

SOOCRATES

THE PERSON AND THE PORTENT

Socrates The Person The Portent

Gary Dorrien

Socrates The Person The Portent:

SOCRATES: The Man Behind the Myth Xenophon, 2023-11-09 In *SOCRATES The Man Behind the Myth* Xenophon offers a penetrating examination of the philosophical figure of Socrates presenting a narrative that combines biographical detail with insightful philosophical discourse Written in a straightforward engaging style characteristic of Xenophon's works this text confronts both the mythologized image of Socrates and the complexities of his thought Xenophon as a contemporary of Socrates provides a compelling first hand perspective on the Socratic method ethics and his interactions with Athenian society making this work not only a biographical account but also a vital philosophical resource Xenophon himself an Athenian historian soldier and student of Socrates draws upon his own experiences and observations to illuminate the character and teachings of the philosopher Having lived through the turmoil of the Peloponnesian War Xenophon's reflections are informed by a context of political instability and moral inquiry allowing him to capture the essence of Socrates's pursuit of virtue and truth amidst chaos His deep reverence for Socratic philosophy and his desire to set the record straight highlight the richness of their intellectual relationship For those seeking a nuanced understanding of Socrates beyond the dramatized portrayals of later sources Xenophon's work is an indispensable resource This book invites readers to engage with Socratic thought through the lens of a student who not only admired him but also sought to preserve his legacy Scholars and casual readers alike will find in this text a valuable exploration of moral philosophy that remains relevant today [The Circle of Socrates](#), 2013-03-15 In addition to works by Plato and Xenophon we know of dozens of treatises and dialogues written by followers of Socrates that are now lost The surviving evidence for these writings constitutes an invaluable resource for our understanding of Socrates and his philosophical legacy *The Circle of Socrates* presents new sometimes the first English translations of a representative selection of this evidence set alongside extracts from Plato and Xenophon The texts are arranged according to theme with concise introductions that provide an overview of the topics and the main lines of thought within them The aim is to give a fuller account of the philosophical activity of Socrates immediate followers both to shed light on less well known figures some of whom inspired schools and movements that were influential in the development of later thought and also to improve our grasp of the intellectual context within which Plato and Xenophon the most important of the Socratics lived and wrote Included are a general introduction to the history content and character of these writings a bibliography an index of sources and an index of the Socratics and their works **The Sacred Writings of Socrates Scholasticus** Socrates Scholasticus, 2012 *The Sacred Writings Of* provides you with the essential works among the Early Christian writings The volumes cover the beginning of Christianity until before the promulgation of the Nicene Creed at the First Council of Nicaea This volume is accurately annotated including an extensive biography of the author and his life This work comprises the Ecclesiastical History Until the beginning of the fourth century historiography remained a pagan science With the exception of the Acts of the Apostles and its apocryphal imitations no sort of attempt had been made to

record even the annals of the Christian Church At the opening of the fourth century Eusebius conceived the idea of writing a history which should include a complete account of the Church s life to his own days Hence he has correctly been called the Father of Church History His work was done so satisfactorily to his contemporaries and immediate successors that none of them undertook to go over the same field again They estimated the thoroughness and accuracy of his work much higher than later ages have done But this respect which enhanced the magnitude of his work in their eyes at the same time inspired many of them with a desire to imitate him As the title of the work indicates the subject is chiefly the vicissitudes and experiences of the Christian Church but the author finds various reasons for interweaving with the account of ecclesiastical affairs some record also of the affairs of the state His statement of these reasons puts first among them the relief his readers would experience by passing from the accounts of the perpetual wranglings of bishops to something of a different character second the information which all ought to have on secular as well as ecclesiastical matters and third the interlacing of these two lines on account of which the understanding of the one cannot be full without some knowledge of the other By a sort of sympathy says he the church takes part in the disturbances of the state and since the emperors became Christians the affairs of the church have become dependent on them and the greatest synods have been held and are held at their bidding It cannot be said however that Socrates either thoroughly realized or attempted any systematic treatment of his subject from the point of view of the true relations of church and state he simply had the consciousness that the two spheres were not as much dissociated as one might assume

Two Thousand Notable Americans American Biographical Institute, 1983

Plato at the Googleplex Rebecca Goldstein, 2014-03-04 Is philosophy obsolete Are the ancient questions still relevant in the age of cosmology and neuroscience not to mention crowd sourcing and cable news The acclaimed philosopher and novelist Rebecca Newberger Goldstein provides a dazzlingly original plunge into the drama of philosophy revealing its hidden role in today s debates on religion morality politics and science At the origin of Western philosophy stands Plato who got about as much wrong as one would expect from a thinker who lived 2 400 years ago But Plato s role in shaping philosophy was pivotal On her way to considering the place of philosophy in our ongoing intellectual life Goldstein tells a new story of its origin re envisioning the extraordinary culture that produced the man who produced philosophy But it is primarily the fate of philosophy that concerns her Is the discipline no more than a way of biding our time until the scientists arrive on the scene Have they already arrived Does philosophy itself ever make progress And if it does why is so ancient a figure as Plato of any continuing relevance Plato at the Googleplex is Goldstein s startling investigation of these conundra She interweaves her narrative with Plato s own choice for bringing ideas to life the dialogue Imagine that Plato came to life in the twenty first century and embarked on a multicity speaking tour How would he handle the host of a cable news program who denies there can be morality without religion How would he mediate a debate between a Freudian psychoanalyst and a tiger mom on how to raise the perfect child How would he answer a neuroscientist who about to scan Plato s brain argues that science has

definitively answered the questions of free will and moral agency What would Plato make of Google and of the idea that knowledge can be crowd sourced rather than reasoned out by experts With a philosopher's depth and a novelist's imagination and wit Goldstein probes the deepest issues confronting us by allowing us to eavesdrop on Plato as he takes on the modern world With black and white photographs throughout

The Ecclesiastical History of Socrates Scholasticus Socrates, Aeterna Press, Eusebius surnamed Pamphilus writing the History of the Church in ten books closed it with that period of the emperor Constantine when the persecution which Diocletian had begun against the Christians came to an end Also in writing the life of Constantine this same author has but slightly treated of matters regarding Arius being more intent on the rhetorical finish of his composition and the praises of the emperor than on an accurate statement of facts Now as we propose to write the details of what has taken place in the churches since his time to our own day we begin with the narration of the particulars which he has left out and we shall not be solicitous to display a parade of words but to lay before the reader what we have been able to collect from documents and what we have heard from those who were familiar with the facts as they told them And since it has an important bearing on the matter in hand it will be proper to enter into a brief account of Constantine's conversion to Christianity making a beginning with this event

Socrates and Sozomenus Ecclesiastical Histories Socrates Scholasticus, *Options: Reforms and Alternatives for Canadian Education* Terence R. Morrison, Anthony P. Burton, 1973 *Socrates Collection [2 Books]* Socrates, Aeterna Press, Greece 1985 Alexander Eliot, 1984-11

Fraser's Magazine for Town and Country, 1844 **Greece 83/84** Alexander Eliot, 1983 **Fraser's Magazine for Town and Country** James Anthony Froude, John Tulloch, 1844 Contains the first printing of Sartor resartus as well as other works by Thomas Carlyle

Kantian Reason and Hegelian Spirit Gary Dorrien, 2012-04-09 Winner 2012 The American Publishers Award for Professional and Scholarly Excellence in Theology and Religious Studies PROSE Award In this thought provoking new work the world renowned theologian Gary Dorrien reveals how Kantian and post Kantian idealism were instrumental in the foundation and development of modern Christian theology Presents a radical rethinking of the roots of modern theology Reveals how Kantian and post Kantian idealism were instrumental in the foundation and development of modern Christian theology Shows how it took Kant's writings on ethics and religion to launch a fully modern departure in religious thought Dissects Kant's three critiques of reason and his moral conception of religion Analyzes alternative arguments offered by Schleiermacher Schelling Hegel and others moving historically and chronologically through key figures in European philosophy and theology Presents notoriously difficult and intellectual arguments in a lucid and accessible manner

The Eclectic Magazine of Foreign Literature, Science, and Art, 1844

Daoist Phenomenology Jay Goulding, 2025-05-01 Jay Goulding's Daoist Phenomenology represents a lifelong project of interpolating the works of Martin Heidegger with the interweavings of Daoism and Zen Illustrating styles of reading complex texts from Europe and East Asia Goulding moves away from horizontal reading of

simple comparisons on a single plain to vertical reading as a deep dive of ideas into ancient worlds Vertical Reading is hermeneutic strategy that captures the depth of connection between phenomenology and Daoism especially Heidegger and classical Daoists Laozi and Zhuangzi His method reveals Daoist implications of Dogen s Zen and draws on writing and ideas from popular culture including Jules Verne H P Lovecraft Philip K Dick George Lucas Star Wars universe and martial artist Bruce Lee Original and wide ranging Goulding s interconnected approach to phenomenology and Daoism enhances and promotes further intercultural dialogues between two great traditions in world philosophies The Homiletic Review ,1909

Homiletic Review ,1910 *A New Latin-English School-lexicon* George Richard Crooks,Alexander Jacob Schem,1861

Thank you very much for reading **Socrates The Person The Portent**.
