Spooky Hour:

Spooky Hour Tony Mitton, 2004 The midnight spooks come around when the bell in the rickety tower bongs twelve times

In Another World Gopa Guha, 2023-01-17 STOP Sophie's scream shook Sandeep to the core and he slammed on the brake. They came to a screeching halt. What happened? But Sophie didn't have to answer; the roaring landslide thundered down and the path ahead vanished before their eyes. How did you know? The shock and bewilderment were mutual. Sophie had no idea what happened. She knew something had warned her but what? What was this voice she heard in her head? There was something about her that she herself didn't understand. Why did the outhouse give her an uneasy feeling? There's a deep secret in the house, a mystery she couldn't fathom. She needed to plan her every move. Something within her told her she needed to be more careful. She sensed something diabolical in the house.

Introducing Python Bill Lubanovic, 2019-11-06 Easy to understand and fun to read, this updated edition of *Introducing Python* is ideal for beginning programmers as well as those new to the language. Author Bill Lubanovic takes you from the basics to more involved and varied topics, mixing tutorials with cookbook-style code recipes to explain concepts in Python 3. End-of-chapter exercises help you practice what you've learned. You'll gain a strong foundation in the language, including best practices for testing, debugging, code reuse, and other development tips. This book also shows you how to use Python for applications in business, science, and the arts, using various Python tools and open-source packages.

St. Nicholas, 1906 Ascendancies Bruce Sterling, 2014-12-30 Two dozen tales of future shock and twisted history from an undisputed king of cyberpunk science fiction, including Nebula Award finalists *Sunken Garden* and *Dori Bangs*. *Time* magazine describes Bruce Sterling as one of America's best-known science fiction writers and perhaps the sharpest observer of our media-choked culture working today in any genre. Sterling's abilities are on full display in *Ascendancies*, a collection of speculative fiction from a world-class world-building futurist, alternate historian, and mad prophet operating at the peak of his extraordinary powers. Here are twenty-four stories that span the illustrious career of the author, who along with William Gibson and Neal Stephenson injected the word cyberpunk into the science fiction lexicon. These tales not only traverse galaxies and employ mind-boggling technologies; they also cut back across the centuries into a richly imagined past with style and a sharp satiric edge. Sterling's unparalleled imagination and courageous originality carry the reader into the future universe of the warring Shapers and Mechanists, rival sects of exiled humanity with radically opposed views of human augmentation. Several stories feature the questionable adventures of the footloose con man Leggy Starlitz in a somewhat skewed and still dangerous post-Cold War world. Sterling explores the cyberpunk trope of technology gone wild and the resultant decline of civilization with appropriate gravity while presenting parables of strangers stuck in very strange lands in a more whimsical vein. Whether chronicling an alien's encounter with Crusaders in disputed Palestine, depicting the discovery of the key to immortality in a nineteenth-century Times Square magic shop, or portraying bicycles and bad guys in a near future Tennessee, Sterling's stories are smart, surprising genre-bending.
