Sport And Violence In Europe:

Sport and Violence in Europe Dominique Bodin, Luc Robène, Stéphane Héas, 2005-01-01 This book aims to pull together the main themes relevant to the relationship between sport and violence using information from the media court reports statistics and research The topics covered include football grounds and violence the links between sport politics and violence the way it is treated in the media violence directed at minority groups and the economic perspective *Violence in Europe* Sophie Body-Gendrot, Pieter Spierenburg, 2010-07-10 Has violence changed over the centuries Has it always held the same meanings for us Will it always be a given in society Taking the sociocultural long view Violence in Europe analyzes the prevalence and role of violence from street crime to terrorist attacks homicide to genocide in the evolution of human and national behaviour The editors and 14 colleagues in history anthropology sociology and psychology focus on Northern and Western Europe examining centuries of violent phenomena from the cultural logic of the Middle Ages to today's soccer riots and security alerts The contributors examination of social constructions honour codes class and gender roles and public ambivalence acceptance abhorrence fascination regarding violence sheds needed light on current dynamics in law enforcement political systems and what many have termed the civilization of violence Findings from Britain France Ireland Belgium and Scandinavia explore The paradoxes of ethnic violence and insider outsider thinking in an increasingly multicultural world Trends in interpersonal violence during wartime and peacetime The gendering of violence from early French marital laws to London's underground nightlife The growth of cities modernization conflict aggression Modern prevention and surveillance strategies effective solutions complicating the problem or some middle ground Reflecting innovative methods of research and interpretation Violence in Europe is thought provoking and instructive for researchers and students in psychology and criminology And with the mounting global presence of violence today this is reading with profound implications for the future Research Handbook on EU Sports Law and Policy Jack Anderson, Richard Parrish, Borja García, 2018-07-27 The EU's influence on sport has traditionally focused on the socio economic and cultural impact This Research Handbook on EU Sports Law explores the development of the European dimension in sport and the concomitant legal issues including competition law state aid and free movement of persons The application of such areas of EU law to sport and the influence of EU law on key policy issues such as doping match fixing and governance are detailed in this comprehensive collection The topical chapters by experts in their field also touch upon the future evolution of EU sports law **Sport and violence in Europe**, 2005 Hooliganism violent behavior in stadiums a notable increase in racist and xenophobic attitudes doping corruption cheating wheeling and dealing has sport lost its fun side and become a serious social activity Can it escape the influence of big business and political interference Does its prominence in the media give rise to violent expression Young people who no longer recognise social values have turned sport into a means of expressing the distress and problems they are facing in their own lives Does the often dubious relationship between sport business and

politics and the glorification of performance as a universal model lead to an economic and mental form of violence Dominique Bodin Luc Rob ne St phane H as **Insecurities in European Football and Supporter Cultures** Jan Andre Lee Ludvigsen,2025-02-06 Against the backdrop of the recent and renewed political and policy interest in the safety and security in European football contexts this book examines the ways in which the regulation of insecurities in European football has been advanced by European institutions and organizations and contested by football supporters from the 1980s to the present day This book therefore produces an updated empirical but theoretically informed account of how insecurities in football have been responded to and countered on a European level through expressions of power and counter power By drawing on material from interviews and analyses of international legal texts policy documents and historical football fanzines *Insecurities in European Football and Supporter Cultures* uses European football as a window to understand wider processes of in security and the regulation of cultures social groups and contested spaces Utilizing perspectives from contemporary sociology and critical security studies this book produces the argument that as institutions risk focused logics and precautionary principles have been embedded in the attempts to secure European football it is simultaneously possible to observe a reflexive culture of contestation that has matured across four decades in European football *Insecurities in European Football and Supporter Cultures* is an important fascinating and timely reading for anybody with an interest in the sociology of sport football security studies surveillance social theory and sport studies *European Commission White Paper on Sport* Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee,2008 The European Commission white paper on sport published on 11 July 2007 was referred to the Culture Media and Sport Committee for an opinion by the European Scrutiny Committee The white paper consists of three policy discussions on the social value of sport the economic value of sport and the organisation of sport Various action points emerge from the discussions and with the white paper these form the Action Plan Pierre de Coubertin included as an appendix to this report There is a lack of competence for sport under existing EU treaties though not under the Reform or Lisbon treaty The report examines the content of the white paper and sport and EU law in detail The Committee believes that sport has distinctive characteristics that need to be taken into account in the application of EU law Much of the white paper is useful in exploring scope for using existing networks and programmes to support participation in sport But the Committee does not believe there is any justification or necessity for the Commission to take a more active role in driving the development of policy on sport and notes the alarm created by the lack of a clear statement on the autonomy of sports organisations Governing bodies of sport should have the freedom to decide for themselves how their sport is run **Sports Fan Violence in North America** Jerry Middleton Lewis,2007 This extensively researched book addresses sports fan violence sociologically using both theoretical models and empirical data Jerry M Lewis draws from theoretical approaches based on the collective behavior models of Neil J Smelser and Clark McPhail in order to show how to study fan violence using the intensive case history method This method is

then applied to an in depth analysis of the Ohio State Michigan football celebration riot in 2002 and the Boston Red Sox celebration riot in 2004 The book concludes by proposing solutions for the prevention and control of sports fan violence Book jacket **Sport, Violence and Society** Kevin Young,2019-03-28 In this fully updated and revised new edition of his landmark study of violence in and around contemporary sport Kevin Young offers a comprehensive sociological analysis of an issue of central importance within sport studies The book explores organised and spontaneous violence both on the field and off and calls for a much broader definition of sports related violence to include issues as diverse as criminal behaviour by players abuse within sport and exploitative labour practices Offering a sophisticated theoretical framework for understanding violence in a sporting context and including new case studies and updated empirical data from professional soccer in Europe to ice hockey in North America the book establishes a benchmark for the study of violence within sport and wider society Through close examination of often contradictory trends from anti violence initiatives in professional sports leagues to the role of the media in encouraging hyper aggression the book throws new light on our understanding of the socially embedded character of sport and its fundamental ties to history culture politics social class gender and the law This new edition also recognises burgeoning new literatures such as research examining concussion and the link between sport and mental illness and includes student friendly pedagogical aids such as critical thinking questions at the end of each chapter **Sport Violence and Society** is a vital read for anyone studying or working in the areas of the Sociology of Sport Sport Psychology Ethics and Philosophy of Sport Sport and Politics Sports History and Sport and the Media **Introduction to International and European Sports Law** Robert C.R. Siekmann,2012-04-23 The book is an introduction to sports law in particular

International worldwide and European EU sports law The chapters are all put in the perspective of the innovative sports law doctrine that is developed and presented in the opening chapter on what sports law is After a general coverage of the core concept of sport specificity that is whether private sporting rules and regulations can be justified notwithstanding they are not in conformity with public law the book covers the following specific main themes of International and European Sports Law capita selecta comparative sports law competition law and sport the collective selling of TV rights sports betting Social Dialogue in sport sport and nationality professional football transfer rules anti doping law in sport transnational football hooliganism in Europe international sports boycotts In this book association football soccer is the sport that is by far most on the agenda It is the largest sport in the world and most popular all over the globe The elite football in Europe is a day to day commercialized and professionalized industry which makes it a perfect subject of study from an EU Law perspective

Football Hooliganism in Europe A. Tsoukala,2009-01-29 Providing the first EU wide study of the way football hooliganism has been defined by academics law makers and enforcers and the media since the 1960s this book examines the regulation and policing of the phenomenon which has been influenced by security related developments within post bipolar Europe **Sport, Statehood and Transition in Europe** Ekain Rojo-Labaien,Álvaro Rodríguez Díaz,Joel

Rookwood,2020-05-04 This book examines the political significance of sport and its importance for nation state building and political and economic transition across thirteen post Soviet and post socialist countries primarily located in Eastern Europe Adopting a critical case study approach building on historical and comparative frameworks the book uses sport as a symbolic lens through which to examine the transition of Eastern European countries to the Western capitalist system Covering a wide geographical area from Poland to the Caucasus and Turkmenistan it explores key themes such as nationalism governance power relations political ideology separatism commercialisation and economic development and the symbolic value of mega events Sport Statehood and Transition in Europe is fascinating reading for anybody with an interest in sport policy the politics of sport or political science **Sport, Representation and Evolving Identities in Europe** Philip Dine,Seán Crosson,2010 Sport annually mobilizes millions of people across Europe as practitioners in a wide variety of competitive educational or recreational contexts and as spectators who are physically present or following events through the mass media This book presents original research into modern sport funded by the Irish Research Council for the Humanities and Social Sciences Its aim is to examine the distinctive contribution made by this complex phenomenon to the construction of European identities Attention is focused on sport s social significance as a set of mass mediated practices and spectacles giving rise to a network of images symbols and discourses The book seeks to explore and ultimately to explain the processes of representation and mediation involved in the sporting construction and subsequent renegotiation of local national and increasingly global identities It offers a survey of key developments in sporting Europe from the mid nineteenth century to the present and from the Atlantic to the Urals presenting findings by acknowledged international experts and emerging scholars at the level of individuals communities regions nation states and Europe as a whole in both its geographical and political incarnations Its focus on representation offers a broadly conceived and consciously inclusive approach to issues of Europeanness in modern and contemporary sport *Ethics and Sport in Europe* Dominique Bodin,Gaelle Sempé,2011-01-01

Defending ethics in sport is vital in order to combat the problems of corruption violence drugs extremism and other forms of discrimination it is currently facing Sport reflects nothing more and nothing less than the societies in which it takes place However if sport is to continue to bring benefits for individuals and societies it cannot afford to neglect its ethical values or ignore these scourges The major role of the Council of Europe and the Enlarged Partial Agreement on Sport EPAS in addressing the new challenges to sports ethics was confirmed by the 11th Council of Europe Conference of Ministers responsible for Sport held in Athens on 11 and 12 December 2008 A political impetus was given on 16 June 2010 by the Committee of Ministers with the adoption of an updated version of the Code of Sports Ethics Recommendation CM Rec 2010 9 emphasising the requisite co ordination between governments and sports organisations The EPAS prepared the ministerial conference and stepped up its work in an international conference organised with the University of Rennes which was attended by political leaders athletes researchers and officials from the voluntary sector The key experiences described in

the conference and the thoughts that it prompted are described in this publication All the writers share the concern that the end result should be practical action particularly in terms of the setting of standards that falls within the remit of the EPAS and promotes the Council of Europe's core values

Etude Des Législations Nationales Relatives Au Sport en Europe André-Noël Chaker, 1999-01-01

The Prevention of Violence in Sport Manuel Comeron, Council of Europe, 2002-01-01 This is the first in a series of publications which consider different themes covered by the Council of Europe's projects on violence prevention in everyday life It looks at the issue of spectator violence in sport in particular football hooliganism As this problem becomes international generating similar problems in Europe and throughout the world a common co-ordinated preventive response is required This book examines a number of initiatives designed to explore solutions for developing integrated preventive activities that can be adapted to local needs
