Esoteric Lessons for the First Class of the School of Spiritual Science at the Goetheanum Rudolf

Steiner,2020-11-04 During the refounding of the Anthroposophical Society as the General Anthroposophical Society at Christmas 1923 24 Rudolf Steiner also reconstituted as the School of Spiritual Science the Esoteric School he had led in three classes from 1904 to 1914 at the same time extending its scope by adding artistic and scientific Sections However owing to his illness and later death in March 1925 he was only able to make a beginning by establishing the First Class and the Sections The actual step from the Esoteric School to the School of Spiritual Science was nevertheless an exceptional one The Esoteric School from Helena Blavatsky s time had been secret Its existence was known only to those personally invited to participate In contrast the existence of the School of Spiritual Science was stated openly in the public statutes of the General Anthroposophical Society From the Christmas Conference onwards Rudolf Steiner worked within this publicly acknowledged framework The Class Lessons comprise a complete spiritual course of nineteen fundamental lessons given between February and August 1924 several lessons given at other locations and seven further lessons from September 1924 which take up the themes of the first part of the nineteen lessons in a modified form This authentic accurate and high quality bilingual edition with English and German texts printed side by side is published in conjunction with the School of Spiritual Science at the Goetheanum A compact four volume clothbound set it features plates with Rudolf Steiner s handwritten notes of the mantras and reproductions of his original colour blackboard drawings The translations of the mantric verses have been reworked by a committed group of translators linguists and editors expressing subtleties of meaning grammatical accuracy and poetic style whilst retaining the original sound and metre of the German mantric forms Three versions of the existing English translations are also included

soul's path into the spiritual world This figure Selg argues is far too little understood in our time He is a spiritual being of great significance who offers help to all earnest seekers This book represents an ongoing effort on the part of Peter Selg and the leaders of the General Anthroposophical Section at the Goetheanum to deepen and internalize the work with the Class Lessons for all members of the School for Spiritual Science This book is comprised of translations of texts originally published in German by Verlag des Ita Wegman Instituts Die Auseinandersetzung mit dem Besen Zur Schulung der Ersten Klasse Hochschulvorträge Band 1 2019 Die Sprache des Hinters Zur Schulung der Ersten Klasse Hochschulvorträge Band 2 2020

Experiences From the Threshold and Beyond Are Thoresen, 2019-10-01 There is a physical world which we all accept as real but there is also a spiritual world which interpenetrates this material world and is its cause and foundation Between these two worlds exists a threshold that can be felt seen clairvoyantly traversed and passed through by anyone with a real desire to do so At this threshold there is a guardian whose task is to stop humans from passing across it unprepared From the Introduction Based on first hand knowledge Are Thoresen offers insights into the meaning of the threshold to the spiritual world He describes his own experiences in encountering this threshold and going beyond it But there are many thresholds to the spiritual world he says and many ways to pass them as there are many aspects to the guardian of the threshold and versions of the so called animals at the threshold The worlds beyond too have a variety of different constructions or as the Bible says In my Father s house are many mansions The author describes the methods and techniques for opening the spiritual sense organs required to cross the threshold and clarifies the differences between Imagination seeing spiritual pictures Inspiration understanding those pictures and Intuition living inside the spiritual reality Structuring the book on his own biography Thoresen conveys many of the lessons he has learnt through decades of familiarity with the invisible dimensions However he warns that there is only one good reason to attempt to cross the threshold and that is to serve God and humanity in the name of love If we do it out of curiosity or to enhance our personal development it would be better not to try ARE THORESEN was born in Norway in 1952 A doctor of veterinary medicine he has also studied anthroposophic medicine homeopathy acupuncture osteopathy and agriculture Since 1981 he has run a private holistic practise in Sandefjord Norway for the healing of small animals and horses as well as people He has lectured widely specializing in veterinary acupuncture and has published dozens of scholarly articles In 1984 he started to treat cancer patients both human and animals and this work has been the focus of much of his recent research He is the author of *Demons and Healing* and several other books on complementary medicine published in various languages *The School of Spiritual Science* C.
