Socrates And Legal Obligation:

Socrates and Legal Obligation Reginald E. Allen,1980 Charged with impiety and sentenced to death under the law of Athens Socrates did not try to disprove the charges or to escape death but rather held to a different kind of rhetoric aiming not at persuasion but at truth In *Socrates and Legal Obligation* R E Allen contends that Plato s works on Socrates acceptance of death the *Apology* and the *Crito* should be considered together and as such constitute a profound treatment of law and of obligation to law Allen s study of Socrates thought on these vital issues is accompanied by his own translations of the *Apology* and the *Crito* *Socrates and Legal Obligation* Reginald E. Allen,1980 **Socrates and Legal Obligation** Reginald E. Allen,1980 **Socrates and Legal Obligation** Reginald E. Allen,1980-01-01 **Socrates and Legal Obligation** R. S. Allen,1980 **The Function of Equity in International Law** Catharine Titi,2021-06-11 This book provides a systematic and comprehensive study of the legal concept of equity as it operates in contemporary international law A principle with a long pedigree equity has been present in legal thought and in municipal legal systems since antiquity Introduced in international legal decisions through claims commissions and arbitral tribunals equity became progressively part and parcel of the international law mainstream From international cultural heritage law to the law on climate change from maritime boundary delimitations to decisions on security for costs in investment arbitration the relevance of equity is more far reaching than has previously been acknowledged In contrast with earlier studies on the topic this book is informed by a body of judicial and arbitral case law that has never been so substantial and varied It also draws extensively on the prolific case law of investment tribunals gaining insights from a valuable source that is typically overlooked in public international law scholarship As the importance of international law increases covering continuously new domains the value of equity increases with it It is this new equity in the international law of the 21st century that this book explores **Reason and Analysis in Ancient Greek Philosophy** Georgios Anagnostopoulos,Fred D. Miller Jr.,2013-06-14 This distinctive collection of original articles features contributions from many of the leading scholars of ancient Greek philosophy They explore the concept of reason and the method of analysis and the central role they play in the philosophies of Socrates Plato and Aristotle They engage with salient themes in metaphysics epistemology ethics and political theory as well as tracing links between each thinker s ideas on selected topics The volume contains analyses of Plato s Socrates focusing on his views of moral psychology the obligation to obey the law the foundations of politics justice and retribution and Socratic virtue On Plato s *Republic* the discussions cover the relationship between politics and philosophy the primacy of reason over the soul s non rational capacities the analogy of the city and the soul and our responsibility for choosing how we live our own lives The anthology also probes Plato s analysis of logos reason or language which underlies his philosophy including the theory of forms A quartet of reflections explores Aristotelian themes including the connections between knowledge and belief the nature of essence and function and his theories of virtue and grace The volume concludes with an insightful intellectual

memoir by David Keyt which charts the rise of analytic classical scholarship in the past century and along the way provides entertaining anecdotes involving major figures in modern academic philosophy Blending academic authority with creative flair and demonstrating the continuing interest of ancient Greek philosophy this book will be a valuable addition to the libraries of all those studying and researching the origins of Western philosophy **Socrates on Trial** Thomas C. Brickhouse, Nicholas D. Smith, 1991-01-24 This book stands head and shoulders over other recent treatments of Plato's Apology It should become the standard work in this area Richard Kraut University of Illinois at Chicago **Plato and Platonism** J. M. van Ophuijsen, 1999 In this volume a distinguished group of philosophers aims to offer fresh insight into Platonic studies Combining research with analysis the authors present 14 essays on various dimensions of Plato's thought Most of Plato's dialogues are examined from such Socratic texts as Protagoras Euthyphro and Crito to the allegedly late Sophist Statesman and Laws Several essays explore specific philosophical problems raised in a single Platonic dialogue Some offer in depth analysis of one dialogue for instance the volume includes two very different but highly provocative essays on Timaeus Others pursue a topic or theme that runs throughout a number of dialogues and others speak about the Platonic heritage and the thought of ancient philosophers who regarded themselves as faithfully preserving and transmitting the doctrines of their master The major subject divisions of philosophy are covered with considerable attention being paid to issues of Platonist methodology *Moral Principles and Political Obligations* A. John Simmons, 2020-05-05 Outlining the major competing theories in the history of political and moral philosophy from Locke and Hume through Hart Rawls and Nozick John Simmons attempts to understand and solve the ancient problem of political obligation Under what conditions and for what reasons if any he asks are we morally bound to obey the law and support the political institutions of our countries Notes on Greek Philosophy from Thales to Aristotle Anthony Preus, 1996-12 **Plato's Euthyphro, Apology, and Crito** Rachana Kamtekar, 2004-11-26 Plato's Euthyphro Apology and Crito portray Socrates words and deeds during his trial for disbelieving in the Gods of Athens and corrupting the Athenian youth and constitute a defense of the man Socrates and of his way of life the philosophic life The twelve essays in the volume written by leading classical philosophers investigate various aspects of these works of Plato including the significance of Plato's characters Socrates's revolutionary religious ideas and the relationship between historical events and Plato's texts Readers will find their appreciation of Plato's works greatly enriched by these essays **Cross-Examining Socrates** John Beversluis, 2000-01-06 This book is a rereading of Plato's early dialogues from the point of view of the characters with whom Socrates engages in debate Socrates interlocutors are generally acknowledged to play important dialectical and dramatic roles but no previous book has focused mainly on them Existing studies are thoroughly dismissive of the interlocutors and reduce them to the status of mere mouthpieces for views which are hopelessly confused or demonstrably false This book takes interlocutors seriously and treats them as genuine intellectual opponents whose views are often more defensible than commentators have standardly thought The

author's purpose is not to summarise their positions or the arguments of the dialogues in which they appear much less to produce a series of biographical sketches but to investigate the phenomenology of philosophical disputation as it manifests itself in the early dialogues

The Great Conversation NORMAN. MORROW MELCHERT (DAVID.), David Morrow, 2023-03-31

Socratic Studies Gregory Vlastos, 1994 This is the companion volume to Gregory Vlastos highly acclaimed work *Socrates Ironist and Moral Philosopher* Four ground breaking papers which laid the basis for his understanding of Socrates are collected here in revised form they examine Socrates elenctic method of investigative argument his disavowal of knowledge his concern for definition and the complications of his relationship with the Athenian democracy The fifth chapter is a new and provocative discussion of Socrates arguments in the *Protagoras* and *Laches* The epilogue *Socrates and Vietnam* suggests that Socrates was not as Plato claimed the most just man of his time The papers have been prepared for publication by Professor Myles Burnyeat with the minimum of editorial intervention

Plato and Modern Law Richard O. Brooks, 2017-07-05 This audacious collection of modern writings on Plato and the Law argues that Plato's work offers insights for resolving modern jurisprudential problems Plato's dialogues in this modern interpretation reveal that knowledge of the functions of law based upon intelligible principles can be reformulated for relevance to our age Leading interpreters of Plato Vlastos Hall Strauss Weinrib Annas and Morrow are included in the collection The editor supplies an insightful introduction and extensive bibliography to the collection

Philosophical Examinations of Historical and Contemporary Problems Merrill Ring, 2022-08-31 The philosophical essays collected here cover a wide range of topics both historical and contemporary The historical essays are examinations of issues in the work of philosophers from Parmenides to Wittgenstein and Quine while those on contemporary matters are chiefly concerned with the nature of knowledge and belief and the relation of science to philosophy They have been written over a long philosophical career and are models of philosophical investigation and argument

Dialogue and Discovery Kenneth Seeskin, 2016-02-24 This book examines the Socratic method of elenchus or refutation Refutation by its very nature is a conflict which in the hands of Plato becomes high drama The continuing conversation in which it occurs is more a test of character than of intellect *Dialogue and Discovery* shows that in his conversations Socrates seeks to define moral qualities moral essences with the goal of improving the soul of the respondent Ethics underlies epistemology because the discovery of philosophic truth imposes moral demands on the respondent The recognition that moral qualities such as honesty humility and courage are necessary to successful inquiry is the key to the understanding of the Socratic paradox that virtue is knowledge The dialogues receiving the most emphasis are the *Apology* *Gorgias* *Protagoras* and *Meno*

Philosophy as a Way of Life Matthew Sharpe, Michael Ure, 2021-07-15 In this first ever introduction to philosophy as a way of life in the Western tradition Matthew Sharpe and Michael Ure take us through the history of the idea from Socrates and Plato via the medievals Renaissance and Enlightenment thinkers to Schopenhauer and Nietzsche Foucault and Hadot They examine the kinds of practical exercises

each thinker recommended to transform their philosophy into manners of living Philosophy as a Way of Life also examines the recent resurgence of thinking about philosophy as a practical lived reality and why this ancient tradition still has so much relevance and power in the contemporary world

Problems from Philosophy James Rachels, Stuart Rachels, 2021-06-11

Problems from Philosophy is an introductory text organized around the great philosophical problems the existence of God the nature of the mind human freedom the limits of knowledge and the truth about ethics It begins by reflecting on the life of the first great philosopher Socrates Then it takes up the fundamental question of whether God exists Next comes a discussion of death and the soul which leads to a chapter about persons The later chapters consider whether objective knowledge is possible in science and ethics Problems from Philosophy represents the final work of philosopher James Rachels In it he brings the same liveliness and clarity to the introduction of philosophy present in his other best selling texts Problems from Philosophy has been revised by James Rachels son Stuart who has carefully refined his father s work to further strengthen its clarity and accessibility The fourth edition features revisions on discussions of free will artificial intelligence idealism and Kantian ethics

Socrates And Legal Obligation Introduction

In the digital age, access to information has become easier than ever before. The ability to download Socrates And Legal Obligation has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Socrates And Legal Obligation has opened up a world of possibilities. Downloading Socrates And Legal Obligation provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Socrates And Legal Obligation has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Socrates And Legal Obligation. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Socrates And Legal Obligation. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Socrates And Legal Obligation, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and

validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Socrates And Legal Obligation has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
