Teaching Introduction To Womens Studies Expectations And Strategies:

Teaching Introduction to Women's Studies Carolyn DiPalma, Barbara S. Winkler, 1999-10-30 This edited collection addresses the institutional context and social issues in which teaching the women's studies introductory course is embedded and provides readers with practical classroom strategies to meet the challenges raised. The collection serves as a resource and preparatory text for all teachers of the course including experienced teachers, less experienced teachers, new faculty, and graduate student teaching assistants. The collection will also be of interest to educational scholars of feminist and progressive pedagogies and all teachers interested in innovative practices. The contributors discuss the larger political context in which the course has become a central representative of women's studies to a growing although less feminist identified population. Increased enrollments and changes in student population are noted as a result in part of the popularity of Introduction to Women's Studies courses in fulfilling GED and diversity requirements. New forms of student resistance in a climate of backlash and changes in course content in response to internal and external challenges are also discussed. Evidence is provided for an emerging paradigm in the conceptualization of the introductory course as a result of challenges to racism, heterosexism, and classism in women's studies voiced by women of color and others in the 1980s and 1990s. Sensationalist charges that women's studies teachers, including those who teach the Introduction to Women's Studies course, are the academic shock troops of a monolithic feminism are challenged and refuted by the collection's contributors who share their struggles to make possible classrooms in which informed dialogue and disagreement are valued. **A Guide to Teaching**

Introductory Women's and Gender Studies Holly Hassel, Christie Launius, Susan Rensing, 2021-05-10 This book provides a practical evidence based guide to teaching introductory Women's and Gender Studies courses. Based on the findings of a Scholarship of Teaching and Learning project that analyzed 72 Intro students' written work, the authors equip instructors with key principles that can help them adapt their pedagogy to a range of classroom environments. By putting student learning at the center of course design, the authors invite readers to reflect on their own investments in and goals for the introductory course. The book also draws on the authors' combined decades of teaching experience and aims to help instructors anticipate the emotional, intellectual, and interpersonal challenges and rewards of teaching and learning in the introductory WGS course. Chapters focus on course design including identifying desired learning outcomes in terms of course content, skills, and dispositions or habits of mind; choosing course materials; pedagogical activities; and assessing student learning. This book will be an invaluable resource for experienced WGS instructors and those seeking or planning to teach it for the first time, including graduate students and high school teachers. [Handbook of Gender and Women's Studies](#) Kathy Davis, Mary Evans, Judith Lorber, 2006-04-27 This breathtakingly broad interdisciplinary reader demonstrates how widely feminist thinking has spread, how deeply it has shaken settled assumptions in the disciplines, and how much new light it throws on contemporary controversies. Myra Marx Ferree, University of Wisconsin-Madison. A timely intervention and highly engaged

thoughtful and scholarly analysis of the state of gender and women's studies in the West by three eminent feminist scholars. Highly cognisant of the central issues that have fractured, blocked, and enhanced western feminism, Bev Skeggs, Goldsmiths. The comprehensiveness and the interdisciplinary range of themes are impressive and they make the Handbook into a wonderful tool for teachers and students of women's and gender studies. Nina Lykke, Linköping University. Gender and women's studies is one of the most challenging fields within the social sciences; the dynamics of gender relations and the social and cultural implications of gender constructions offer a lively forum of debate. The Handbook of Gender and Women's Studies presents a comprehensive and engaging review of the most recent developments within the field, including the study of masculinity, the feminist implications of postmodernism, the cultural turn, and globalization. The authors review current research and offer critical analyses of women's and gender studies in work, the welfare state, family, education, religion, violence, and war, and feminist global politics. Edited by three leading academics from Europe and the United States and with 25 chapters written by scholars based throughout the world, the Handbook situates the most important debates in the field within a uniquely international and interdisciplinary context. The Handbook is a useful introduction to gender theory and an exciting starting point for fresh debates.

Women's Health and Medicine: Transforming Perspective Alice J. Dan, Sue V. Rosser, 2003-06. A vital collection of essays on women's health and women's health studies edited by leaders in the field.

Handbook for Achieving Gender Equity Through Education Susan S. Klein, Barbara Richardson, Dolores A. Grayson, Lynn H. Fox, Cheris Kramarae, Diane S. Pollard, Carol Anne Dwyer, 2014-05-22. First published in 1985, the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education. This new expanded edition provides a 20-year retrospective of the field, one that has the great advantage of documenting U.S. national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX, the landmark federal law prohibiting sex discrimination in education equity programs and research. Key features include Expertise: Like its predecessor, over 200 expert authors and reviewers provide accurate, consensus research-based information on the nature of gender equity challenges and what is needed to meet them at all levels of education. Content Area Focus: The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters, including mathematics, science, and engineering. Global Diversity Focus: Global gender equity is addressed in a separate chapter as well as in numerous other chapters. The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans, Latinas/os, Asian and Pacific Island Americans, American Indians, gifted students, students with disabilities, and lesbian, gay, bisexual, and transgender students. Action Oriented: All chapters contain practical recommendations for making education activities and outcomes more gender equitable. A final chapter consolidates individual chapter recommendations for educators, policymakers, and researchers to achieve gender equity in and through education. New Material: Expanded from 25 to 31 chapters, this new edition includes more emphasis on male gender equity.

and on sexuality issues special within population gender equity challenges race ability and disability etc coeducation and single sex education increased use of rigorous research strategies such as meta analysis showing more sex similarities and fewer sex differences and of evaluations of implementation programs technology and gender equity is now treated in three chapters women s and gender studies communication skills relating to English bilingual and foreign language learning and history and implementation of Title IX and other federal and state policies Since there is so much misleading information about gender equity and education this Handbook will be essential for anyone who wants accurate research based information on controversial gender equity issues journalists policy makers teachers Title IX coordinators equity trainers women s and gender study faculty students and parents

Feminist Erasures K. Silva,K. Mendes,2015-01-20 Feminist Erasures presents a collection of essays that examines the state of feminism in North America and Western Europe by focusing on multiple sites such as media politics and activism Through individual examples the essays reveal the extent to which feminism has been made in visible and ir relevant in contemporary Western culture

Psychology of Women Florence L. Denmark,Michele A. Paludi,2017-09-21 Updated with findings from the latest research this contributed work on the psychology of women covers global initiatives theories and practical applications in various settings It also addresses best practices of feminist methodologies and teaching psychology of women courses As societal gender standards continue to shift and the capabilities strengths and needs of women become more widely acknowledged and prioritized even as myths regarding women s leadership health and work behavior persist it becomes increasingly important to understand the psychology of women This third edition of Psychology of Women provides updated and expanded coverage of this highly significant and relevant subject through diverse perspectives of internationally known scholars in their disciplines offering synopses of recent research and examinations of key theoretical issues global initiatives and practical applications in the workplace therapy and educational settings A resource ideally suited to students in women s studies and the psychology of women as well as for use as a handbook for scholars faculty members and specialists in fields relating to the psychology of women the book covers specific topics such as women in middle age women s career development and challenges in integrating work and family roles and the ongoing problem of violence against women This latest edition also includes best practices of feminist methodologies and information regarding teaching psychology of women courses and it emphasizes placing value on all women including women of color women with disabilities and lesbian bisexual and transgender women

The Oxford Handbook of Feminist Counseling Psychology Carolyn Zerbe Enns,Elizabeth Nutt Williams,2013 This handbook summarizes the progress current status and future directions relevant to feminist multicultural perspectives in counseling psychology It emphasizes enduring topics within counseling psychology such as human growth and development ethics ecological frameworks and counseling theory and practice Intersectionality social justice and the diverse social identities of women and girls are featured prominently

Feminist Pedagogy in Higher Education Tracy Penny

Light, Jane Nicholas, Renée Bondy, 2015-07-31 In this new collection contributors from a variety of disciplines provide a critical context for the relationship between feminist pedagogy and academic feminism by exploring the complex ways that critical perspectives can be brought into the classroom This book discusses the processes employed to engage learners by challenging them to ask tough questions and craft complex answers wrestle with timely problems and posit innovative solutions and grapple with ethical dilemmas for which they seek just resolutions Diverse experiences interests and perspectives together with the various teaching and learning styles that participants bring to twenty first century universities necessitate inventive and evolving pedagogical approaches and these are explored from a critical perspective The contributors collectively consider the implications of the theory practice divide which remains central within academic feminism's role as both a site of social and gender justice and as a part of the academy and map out some of the ways in which academic feminism is located within the academy today *The Teacher's Body* Diane P. Freedman, Martha Stoddard Holmes, 2012-02-01 These highly personal essays from a range of academic settings explore the palpable moments of discomfort disempowerment and or enlightenment that emerge when we discard the fiction that the teacher has no body Visible and or invisible the body can transform both the teacher's experience and classroom dynamics When students think the teacher's body is clearly marked by ethnicity race disability size gender sexuality illness age pregnancy class linguistic and geographic origins or some combination of these both the mode and the content of education can change Other less visible aspects of a teacher's body such as depression or a history of sexual assault can have an equally powerful impact on how we teach and learn The collection anatomizes these moments of embodied pedagogy as unexpected teaching opportunities and examines their apparent impact on teacher student educational dynamics of power authority desire friendship open mindedness and resistance Podcasts and Feminist Shakespeare Pedagogy Varsha Panjwani, 2022-12-01 Scores of women feel excluded from Shakespeare Studies because the sound of this field whether it is academics giving papers at conferences or actors sharing performance insights is predominantly male In contrast women are well represented in Shakespeare podcasts Noting this trend this Element envisions and urges a feminist pedagogy which entails utilizing podcasts for feminism in Shakespeare pedagogy Through detailed case studies of teaching women characters in *Hamlet* *A Winter's Tale* *The Merchant of Venice* and *As You Like It* and through road tested assignments and activities this Element explains how educators can harness the functionalities of podcasts such as amplification archiving and community building to shape a Shakespeare pedagogy that is empowering for women More broadly it advocates paying greater attention to the intersection of Digital Humanities and anti racist feminism in Shakespeare Studies **Postwar America** James Ciment, 2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower the years following World War II were filled with momentous events and rapid change Diplomatically economically politically and culturally the United States became a major influence around the globe On the domestic front this period witnessed some of

the most turbulent and prosperous years in American history Postwar America An Encyclopedia of Social Political Cultural and Economic History provides detailed coverage of all the remarkable developments within the United States during this period as well as their dramatic impact on the rest of the world A Z entries address specific persons groups concepts events geographical locations organizations and cultural and technological phenomena Sidebars highlight primary source materials items of special interest statistical data and other information and Cultural Landmark entries chronologically detail the music literature arts and cultural history of the era Bibliographies covering literature from the postwar era and about the era are also included as are illustrations and specialized indexes Poverty and Schooling Sue Books, Valerie Polakow, 2001-10-01 This is a special issue of Educational Studies Volume 32 No 3 from 2001 It s main focus is poverty and schooling with two guest editors that have been deeply involved in research and teaching on the problem of children in poverty for many years and bring their considerable expertise to this excellent collection of scholarship and reviews **Cyberactivism** MARTHA MCCAUGHEY, Michael Ayers, 2013-08-21 Cyberactivism is a timely collection of essays examining the growing importance of online activism The contributors show how online activists have not only incorporated recent technology as a tool for change but also how they have changed the meaning of activism what community means and how they conceive of collective identity and democratic change Topics addressed range from the Zapatista movement s use of the web to promote their cause globally to the establishment of alternative media sources like indymedia org to the direct action of hacktivists who disrupt commercial computer networks Cyberactivism is essential reading for anyone interested in understanding the impact of the Internet on politics today **NWSA Journal** ,2002 G.K. Hall Women's Studies Index ,2001 **Resources in Women's Educational Equity** ,1979 **American Educational Research Association Annual Meeting Program** American Educational Research Association,2000 *The Psychology of Women* Margaret W. Matlin,2004 Appropriate for students from a wide variety of backgrounds this comprehensive text captures women s own experiences through direct quotations and an emphasis on empirical research Resources in Education ,1999
