Digital Currents Rena Bivens,2014-01-01 Rena Bivens takes the reader inside TV newsrooms to explore how news organisations are responding to the paradigmatic shifts in media and communication practices **The Gospel of John in Cultural and Rhetorical Perspective** Jerome H. Neyrey,2009-11-10 Johns Gospel has been studied and evaluated and interpreted constantly by theologians throughout the ages Can anything more possibly be said Jerome Neyrey says it can indeed by interpreting it in two fresh ways by means of ancient rhetoric and by viewing it in its cultural context In order to find patterns and concepts that have a bearing on how to read John Neyrey examines the rhetoric of praise and blame described in the ancient encomium the Greek commonplace on noble death rules for rhetorical conclusions and Jewish background materials He then uses materials from cultural anthropology such as the effects of limited good and envy secrecy and brokerage Even innocent topics such as time and space have much to say about interpreting the figure of Jesus In viewing John through these two lenses *The Gospel of John in Cultural and Rhetorical Perspective* brings the book into clear focus as a truly maverick gospel *The Middle Kingdom Under the Big Sky* Mark T. Johnson,2022-05 2023 Caroline Bancroft History Prize from the Denver Public Library 2023 WHA W Turrentine Jackson Award From the earliest days of non Native settlement of Montana when Chinese immigrants made up more than 10 percent of the territory s population Chinese pioneers played a key role in the region s development But this population so crucial to Montana s history remains

underrepresented in historical accounts and popular attention to the Chinese in Montana tends to focus on sensational elements exoticizing Chinese Montanans and distancing their lived experiences from our modern understanding The Middle Kingdom under the Big Sky seeks to recover the stories of Montana's Chinese population in their own words and deepen understanding of Chinese experiences in Montana by using a global lens Mark T Johnson has mined several large collections of primary documents left by Chinese pioneers translated into English here for the first time These collections spanning the 1880s through the 1950s provide insight into the pressures the Chinese community faced from family members back in China and from non-Chinese Montanans as economic and cultural disturbances complicated acceptance of Chinese residents in the state Through their own voices Johnson reveals the agency of Chinese Montanans in the history of the American West and China
