**I Still Do - Tips for Saving Your Marriage, Preventing Divorce and Rekindling that Flame** Joshua Osenga, 2014-06-05 Marriage is one of the most significant aspects of living and is the significant commitment two people can make in love and in life Becoming husband and wife is beautiful and unifies two people in celebration of their relationship However this commitment isn't easy It is a lot of work and the relationship needs a lot of attention and care Therefore entering into marriage is a serious step to take and should be given a lot of thought Due to the complexities of marriage it is not unusual for couples to experience marital problems along the way However many couples ignore these problems thinking that these aren't severe enough to cause significant damage This is where things can go wrong You must remember that letting problems accumulate unsolved build up into big roadblocks in your relationship and can eventually destroy it So if you find that you're in serious trouble and are afraid that your marriage is falling apart is there anything you can do to actually turn it around Well in reality there is With a positive attitude and taking steps that we'll discuss here you can be proactive and save your marriage with the one you love Marriage is a wonderful life commitment that needs your constant nurturing and efforts If you are currently down and out and feel that your marriage is irreparable don't lose hope There are things you can still do things that are effective and plausible given the right amount of motivation and hard work Remember that at the root of your marriage is love So use this love to motivate you to move forward and risk yourself to save your relationship and to become stronger and better as a couple Fearing failure won't help you so take that leap of faith do what you need to do and more often than not you will reap the rewards
