Technique In The Tales Of Henry James:

Technique in the Tales of Henry James Krishna Baldev Vaid, 1964 No detailed description available for Technique in the Tales of Henry James *Techniques in the Tales of Henry James*, 1964 **The Method of Henry James** Joseph Warren Beach, 1918 *Hermeneutic Desire and Critical Rewriting* M. Cornis-Pope, 1991-12-01 Starting from a comprehensive examination of current poststructuralist and sociosemiotic theories of narrative this book formulates an interactive model of literary interpretation and pedagogy emphasising process critical self awareness and strategies of rereading rewriting A literary pedagogy premised on the concept of rewriting the author argues will enable readers to experience the process of narrative and critical construction creatively **Handbook of the American Short Story** Erik Redling, Oliver Scheiding, 2022-01-19 The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media Part I provides systematic overviews of significant contexts ranging from historical political backgrounds short story theories developed by writers print and digital culture to current theoretical approaches and canon formation Part II consists of 35 paired readings of representative short stories by eminent authors charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age The handbook examines historically methodologically and theoretically the coming together of the enduring narrative practice of compression and concision in American literature It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture Henry James's Portrait of the Writer as Hero Sara S Chapman, 1990-02-12 One of the subjects of deepest and most enduring interest to Henry James was the creative experience of writers and critics This study examines James's fictions about this experience placing them within the context of James's critical work and enabling the reader to see this body of work as James himself did as a coherent extended portrayal of the creative experience of the writer critic *An Anatomy of The Turn of the Screw* Thomas Mabry Cranfill, Robert Lanier Clark, 2014-06-30 The ambiguous intent of Henry James's horror story *The Turn of the Screw* has fascinated and divided its readers since its publication in 1898 The division arises between the apparitionists and the nonapparitionists in interpretation of the plot and the characters Thomas Mabry Cranfill and Robert Lanier Clark Jr have here taken up the argument and made an interpretation of their own The authors carefully considered the mountainous critical comment studied James's statements regarding his intent and minutely scrutinized the story itself After all this probing of opinions and following of clues and observing of human beings in action they have come out strongly on the side of the nonapparitionists The authors base their conclusion on analyses of character centrally that of the governess whom they consider the protagonist of the fearsome drama but peripherally those of Mrs Grose the children the uncle in Harley Street and even the deceased Miss Jessel and Peter Quint Relentlessly they relate

every episode action and speech to the character of the governess and her relationships with those around her at Bly picturing her as a psychological case whose abnormal mental state brings to those around her the inescapable misery they all suffer The authors analysis unfolds as interestingly in terms of character and motive as if the reader did not already know what happens in James s much read story It moves moreover with something of the same suspense as James s horror tale although the tension is intellectual rather than emotional Each additional disclosure of evidence the resolution of each situation and the clarification of every puzzling ambiguity builds the analysis step by inevitable step to its inescapable conclusion The style of the analysis is graceful urbane and witty The introduction gives an excellent appraisal of literary comment on James s story and an illuminating summary of the literary war over the meaning of it the bibliography provides an impressive list of books and articles on this subject annotated to indicate in what particular ways each makes a contribution to the controversy

Stories, Meaning, and Experience Yanna B. Popova, 2015-06-26 This is a book about the human propensity to think about and experience the world through stories Why do we have stories How do stories create meaning for us and How is storytelling distinct from other forms of meaning making are some of the questions that this book seeks to answer Although these and other related problems have preoccupied linguists philosophers sociologists narratologists and cognitive scientists for centuries in *Stories Meaning and Experience* Yanna Popova takes an original interdisciplinary approach situating the study of stories within an enactive understanding of human cognition Enactive approaches to consciousness and cognition foreground the role of interaction in explanations of social understanding which includes the human practices of telling and reading stories Such an understanding of narrative makes a decisive break with both text centred approaches that have dominated structuralist and early cognitivist views of narrative meaning as well as pragmatic ones that view narrative understanding as a form of linguistic implicature The intersubjective experience that each narrative both affords and necessitates the author argues serves to highlight the active yet cooperative and communal nature of human sociality expressed in the numerous forms of human interaction of which storytelling is one Narrative

BOOK JACKET **Twentieth-century Short Story Explication** Warren S. Walker, 1961 **Twentieth-century Short Story Explication**, 1967 The purpose of this work is to provide a bibliography of short story explication published from 1900 through 1966 in books monographs and periodicals Preface Story-Telling Techniques in the Arabian Nights David Pinault, 1992 This work comprises a literary comparison of surviving alternative versions of selected narrative cycles from the Nights Pinault draws on the published Arabic editions especially Bulaq MacNaghten and the fourteenth century Galland text recently edited by Mahdi as well as unpublished Arabic manuscripts from libraries in France and North Africa The study demonstrates that significantly different versions have survived of some of the most famous tales from the Nights Pinault notes how individual manuscript redactors employed and sometimes modified formulaic phrases and traditional narrative topoi in ways consonant with the themes emphasized in particular versions of a tale He also examines the redactors modification of earlier sources Arabic chronicles and Islamic religious treatises geographers accounts and medieval legends for specific narrative goals Comparison of the narrative
