The Great War, 1914-1918 Ian Frederick William Beckett, 2001 The Great War scarred both the people and the popular imagination of Europe No previous war matched it in scale brutality and futility The course of events has been told many times spurred by an endless desire to understand the war to end all wars However this impressive book moves beyond military narrative to offer a much fuller analysis of the conflict's impact strategic political social and cultural Starting with the context and origins of the war including assassination misunderstanding and differing national war aims it then covers the treacherous course of the conflict and its social consequences Mobilisation had a massive impact both on soldiers and female civilians producing radical changes to people's way of life which stimulated political change Science and technology created a new brand of industrialised warfare and were accelerated by the imperative of victory The insecurity and strain of war created dissidence and mutiny engendering revolution in Germany Austria Hungary and Russia The war left a long term legacy for victors and vanquished alike It created new frontiers and changed the balance of power influenced the arts national memory and political thought The reach of this account is global showing how a conflict amongst European powers came to involve their colonial empires and embrace Japan China the Ottoman Empire Latin America and the United States This is a bold and original book offering a thematic study of a war that was famously and quite rightly labelled as the seminal event of the twentieth century Ian Beckett is Professor of History Luton University UK "The Great War," 1914-1918 Betty Debnam, 2007 *Australian national bibliography*, 1961 **Adventures of a Soldier in the Great War 1914 - 1918 and Some of His Poems** David Yuille, 2012-09-01 The author volunteered for the army in August 1914 and the first two chapters of his book give an almost day to day account of his adventures as a private in the trenches He was introduced to warfare and trained as a Lewis gunner before the battle of Loos He took part in the battle itself and in the heavy fighting afterwards In 1916 he was sent to Blighty for an appendix operation and after training he became a Second Lieutenant In a third chapter he describes how he cut his teeth as an officer in Palestine and returned to France in May 1918 for more heavy fighting In
