## **Solution Focused Pastoral Counseling:**

**Solution-Focused Pastoral Counseling** Charles Allen Kollar, 2010-06-15 This groundbreaking book now updated and expanded furthers its original effective time saving approach that benefits pastors overtaxed by counseling demands Dr Charles Kollar presents a departure in pastoral counseling showing that counseling need not be long term or depend on psychological manipulation to produce dramatic results In most cases the solution lies with the counselees themselves Using the tested methods found in Solution Focused Pastoral Counseling pastors apart from counselors will be well equipped to help their counselees discover a solution and put it in motion speedily and productively SFPC is short term typically one to five sessions in which the counselor seeks to create solutions with not for the counselee The focus is on the possibility of life without the problem through an understanding of what is different when the problem does not occur or is less intrusive The goal is healthy change sooner rather than later by helping the counselee see and work on the solution with God's activity already present in his or her life The solution focused approach does not require the counselor to be a highly trained psychological expert It requires biblically based sensitivity and common sense Yet this approach also recognizes its limitations and understands that there are situations in which other professional and or medical help is required

Solution-focused Pastoral Counseling Charles Allen Kollar, 2011 This text presents a new mode of pastoral counseling showing that counseling need not be long term or depend on psychological manipulation to produce dramatic results Pastors will be well equipped to help their counselees discover a solution and put it in motion speedily and productively

Simon Shui-Man Kwan,2016-04-26 How Christian is Christian counselling In what ways should one s counselling practice be conducted in order to fulfil one s role as a Christian counsellor Is there a counselling practice that truly penetrates into the secular approaches while remaining faithful to the Christian traditions of healing What are the theological roots of secular counselling How may secular counselling both reinforce and challenge the Christian faith In answering these questions this book engages readers to navigate between two frames of reference one Eastern secular social scientific and modern the other Western Christian theological and traditional At levels of both theory and practice this book undertakes to integrate synthesize hybridize revise dichotomize and antagonize the two It proposes a revised presence centred counselling approach which may serve as a perspective that helps us to see things in more depth as we shuttle back and forth between the two frames This book thus negotiates a revised presence centred form of counselling that is theologically grounded social scientifically informed and cross culturally sensitive As the author s counselling practice proceeds mainly in societies where Chinese is the majority the cross cultural examinations and proposals offered in this book have been bred in a space where Chinese culture meets the Christian Protestantism in particular West This book is an outgrowth of the author s experience

teaching Christian counselling courses for 17 years and his 30 year clinical practice experience in places where East meets West namely Hong Kong and South China Guangdong Province

**The Quick Theory Reference Guide** Karin Jordan, 2007

Since the beginning of the concepts of family therapy mental health professionals have known that the family the system is a powerful source of support for change or a powerful force for resistance to change Some professionals work with individuals some with families and some with groups However all work with the context of the systems family group community country etc Students especially beginning students are overwhelmed and confused at the variety of approaches to working with clients Many programs introduce students to individual as well as systems concepts in the course of training Students need assistance in learning this variety of theories They need to be able to compare and contrast theories and techniques to determine when and where to utilise the best skills in order to facilitate client change Dr Karin Jordan has compiled a comprehensive text that enables the students to discover each theory as it is presented in its purist form The text is accessible yet the content provides comprehensive knowledge of each theory Dr Jordan has brought together the master educators and clinicians in our fields to write about their particular expertise

The beach has always been a safe place for me where the concerns of life all but disappear One late afternoon I was walking directly into the sun I barely noticed its final descent toward the horizon As I glanced back I caught my shadow It seemed so big my heart was imprisoned by an imperfect replica an emotional stalker seen only as I turned away from the suns radiance It was then I realized when I walk facing the Light I will see no shadow Only a life lived out from the shadow will experience the grandeur of God the Accusers maligning voice will be stilled That day I came to grasp that the shadow of a persons past is not how God sees any of His children Dr Effler writes with clarity biblical expertise personal counseling experience and a passion for each minister to succeed in Christ This book will change your life in a marvelous way Bill Leonard PhD BCCC BCCTR Center for Ministerial Care and Director Church of God International Headquarters

Western culture and many of its churches and pastors are enamored by the assumption that life s most difficult problems call for in depth psychological treatment This book offers a different model of care than the dominant perspectives of modern psychology to those who have the responsibility of pastoral counseling While there are a number of models and training programs for Christian lay counselors this work is original in its application of the Solution Focused approach to training lay members The fundamental value of this book is as a guide for ministers in equipping the members of their congregations to care for one another It is in caring

for and being cared for by others that we truly discover the joy of living in God's community

**Introduction to Pastoral Counseling** Loren Townsend, 2009-06-01 Grounded in empirical research and richly illustrated with case studies this introduction continues the theoretical practical and theological expansion of Pastoral Care and Counseling Because of increasing cultural diversity and the fact that more training is done outside of seminaries in non seminary related colleges and universities there is fragmentation in the discipline This makes a coherent orientation to pastoral care and counseling as a ministry increasingly difficult To address this confusion author Loren Townsend calls us to readdress basic understandings He also makes the case that pastoral identity can function as a unifying concept
