myriad security crises in Africa from the role of international relations during liberation to multinational efforts against piracy

Rediscovering Irregular Warfare A. R. B. Linderman, 2016-02-29 Britain's Special Operations Executive SOE which conducted sabotage campaigns and supported resistance movements in Axis occupied Europe and in Asia is often described as Winston Churchill's brainchild But as A R B Linderman reveals in this engrossing history the real genius behind Britain's clandestine warriors was Colin Gubbins a British officer who forged the SOE by drawing on lessons learned in irregular conflicts around the world Following Gubbins through operations he studied and participated in Linderman maps the evolution of the SOE from its origins to its doctrine to its becoming a critical institution Part biography part intellectual and organizational history Rediscovering Irregular Warfare is the first book to explore the origins of a substantial force in the Allies victory in World War II Although popular history holds that Britain entered World War II with no prior knowledge of or experience with underground warfare Rediscovering Irregular Warfare tells us otherwise Linderman finds ample precedent in the clearly documented work of Gubbins and his fellow clandestine organizers He traces Gubbins's career from 1914 through World War I and such irregular conflicts as the Allied intervention in Russia the Irish Revolution and conflicts in British India To these firsthand experiences Gubbins added the insights of colleagues who had served with him and in Iraq as well as what he learned from the Second Anglo Boer War the Arab Revolt led by T E Lawrence the German guerrilla war in East Africa the revolt in Palestine between the world wars the Spanish Civil War and the Second Sino Japanese War The two booklets that Gubbins wrote based on his accumulated knowledge offered the first synthesis of British unconventional warfare doctrine practical guides that emphasized the centrality of local populations the collection protection and use of intelligence the necessity of cooperating with conventional forces and the use of speed surprise and escape in ambush operations In 1940 when Gubbins joined the newly created SOE the experience and know how codified in his guides formed the basis of Britain's approach to irregular warfare The history of the SOE's doctrinal origins is Colin Gubbins's story By telling that story Rediscovering Irregular Warfare amplifies and clarifies our understanding of the Second World War and of doctrines of unconventional warfare in the twentieth century

Working Memory Marlene Kadar,Jeanne Perreault,2015-07-31 Working Memory Women and Work in World War II speaks to the work women did during the war the labour of survival resistance and collaboration and the labour of recording representing and memorializing these wartime experiences The contributors follow their subjects tracks and deepen our understanding of the experiences from the imprints left behind These efforts are a part of the making of history and when the process is as personal as many of our contributors research has been it is also the working of memory The implication here is that memory is intimate and that the layering of narrative fragments that recovery involves brings us in touching distance to ourselves These are not the stories of the brave little woman at home they are stories of the woman who calculated the main chance and took up with the Nazi soldier or who eagerly dropped the apron at the door and picked up a paintbrush or who brazenly bargained for her life and her mother s with the most feared of tyrants These are stories of courage and sometimes of compromise not the courage of bravado and hype and big guns but rather the courage of hard choices and sacrifices that

make sense of the life given even when that life seems only madness Working Memory brings scholarly attention to the roles of women in World War II that have been hidden masked undervalued or forgotten *RAF Tempsford* Bernard

O'Connor,2010-08-15 The fascinating story of the mysterious Tempsford Airfield Operation Jedburgh Colin

Beavan,2007-04-24 A thrilling account of one of the most important covert operations of World War II In 1943 less than a year before D Day nearly three hundred American British and French soldiers shadow warriors parachuted deep behind enemy lines in France as part of the covert Operation Jedburgh Working with the beleaguered French Resistance the Jeds launched a stunningly effective guerrilla campaign against the Germans in preparation for the Normandy invasion Colin Beavan whose grandfather helped direct Operation Jedburgh for the Office of Strategic Services draws on scores of interviews with the surviving Jeds and their families to tell the thrilling story of the rowdy daredevils who carried out America s first specialforces missions forever changing the way Americans wage war Developing Trauma-Informed

Bernhardt,2022-07-01 Trauma is a public health crisis High rates of trauma exposure among youth and the impact that experiences of trauma can have on students psychosocial and academic outcomes are well established These traumatic events do not live outside of the scope of schools and teaching As children and teachers develop communities within their classrooms and schools trauma comes with those who have experienced it whether invited or not Bien Motta 2012 These experiences capture many facets of students lives including traumatic events however many teachers indicate that they feel unprepared to address students who have experienced trauma in meaningful and sustainable ways Carangi et al 2015 In response many schools and districts have adopted trauma informed practices Overstreet Chafouleas 2016 This text addresses the gap in the literature in embedding trauma informed practices into pre service teacher education This text provides examples of the various ways educator preparation faculty are developing and implementing trauma informed practices across their programs instituting broader curricular shifts to incorporate trauma informed practices shifting pedagogical practices to include trauma informed practices and collaborating across disciplines in order to ensure that teacher candidates are thoughtfully prepared to address students needs and create classroom environments that are equitable safe and sustainable for students and teachers **Kill the Fuhrer** Denis

Rigden,2011-11-08 During the Second World War Britain s top secret Special Operations Executive plotted to assassinate Hitler A small department of SOE known as Section X had the tantalisingly complex task of investigating how when and where their plan could be executed The section also plotted the killing of Goebbels Himmler and other selected members of Hitler s inner circle Only Section X and a handful of other SOE staff had any knowledge of these projects codenamed Operation Foxley and Operation Little Foxleys As history has shown these schemes turned out to be pipe dreams Even so Section X renamed the German Directorate in 1944 made a huge contribution to the Allied war effort through their organised sabotage and clandestine distribution of black propaganda Denis Rigden describes Section X s efforts to discover as much as

possible about the intended assassination targets and questions whether a successful Operation Foxley would have helped or hindered the Allied cause Based on top secret documents and private sources and illustrated with archive photographs *Kill the Fuhrer* is an intriguing insight into the shadowy world of Britain's wartime secret services *Mission Yugoslavia* Blaž Torkar, 2020-05-29 Focusing on the wartime activities of the U S Office of Strategic Services OSS in Axis controlled Yugoslavia during World War II this book chronicles American policy plans for sending aid and agents and the establishment of the first training bases in North Africa and the Mediterranean OSS missions and field operations with the Chetniks and Partisans are cataloged and analyzed for the first time along with OSS views on Yugoslav border claims against Italy and Austria the OSS position on Slovenia in postwar Yugoslavia and the role of Yugoslavs cooperating within the OSS **Behind the Lines** Russell Miller, 2014-07-08 This is the story of special operations in the second world war as it has never been told before directly by those who took part Compiled by Russell Miller from interviews diaries letters and contemporaneous first person accounts many unpublished until now the oral history in *Behind the Lines* follows the adventures of the courageous men and women who volunteered for service with the United States Office of Strategic Services and Britain's Special Operations Executive They parachuted behind enemy lines often alone with orders to cause mayhem Arrest almost always resulted in torture and imprisonment sometimes in execution Trained in the black arts of warfare sabotage subversion espionage guerrilla tactics and undermining enemy morale by the distribution of insidious propaganda theirs was a war fought in the shadows Their activities extended to every theatre of operations in occupied France equipped with false identities they played a deadly game of cat and mouse with the Gestapo in the Balkans they discovered that the fiery politics of the region were as dangerous as the enemy in the Burmese jungle in some of the worst combat conditions of the war they led native marauders in surprise attacks against the Japanese From Britain they were supported by a team of back room inventors who produced expertly forged documents and dreamed up ingenious devices like exploding rats and invisible ink The special agents of World War Two really were a breed apart This is their extraordinary story In their own words
