Twentieth-Century Southern Literature J. A. Bryant Jr.,2021-11-21 Authors discussed include Wendell Berry Erskine Caldwell Truman Capote Ralph Ellison William Faulkner Shelby Foote Zora Neal Hurston Bobbie Ann Mason Cormac McCarthy Flannery O Connor William Styron Anne Tyler Alice Walker Robert Penn Warren Eudora Welty Tennessee Williams Thomas Wolfe Richard Wright and many more By World War II the Southern Renaissance had established itself as one of the most significant literary events of the century and today much of the best American fiction is southern fiction Though the flowering of realistic and local color writing during the first two decades of the century was a sign of things to come the period between the two world wars was the crucial one for the South s literary development a literary revival in Richmond came to fruition at Vanderbilt University a group of young men produced *The Fugitive* a remarkable controversial magazine that published some of the century s best verse in its brief run and the publication and widespread recognition of Faulkner among others inaugurated the great flood of southern writing that was to follow in novels short stories poetry and plays With more than forty years of experience writing and reading about the subject and friendships with many of the figures discussed J A Bryant is uniquely qualified to provide the first comprehensive account of southern American literature since 1900 Bryant pays attention to both the cultural and the historical context of the works and authors discussed and presents the information in an enjoyable accessible style No lover of great American literature can afford to be without this book Southern Writers

Joseph M. Flora, Amber Vogel, 2006-06-21 This new edition of *Southern Writers* assumes its distinguished predecessor's place as the essential reference on literary artists of the American South. Broadly expanded and thoroughly revised, it boasts 604 entries, nearly double the earlier edition's written by 264 scholars. For every figure, major and minor, from the venerable and canonical to the fresh and innovative, a biographical sketch and chronological list of published works provide comprehensive, concise, up-to-date information. Here, in one convenient source, are the South's novelists and short story writers, poets and dramatists, memoirists and essayists, journalists, scholars, and biographers from the colonial period to the twenty-first century. What constitutes a southern writer is always a matter for debate. Editors Joseph M. Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense. New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication, as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition, a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners, *Southern Writers* is an indispensable reference book for anyone intrigued by the subject. **Appalachian**

Women Sidney Saylor Reynolds, 2021-10-21 Appalachian women have been the subject of song, story, and report for nearly two centuries. Now, for the first time, a fully annotated bibliography makes accessible this large body of literature. Works covered include novels, short stories, magazine articles, manuscripts, dissertations, surveys, and oral history tapes, altogether over 1,200 items. The annotated listings are grouped under broad subject headings, including biography, coal mining, education, fiction, health care, industry, migrants, music, poetry, and religion. An author-title-subject index provides easy access to the listings. **Conversations with Kentucky Writers**, 1996 **Home and Beyond** Morris Allen Grubbs, 2013-04-06 A bountiful smorgasbord of classic and lesser-known stories by accomplished Kentucky writers who provide a feast for readers of modern short fiction. Ann Charters, author of *The Story and Its Writer*. With an introduction by Wade Hall Morris Grubbs, has sifted through vintage classics, little-known gems, and stunning debuts to assemble this collection of forty stories by popular and critically acclaimed writers. In subtle and profound ways, they challenge and overturn accepted stereotypes about the land their authors call home, whether by birth or by choice. Kentucky writers have produced some of the finest short stories published in the last fifty years, much of which focuses on the tension between the comforts of community and the siren-like lure of the outside world. Arranged chronologically from Robert Penn Warren's *Blackberry Winter* to Crystal E. Wilkinson's *Humming Back Yesterday*, these stories are linked by their juxtaposition of departures and returns, the familiar and the unknown, home and beyond. The story of the Commonwealth of Kentucky is told and retold by a mixed but balanced chorus of voices that sings like the wind down the ridges and along the creekbeds. *Appalachian Journal* Readers needn't be from Kentucky to appreciate these stories. Prepare to be wowed by these superior examples of the form. *The Bloomsbury Review*. From Robert Penn Warren to Bobbie Ann Mason, Kentucky hatches writers like other states create tourist traps. The
