drawing on international literature and the author's own research the book considers what we know about past and present practices of supporting adults with learning disabilities to use technologies It outlines how support practices can offer opportunities to overcome digital inequalities offering a framework of core beliefs and knowledge that can inform future initiatives The book has a particular focus on technologies policies practitioner communities and the characteristics of support practice It also highlights the potential of people with learning disabilities the potential of technology and the potential of the environment to support technology use This important book will be highly relevant reading for academics researchers and post graduate students in the field of special educational needs and disabilities digital education and learning technologies inclusive education and social work
