Women in Early America Dorothy Auchter

Mays, 2004-11-23 This volume fills a gap in traditional women's history books by offering fascinating details of the lives of early American women and showing how these women adapted to the challenges of daily life in the colonies. *Women in Early America: Struggle, Survival, and Freedom in a New World* provides insight into an era in American history when women had immense responsibilities and unusual freedoms. These women worked in a range of occupations such as tavernkeeping, printing, spiritual leadership, trading, and shopkeeping. Pipe smoking, beer drinking, and premarital sex were widespread. One of every eight people traveling with the British Army during the American Revolution was a woman. The coverage begins with the 1607 settlement at Jamestown and ends with the War of 1812. In addition to the role of Anglo-American women, the experiences of African, French, Dutch, and Native American women are discussed. The issues discussed include how women coped with rural isolation, why they were prone to superstitions, who was likely to give birth out of wedlock, and how they raised large families while coping with immense household responsibilities.

Last Resort Beyond Last Resort Walter Herbst, 2025-04-29 John F Kennedy was an embattled president He was consistently at odds with the Joint Chiefs the CIA the radical right and Fascist groups in America and Western Europe who considered him too weak to contain the spread of communism After the Cuban Missile Crisis the animosity for the young President grew as JFK cracked down on right wing Cuban exile groups in America by preventing them from running sabotage raids against the Cuban mainland Confusion reigned for at the same time Robert Kennedy was putting together a coalition of left wing Cuban exiles to launch a second invasion of Cuba at the end of 1963 Meanwhile a right wing Cuban exile group operating independently of the Kennedys was looking to assassinate JFK which they believed would be a catalyst to compel the United States to invade Cuba with its military in retaliation The plan could have worked because of Lee Harvey Oswald He was a Marxist and Castro supporter who had defected to the Soviet Union in 1959 had renounced his citizenship and had revealed military secrets to the Russians He allegedly tried to shoot right wing General Edwin Walker was a member of the pro Castro Fair Play for Cuba Committee and in the summer of 1963 he was arrested in New Orleans for handing out pro Castro literature in public He traveled to Mexico City and tried to reach Havana two months before the JFK assassination He wrote a letter to the Russian Embassy in Washington D C upon his return saying he used an alias while he was in Mexico He was measured as 5 9 tall during his autopsy which was two inches shorter than when he left the Marines four years before All this made him the perfect patsy to be used to justify a second invasion of Cuba So why didn t the United States invade Cuba after the JFK assassination when they had the opportunity to do so once and for all The answer to that question is West Berlin the gateway to Western Europe and a city President Kennedy was determined to protect at all costs even if it meant sacrificing Cuba to the Communists And a second invasion of Cuba placed Berlin in jeopardy so it could not be allowed to happen Another group came together in the spring of 1963 made up of CIA right wing Cold War veterans like Allen Dulles James Angleton Henry Hecksher William Harvey and Tracy Barnes These men had fought the Nazis during World War but came to consider them the lesser of two evils compared to the Soviet Union when the war was over And they were hell bent on keeping communism out of Europe by any means possible For over a decade leading up to JFK s Presidency they had collaborated with ex Nazis European Monarchists and French military Fascists in the war against communism to keep Europe safe So it was not surprising that they all came together once again to assassinate President Kennedy not to justify an invasion of Cuba but to prevent that from occurring They knew that if a second invasion of Cuba were to happen the Soviets

would take West Berlin which would almost certainly have led to World War III So as a Last Resort Beyond Last Resort this group inevitably concluded that the only choice they had was to remove JFK from power before it was too late And mixed up in the middle of it all was Lee Harvey Oswald Plato's Dreams Realized Aleksandr Vladimirovich Avakov,2006 In this study of the philosophical and political nature of law morality rights and security a Russian dissident shares his experience with the KGB and then with the US national security state and details the history of political surveillance in the US
