**Index and Finding List of Serials Published in the British Isles, 1789-1832** William S. Ward, 2014-07-15 Growth of interest in the periodical literature of the past has emphasized increasingly the need for specialized hand lists a need which the American Union List of Serials the British Union Catalogue of the Periodical Publications in the University Libraries of the British Isles and other existing indexes cannot answer To satisfy one area of this need William S Ward has compiled a near definitive index and finding list of periodicals and newspapers of the English Romantic period In it are reflected the holdings of almost eleven hundred American Canadian and British libraries and newspaper offices The volume is also the first to list titles and library locations of all the newspapers magazines and other serials published in the British Isles during the years between the French Revolution and the Great Reform Bill **Union List of Serials in Libraries of the United States and Canada** Winifred Gregory Gerould, Harry Miller Lydenberg, Daniel Carl Haskell, 1927 British Periodicals and Romantic Identity M. Romantic Identity explores how periodicals such as the Edinburgh Blackwood's and the Westminster became the repositories and creators of public opinion. In addition, Schoenfield examines how particular figures both inside and outside the editorial apparatus of the reviews and magazines negotiated this public and rapidly professionalized space. Ranging from Lord Byron whose self-identification as lord and poet anticipated his public image in the periodicals to William Hazlitt equally journalist and subject of the reviews, this engaging study explores both canonical figures and canon makers in the periodicals and positions them as a centralizing force in the consolidation of Romantic print culture.

**Romantic Periodicals in the Twenty-First Century** Mason Nicholas Mason, 2020-09-04. Maps a coherent subfield of Romantic periodical studies through studying the trailblazing Blackwood's Edinburgh Magazine. An introduction by two established scholars that articulates a case for the more sustained systematic study of Romantic periodicals and justifies the volume's focus by retracing Blackwood's emergence as the era's most innovative influential and controversial literary magazine. Features eleven essays modelling how the wide-ranging commentary reviews and original fiction and verse published in Blackwood's during its first two decades 1817-37 might meaningfully inform many of the most vibrant contemporary discussions surrounding British Romanticism. Contributes to field-wide bicentenary celebrations and reappraisals both of Blackwood's and the authors and works including Shelley's *Frankenstein*, Byron's *Don Juan* and Keats's *Poems* whose reputations the magazine helped shape. This book pioneers a subfield of Romantic periodical studies distinct from its neighbours in adjacent historical periods. Eleven chapters by leading scholars in the field model the range of methodological, conceptual and literary historical insights to be drawn from careful engagements with one of the age's landmark literary periodicals, Blackwood's Edinburgh Magazine. Engaging with the research potential unlocked by new digital resources for studying Romantic periodicals, they argue that the wide-ranging commentary reviews and original fiction and verse published in Blackwood's during its first two decades 1817-37 should inform many of the most vibrant contemporary discussions surrounding British Romanticism.

**The Form of Poetry in the 1820s and 1830s** David Stewart, 2018-01-08. The 1820s and 1830s, the gap between Romanticism and Victorianism, continues to prove a difficulty for scholars. This book explores and recovers a neglected culture of poetry in those years and it demonstrates that culture was a crucial turning point in literary history. It explores a uniquely wide range of poets including the poetry of the literary annuals, Letitia Landon, Felicia Hemans, Robert Browning, Samuel Taylor Coleridge, Thomas Hood and John Clare, placing their work in the light of new research into the conditions of the literary market. In turn, it uses that culture to open up wider theoretical issues relating to literary form, book history, print culture, gender and periodisation. The period's doubt about poetry's place in culture and its capacity to last prompted a dazzling range of creative experiments that reimagined the metrical material and commercial forms of poetry.
