Spring Of Contemplation A Retreat At The Abbey Of Gethsemani:

The Springs of Contemplation Thomas Merton, 2025-09-23 In the Sixties Merton invited a group of contemplative women cut off by inflexible rules from any analysis of important movements in the Church and the world to make a retreat with him at his abbey in Kentucky What he and they said on such themes as Zen a Way of Living Life Directly Prophetic Choices and The Feminine Mystique is the text of this book **The Living Church** ,1997 **Habits of Devotion** James M. O'Toole, 2018-07-05 For generations American Catholics lived out their faith through countless unremarkable routines Deep questions of theology usually meant little to them but parishioners clung to deeply ingrained habits of devotion both public and private Particular devotions changed over time waxing or waning in popularity but the habits endured going to mass on Sunday saying prayers privately and teaching their children to do the same filling their homes with crucifixes and other religious images participating in special services blending the church's calendar of feast and fast days with the secular cycles of work and citizenship negotiating their conformity or not to the church's demands regarding sexual behavior and even diet It was religious practice carried out in daily and weekly observance that embodied their faith more than any abstract set of dogmas from the Introduction In Habits of Devotion four senior scholars take the measure of the central religious practices and devotions that by the middle of the twentieth century defined the ordinary week to week religion of the majority of American Catholics Their essays investigate prayer devotion to Mary confession and the Eucharist as practiced by Catholics in the United States before and shortly after the Second Vatican Council **Contemplative Prayer at Work in Our Lives** Geoff Colvin, 2021-05-24 While many practicing Christians are relatively satisfied with their prayer life others are not The latter often find their prayer practice has dried up Their traditional forms of prayer at churches have become routine and empty In a very real sense there is a void in their spiritual lives They want a deeper union with God yet experience an unsettling estrangement with their current pathway in prayer In *Contemplative Prayer at Work in Our Lives* Geoff Colvin draws on his own experiences studies of spiritual literature and participation in retreats and meditation groups to unravel the challenging practice of contemplative prayer a unique form of meditation involving very few words in silence and stillness Contemplative prayer centers on the fundamental belief that God dwells not only in the world at large but also at the center of our being This book offers Christians an approach for understanding contemplative prayer followed by hands on detail for developing and sustaining a practice that hopefully leads to a richer and fuller spiritual journey to union with God *In the School of Prophets* Ephrem Arcement, 2015-03-31 The distinctive prophetic quality of Thomas Merton's spirituality shaped by figures ranging from the Hebrew prophets to Thich Nhat Hanh emerges from this fresh examination of the works Merton read responded to and celebrated in his own writing In *the School of Prophets* examines the final decade of Merton's life mainly through the lens of his journals and letters and helps to fill a gap in contemporary Merton studies William Blake and various Latin American poets novelists Boris Pasternak Albert Camus and William Faulkner existentialists S ren Kierkegaard

and Gabriel Marcel monks of the Egyptian desert and Bernard of Clairvaux number among those who helped shape Merton's prophetic consciousness leading him to reexamine what it means to be both a human being and a contemplative monk of the twentieth century

Scutchfield, Paul Evans Holbrook Jr., 2014-11-12 This study affords an entirely new view of the nature of modern popular entertainment American vaudeville is here regarded as the carefully elaborated ritual serving the different and paradoxical myth of the new urban folk It demonstrates that the compulsive myth making faculty in man is not limited to primitive ethnic groups or to serious art that vaudeville cannot be dismissed as meaningless and irrelevant simply because it fits neither the criteria of formal criticism or the familiar patterns of anthropological study Using the methods for criticism developed by Susanne K Langer and others the author evaluates American vaudeville as a symbolic manifestation of basic values shared by the American people during the period 1885 1930 By examining vaudeville as folk ritual the book reveals the unconscious symbolism basic to vaudeville in its humor magic animal acts music and playlets and also in the performers and the managers which gave form to the dominant American myth of success This striking view of the new mass man as a folk and of his mythology rooted in the very empirical science devoted to dispelling myth has implications for the serious study of all forms of mass entertainment in America The book is illustrated with a number of striking photographs
