Sociology of Law Qiliang Wang, 2022-03-08 This book based on extensive ethnographic material analyzes the complex relationships between the law and various social controls helping to answer the question of how social order is formed Formal law exists in a web of complex structures and meanings Accordingly legal study must take into account multiple types of order allowing us to understand in depth the strengths and weaknesses reasonable and absurdity and successes and failures of the law In addition the interactions of numerous actors shape the structure and context of the law Exploring these aspects while also highlighting diverse informal non state norms that influence day to day social practices and which have never been replaced by modern laws the book offers an insightful resource for all readers who are interested in the practice of Chinese law or in the connections between culture society and the law

The Sociology of Community Connections John G. Bruhn, 2011-07-18 Many of our current social problems have been attributed to the

breakdown or loss of community as a place and to the fragmentation of connections due to an extreme value of individualism in the Western world particularly in the United States Not all scholars and researchers agree that individualism and technology are the primary culprits in the loss of community as it existed in the middle decade of the 20th century Nonetheless people exist in groups and connections are vital to their existence and in the daily performance of activities The second edition of the Sociology of Community Connections will identify and help students understand community connectedness in the present and future **Sociology** John Stimson, Ardyth Stimson, 1983 **Perspectives on Marital**

Dissolution Sharon Ee Ling Quah, 2015-05-08 This book presents a sociological account on marital dissolution that engages and extends theorisations on individualisation and the contemporary organisation of personal relationships to discuss how the experience of divorce might not be all debilitating but on the contrary could provide opportunities for productivity self responsibility and relationship formation Using Singaporean divorcees narrative accounts the book explores how divorcees shape and construct what the author refers to as a divorce biography to end their unsatisfying marriages cope with the crisis negotiate the associated risks organise post divorce personal communities and make future plans It uncovers how divorcees navigate their divorce biographies within the economic policy and social context they are located in and examines the conditions that facilitate or hinder the pursuit of productivity in different facets of their post divorce lives Far from a standard story of divorce this book presents the diversity and complexity of Singaporean divorce biographies The research challenges negative discourses associated with divorce and offers a more nuanced perspective by discussing both the precarious and productive aspects of the experience More importantly it provides a critical discussion on the limited definition of family prevalent in Singaporean society and shows how post divorce family life and practices continue to thrive despite the rupture of marriage Social Media in China Wenbo Kuang, 2018-08-29

Ryan, Ray Hutchison, Mark Gottdiener, 2018-05-04 Widely recognized as a groundbreaking text *The New Urban Sociology* is a broad and expert introduction to urban sociology that is both relevant and accessible to the student. A thought leader in the field, the book is organized around an integrated paradigm: the sociospatial perspective, which considers the role played by social factors such as race, class, gender, lifestyle, economics, culture, and politics on the development of metropolitan areas. Emphasizing the importance of space to social life and real estate to urban development, the book integrates social, ecological, and political economy perspectives and research through a fresh theoretical approach. With its unique perspective, concise history of urban life, clear summary of urban social theory, and attention to the impact of culture on urban development, this book gives students a cohesive conceptual framework for understanding cities and urban life. In this thoroughly revised 5th edition, authors Mark Gottdiener, Ray Hutchison, and Michael T. Ryan offer expanded discussions of created cultures, gentrification, and urban tourism and have incorporated the most recent work in the field throughout the text. *The New Urban Sociology* is a necessity for all courses on the subject. *Directory of American Fulbright Scholars*, 1985 **The New Urban Sociology** Mark Gottdiener, Randolph Hohl, Colby King, 2019-05-17 Widely recognized as a groundbreaking text *The New Urban Sociology* is a broad and expert introduction to urban sociology that is both relevant and accessible to students. Organized around an integrated paradigm: the sociospatial perspective, this text examines the role played by social factors such as race, class, gender, lifestyle, economics, and culture on the development of metropolitan areas and integrates social, ecological, and political economy perspectives and research into this study. With its unique perspective, concise history of urban life, clear summary of urban social theory, and attention to the impact of culture on urban development, this book gives students a cohesive conceptual framework for understanding cities and urban life. The sixth edition of *The New Urban Sociology* is a major overhaul and expansion of the previous editions. This edition is packed with new material, including an expansion of the sociospatial approach to include the primary importance of racism in the formation of the urban landscape, the spatial aspects of urban social problems including the issues surrounding urban public health and affordable housing, and a brand new chapter on urban social movements. There is also new material on the importance of space for social groups, including immigrants and the LGBTQ community, as well as the gendered meanings embedded in social space. **Income Inequality and Poverty in Malaysia** Shireen Mardziah Hashim, 1998 This thorough analysis of Malaysia's economic expansion evaluates the success of the government's New Economic Policy (NEP), which was designed to promote national unity by reducing poverty as well as by loosening the link between ethnicity and economic function. The first comprehensive analysis of income distribution trends after the inauguration of the NEP, the study also considers interethnic, urban, rural, and regional variations over time. Although there have been significant reductions in poverty and income inequality, Hashim uses previously unpublished data to show that both are still rampant.
