Friedman, 2020 Sports and particular sporting events have been prominent subjects for American films from Edison s kinetograph shorts of the 1890s to the seemingly endless Rocky franchise Yet though we recognize the sports film as a profitable popular entertainment vehicle these films do not preclude their function as grounds of discourse of defining issues in class race gender and sexuality Major cultural controversies are in one form or another ongoing components of the ever changing montage of sports depicted in

movies The Sports Film argues that while sports films usually affirm athletic completion as meritocracy they simultaneously point out the failure of society in general to operate in the same manner Lester D Friedman pushes forward his argument by discussing the history of the sports film and then focusing individual chapters on the most popular American sports baseball basketball football and boxing Movies analyzed include A League of their Own Remember the Titans Million Dollar Baby and more

**Contesting Identities** Aaron Baker,2003 Publisher's description Since the earliest days of the silent era American filmmakers have been drawn to the visual spectacles of sports and their compelling narratives of conflict triumph and individual achievement In Contesting Identities Aaron Baker examines how these cinematic representations of sports and athletes have evolved over time from The Pinch Hitter and Buster Keaton's College to White Men Can't Jump Jerry Maguire and Girlfight He focuses on how identities have been constructed and transcended in American society since the early twentieth century Whether depicting team or individual sports these films return to that most American of themes the master narrative of self reliance Baker shows that even as sports films tackle socially constructed identities such as class race ethnicity sexuality and gender they ultimately underscore transcendence of these identities through self reliance In addition to discussing the genre's recurring dramatic tropes from the populist prizefighter to the hot headed rebel to the manly female athlete Baker also looks at the social and cinematic impacts of real life sports figures from Jackie Robinson and Babe Didrikson Zaharias to Muhammad Ali and Michael Jordan

**Sports Movies** Lester D. Friedman,2020-03-13 From Rocky to Field of Dreams sports movies are among the most beloved of American films Revolving around familiar narratives like the underdog story these movies have generated modern day legends reinforcing and disseminating our national myths about the American Dream In Sports Movies Lester D Friedman describes the traditional formulas that have made these movies such crowd pleasers including stock figures like the disgraced athlete on a quest for redemption or the wise old coaches who help mentor the heroes to victory He also explores how the genre's attitudes have changed over time especially in key issues like class race masculinity and women in sports Along the way he takes stock of sports films from the dawn of cinema's silent era to the present day including classic baseball movies like Pride of the Yankees and Bull Durham basketball movies like Hoosiers and He's Got Game football movies like Friday Night Lights and Rudy and boxing movies like Raging Bull and Million Dollar Baby As Friedman's analyses reveal not only do sports movies influence our perceptions about the drama of real life sports but they also help to shape our attitudes toward the competitive ethos in American life

**The Ultimate Book of Sports Movies** Ray Didinger,2010-06-29 Guys love movies Especially sports movies where every underdog has his day every team achieves glory and every hero gets his moment of redemption Next to watching Monday Night Football there's nothing more enjoyable than plopping down on the couch with the remote and a bottle of beer and firing up the special edition DVD of

**Hollywood Sports Movies and the American Dream** Grant Wiedenfeld, 2022 Through the heart of Hollywood cinema runs an unexpected current of progressive politics Sports movies a genre that has flourished since the mid seventies evoke the American dream and therefore represent the nation to itself in idealized form Once considered mere credos for Reaganism's fantasies of an atomized society movies from Rocky 1976 to Ali 2001 dream of democratic participation and recognition more than individual success for in every case off field relationships take precedence over on field competition Arranged chronologically Hollywood Sports Films and the American Dream is a critical study of six major sports films that re tells the story of multiculturalism's gradual adoption in the latter third of the 20th century and rewrites contemporary understandings of the sports film For author Grant Wiedenfeld the mainstream's first minority heroes are paradoxically white ethnic rural working class men exemplified by Rocky Slap Shot 1977 and The Natural 1984 and Black brown and women characters follow in White Men Can't Jump 1992 A League of Their Own 1992 and Ali But despite their insistence on community and diversity these popular dramas show limited faith in civic institutions and point to the limits of inclusion and participation in the post Civil Rights era Hannah Arendt Jeffrey Alexander and others inform Wiedenfeld's original analysis and commentary on the political significance of popular culture as he insists on the cinema's capabilities as an engine for democracy untethered from more conventional democratic institutions Reading these familiar movies from another angle paints a fresh picture of how the United States has imagined democracy since its bicentennial and renews the political efficacy of one of the most popular genres in film history

**The US Sports Film: A Genre of American Dream Time** Danny Gronmaier, 2022-12-05 Sports and film are media that create time They are temporal not only in the sense that they are defined and regulated by certain temporalities as a result of processes of social negotiation but also in the sense of modulating and intervening in these processes in the first place They are determined by multiple temporalities referring to and aligning along perceptual corporeality but at the same time they also produce time through and along temporalities of bodily expression and perception Thus as much as we perceive and understand sports and film by means of our culturally coded conceptions of time this comprehension is itself already the product of these media's fabrication and modulation of certain audiovisual imaginations of time This book examines these imaginations with regard to US team sports feature films understanding the former as the latter's constitutive conflict which makes these films graspable

as a genre in the first place By addressing temporality as an ever new crystallization of a heroic past and an unattainable future in a saturated yet volatile present this conflict connects substantially to the American Dream as an idea of community building historicity Departing from a non taxonomic approach in genre theory and such philosophical recognition of the American Dream as less an ideological narrative but more a social and socially effective imaginary embedded in an audiovisual discourse of time this book demonstrates the interrelation of sports cinema and American subjectivization along close readings of the poetics of affect of five exemplary sports films FIELD OF DREAMS WE ARE MARSHALL KNUTE ROCKNE ALL AMERICAN JIM THORPE ALL AMERICAN MIRACLE      Sports on Film Johnny D. Boggs,2021-10-11 Sports on Film takes readers behind the scenes of how movies get made and puts them in the stands for some of the key moments in sports in America Sports on Film documents key events in American sports history through the films that depict them starting with the integration of major league baseball when Jackie Robinson signed with the Brooklyn Dodgers Other significant events and personalities examined include the college basketball point shaving incident of the 1950s journalist George Plimpton s attempt to go through the Detroit Lions NFL training camp in the early 1960s the originations and popularity of rodeo the brief run of women s professional baseball during World War II the underdog racehorse Seabiscuit during the Great Depression the rise of African American boxer Muhammad Ali the unique 1970s Battle of the Sexes tennis event between Bobby Riggs and Billie Jean King and Ford Motor Company s run in the 1960s to take motorsports to Europe s premier event in Le Mans France      **The Sports Film** Bruce Babington,2014-03-18 After covering the genre s early history and theorizing its general characteristics this volume then focuses on specific instances of sports films such as the biopic the sports history film the documentary the fan film the boxing film and explores issues such as gender race spectacle and silent comedy Four major films are then closely analysed Chariots of Fire Field of Dreams the Indian cricket epic Lagaan and Oliver Stone s Any Given Sunday While recording American film s importance to the genre the book resists the conventional over concentration on American cinema and sports by its attention to other cinemas for example the British Indian Australian South Korean Thai German New Zealand Spanish and so on with the many different sports they depict      **Encyclopedia of Sports Films** K Edgington,Thomas Erskine,James M. Welsh,2010-12-29 Whether chronicling an athlete s rise fall and redemption or following a team s improbable triumph on the field sports have been a favorite theme of filmmakers almost since movies were first produced And whether focusing on soccer Bend It Like Beckham boxing Rocky and its sequels hockey Slap Shot baseball Bull Durham football The Longest Yard basketball Hoosiers cycling Breaking Away or tennis Wimbledon such films capture the competition and thrill of sport All major films with a primary focus on athletic endeavor are contained in Encyclopedia of Sports Films In this volume more than 200 fictional feature length movies released between 1925 and 2010 are described including comedies dramas and biopics While the focus is on Hollywood productions independent films and foreign releases are also represented Though boxing and baseball films have tended to dominate the genre many other

sports are also included here including skiing curling and cricket Arranged alphabetically by title each main entry contains a synopsis of the film principal production information and a critical analysis In addition to the main entries credits and brief descriptions for more than 200 films are also provided DVD and VHS distributors are included if available Appendixes include made for television movies documentaries and films based on or inspired by true events and persons For teachers who wish to incorporate films into their lesson plans as well as librarians ordering titles for their patrons Encyclopedia of Sports Films will be a valuable resource *All-Stars and Movie Stars* Ron Briley, Michael K.
