Jesus and His Jewish Parables Brad Young, 1989 Jesus and his Jewish Parables presents a fresh approach to the gospel parables and their rabbinic counterparts The author Brad H Young demonstrates that the parables must be studied as a unique genre of teaching which is preserved only in rabbinic literature and in the gospels He sets out to show a very close association between the teachings of Jesus and early Jewish pedagogical methods In a radical new conclusion Young maintains that the kingdom of heaven theme so essential for a proper understanding of Jesus message is not an eschatological concept designed to forewarn of imminent catastrophe but rather a technical term Jesus employed to speak of God's reign as a present reality among those who have accepted the call to obey the divine will Page 4 of cover
