examines the complex ways that gender and race shaped a liberation movement propelled by the Caribbean evolution of an African spiritual ethos Jeanne Christensen proposes that Rastafari represents the most recent reworking of this spiritual ethos referred to as African religiosity The book contributes a new perspective to the literature on Rastafari and through a historical lens corrects the predominant static view of Rastafari women In certain Rastafari manifestations a growing livity developed by RastaMen eventually excluded women from an important ritual called Reasoning a conscious search for existential and ontological truth through self understanding performed in a group setting Restoring agency to the RastaWoman Christensen argues that RastaWomen intimately in touch with this spiritual ethos challenged oppressive structures within the movement itself They skirted official restrictions speaking out in public and written forums whenever such avenues presented themselves and searched for their own truth through conscious intentional self examination characteristic of the Reasoning ritual With its powerful theoretically informed narrative Rastafari Reasoning and the RastaWoman Gender Constructions in the Shaping of Rastafari Livity will appeal to students and scholars interested in religious transformation resistance movements gender issues critical race studies and the history and culture of the English speaking Caribbean

Enhancing Teacher Education, Development, and Evaluation Alyson L. Lavigne, Thomas L. Good, 2019-03-26 Enhancing Teacher Education Development and Evaluation examines the complex role that recent educational reforms have played in the teaching profession The failure of programs like Race to the Top to benefit teaching and learning outcomes has yielded many questions about what went wrong and how a research based plan for true systemic progress could actually work Covering inaccurate narratives about schools and student achievement evidence for teacher effectiveness and the history and repercussions of Race to the Top this book culminates with a proposal for future research and policy initiatives that more accurately and more equitably prioritize the measurement and improvement of teaching and learning Five concise yet comprehensive chapters invite teacher and principal educators teachers and school leaders in training district administrators policymakers and other stakeholders to better understand the implications of and possible paths beyond misguided reform efforts An overview of the recent past and an inspiration for the immediate future this definitive analysis offers insights into how more reasonable empirically derived strategies will ultimately foster more successful schools
