Soft Touch

**Luca Saba, Warren M. Rozen, Alberto
Alonso-Burgos, Diego Ribuffo**

Soft Touch:

Delicate Pasquale De Marco, 2025-07-11 Pasquale De Marco's *Delicate* is a profound and transformative exploration of the multifaceted nature of gentleness. This thought-provoking guide invites readers to embrace the power of kindness, empathy, and vulnerability to cultivate a more compassionate, fulfilling, and meaningful life. In a world that often values aggression and self-interest, gentleness is a radical act. It is a way of resisting the forces that divide us and creating a more just and harmonious society. When we practice gentleness both in words and actions, we not only benefit ourselves but also those around us. Pasquale De Marco draws inspiration from a diverse range of sources, including ancient wisdom, modern psychology, and personal experiences, to offer a comprehensive understanding of gentleness. Each chapter explores a different facet of gentleness, providing practical exercises, meditations, and journaling prompts to help readers integrate these principles into their daily lives. Whether you are seeking to cultivate greater self-compassion, improve your relationships, or make a positive impact on the world, *Delicate* will provide you with the tools and inspiration you need. This book is not simply a collection of theories and concepts; it is a practical guide to living a more gentle life. With each step you take on this path, you will not only transform your own life but also contribute to creating a more harmonious world. Pasquale De Marco invites you to embrace the transformative power of gentleness and embark on a journey of self-discovery, personal growth, and positive change. *Delicate* is an invaluable resource for anyone seeking to live a more compassionate, fulfilling, and meaningful life. It is a book that will resonate with readers of all backgrounds and walks of life, inspiring them to make a positive difference in the world through the power of gentleness. If you like this book, write a review [extra](#).

Franziska Morlok, Till Beckmann, 2013-02-12 Graphic designers who wish to work with print finishes like blind embossing and phosphorescent ink constantly face the same problem: there are no compelling examples of the available techniques. They must either turn to existing books which only present them in photographs and make it impossible to experience their tactile qualities, or to samples in advertising brochures put out by individual printing presses which are so focused on the technology that their visual and haptic appeal is lost. This is where *extra* comes in: it uses sensuously experienced examples to present the most important finishing techniques practically and theoretically in variants and experimental combinations. Thirty internationally renowned designers created pages especially for this book as a basis for explaining the special design and technical features of each technique with an in-depth exploration of its possible uses. Additional articles deal with general issues such as planning and costing a finish or its mode of operation. With its large amount of information, it's easy to navigate; structure and a glossary make this book an indispensable reference work on print finishing. At the same time, its experimental character and high-quality design make it a source of inspiration for everyone with an interest in the subject. Designers of the show pages in alphabetical order: 123buero, Antoine Manuel, Catalogtree, Drushba, Pankow, Fanette, Mellier, Fons, Hickmann, m23, Hans Gremmen, Hort, Sarah, Illenberger, Jung, Wenig, Karlsson, Wilker, inc, Hoon, Kim, Hort, Yang, Liu, Mario, Lombardo, LUST, Thomas.
