Software: An Intimate Portrait Of Larry Ellison And Oracle:

Software Matthew Symonds, 2003 A history of the computer company Oracle chronicles its rise to become one of the industry's most powerful and profitable companies noting its penchant for reinventing itself in pursuit of new goals

Software Matthew Symonds, 2006-05-01 Larry Ellison stands out as one of the most outspoken driven daring leaders of the software industry The company he co-founded runs Oracle is the number one business software company But Oracle is as controversial as it is influential as feared as it is revered thanks in large part to Ellison who is not afraid to suddenly change course reinvent Oracle in the pursuit of new ever more ambitious goals As well as relating the story of Oracle's often bumpy path to industry dominance Symonds deals with the private side of Ellison's life This is the most complete portrait undertaken of the man his empire In perhaps the book's most unusual feature Ellison responds to Symonds's portrayal in the form of a running footnoted commentary Photos

Software Larry Ellison, Matthew Symonds, 2003-10-01 **Software** Matthew Symonds, 2013-04-30 In a business where great risks huge fortunes and even bigger egos are common Larry Ellison stands out as one of the most outspoken driven and daring leaders of the software industry The company he co-founded and runs Oracle is the number one business software company perhaps even more than Microsoft's Oracle's products are essential to today's networked world But Oracle is as controversial as it is influential as feared as it is revered thanks in large part to Larry Ellison Though Oracle is one of the world's most valuable and profitable companies Ellison is not afraid to suddenly change course and reinvent Oracle in the pursuit of new and ever more ambitious goals **Software** examines the results of these shifts in strategy and the forces that drive Ellison relentlessly on In **Software** journalist Matthew Symonds gives readers an exclusive and intimate insight into both Oracle and the man who made it and runs it As well as relating the story of Oracle's often bumpy path to industry dominance Symonds deals with the private side of Ellison's life From Ellison's troubled upbringing by adoptive parents and his lifelong search for emotional security to the challenges and opportunities that have come with unimaginable wealth **Software** gets inside the skin of a fascinating and complicated human being With unlimited insider access granted by Ellison himself Symonds captures the intensity and some would say the recklessness that have made Ellison a legend The result of more than a hundred hours of interviews and many months spent with Ellison **Software** is the most complete portrait undertaken of the man and his empire a unique and gripping account of both the way the computing industry really works and an extraordinary life Despite his closeness to Ellison Matthew Symonds is a candid and at times highly critical observer And in perhaps the book's most unusual feature Ellison responds to Symonds's portrayal in the form of a running footnoted commentary The result is one of the most fascinating business stories of all time

Ethics in a Cocoon V. David Schwantes, 2007-09 *Cocoon* demonstrates in easy to understand language that ethics is about trust and happiness Trust is the essential ingredient to mutually supportive and durable relationships focused on reducing life's imperfections Such relationships are the key to happiness But we cannot live deep inside protective cocoons and still build trust and

relationships Instead we must develop all the dimensions of what makes us human intellectual truth spiritual unity moral goodness and aesthetic beauty Above all we have to know ourselves and be able to pass the mirror test every day Our most important relationship after all being with ourself and we don't discover our spiritual unity without a Personal Strategic Plan Nor can we become ethically fit without enthusiasm equanimity and a commitment to excellence traits not found in cocoons Only ethical fitness can help us find the resolution to the fundamental ethical dilemmas we all face truth versus loyalty short term versus long term individual versus community and justice versus mercy This book suggests we use a variety of lenses to look at the world today power wealth prestige status We use the lenses of economics politics and technology We do not use nearly enough the lens of ethics relationships happiness decency and the golden mean Once we're ethically fit the result of continuous practice we're able to recognize ethical dilemmas approach them skillfully and resolve them successfully This book shows the way to such fitness which is useful in any context or relationship personal local or global Cocoon is a self improvement book of the first order with real life macro illustrations of the ethical dilemmas we face in a complex and crowded world in which too many of us pursue the dictates of false gods It includes over 500 practice questions and was developed as a textbook in the ethics courses the author taught to seniors at Ramapo College from 2002 to 2011

The Fictions of American Capitalism Jacques-Henri Coste, Vincent Dussol, 2020-02-26 The Fictions of

American Capitalism Working Fictions and the Economic Novel introduces a new way of thinking about fiction in connection with capitalism especially American capitalism These essays demonstrate how fiction fulfills a major function of the American capitalist engine presenting various formulations of American capitalism from the perspective of economists social scientists and literary critics Focusing on three narratives fictitious capital working fictions and the economic novel the volume questions whether these three types of fiction can be linked under the sign of capitalism This collection seeks to illustrate the American economy's dependence on fictitiousness America's ideological fictions and the nation's creative literary fiction In relation to what the credit and banking crisis of 2007-2008 exposed about the unreal base of the economy the volume concludes with a call to recognize the economic humanities arguing that American fiction and American literary studies can provide a useful mirror for economists

Into the Storm Dennis N. T. Perkins, Jillian B. Murphy, 2013 Winner of the Small Business Book Awards from Small Business Trends 2013 The Sydney Hobart Yacht Race is among the most demanding sailing competitions in the world Unpredictable seas make the 628 nautical mile course grueling under the best conditions but the 1998 race proved to be the most perilous to date when a sudden and violent storm struck Winds gusted over 100 mph and monstrous 80 foot waves towered over boat masts Six sailors perished and another 55 were saved in what became the largest search and rescue operation in Australia's history In the face of turmoil and tragedy a crew of amateur sailors piloted their tiny vessel the AFR Midnight Rambler not only to the finish but to overall victory While bigger better equipped yachts attempted to maneuver around the storm Ed Psaltis and his crew made the daring decision to head directly into its path Their triumph perhaps even their survival owes itself to an extraordinary level of teamwork an alchemy of cooperation trust planning and execution Into the Storm chronicles their nearly four day ordeal and draws parallels to the world of business revealing 10 critical strategies for teamwork at the edge Illustrated with examples from the story and compelling case studies the book sheds light on what teams need to do to succeed in tough times Finally Into the Storm provides resources and tools to support teams as they navigate the chaotic seas of business today

Software Development, 2005 **The Man Who Challenged America** Laurence Brady, 2013-03-08 Born in Glasgow in 1850 Thomas Lipton was one of the world's first global entrepreneurs His showmanship business flair and customer driven focus created a chain of nationwide grocery stores and the thriving Lipton tea business making him a multi millionaire One key to his success was his complete control of every business he undertook from production to the customer A keen yachtsman he mounted a British challenge against the American holders of the America's Cup on five occasions between 1898 and 1930 but was unsuccessful each time Yet in the process of doing so his fame spread around the world and his name became a byword for sportsmanship and diplomacy What is more Lipton's astute association of business with a sport of international dimension established a trend that has become an accepted part of life today Lipton exemplified the values of competitiveness sportsmanship perseverance and leadership in global business Yet until now no biography of Lipton has brought together these strands Published at the advent of the

America's Cup in Europe in 2007 this book reassesses and re-evaluates the life of the man whose dream it was to wrestle the Cup from American hands Reflections on Leadership and Career Development Manfred F. R. Kets de Vries, 2011-09-19

Views from the interface of psychoanalysis and organizational life In the books in this series Manfred Kets de Vries failed engineer entrepreneur manqué reluctant economist international management guru psychoanalyst wit and outdoorsman offers an overview of his work spanning four decades a period in which he has established himself as the leading figure in the clinical study of organizational leadership At a key point in his career working as he puts it in the twilight zone of economics management and psychoanalysis he decided to strike out on a little trodden path and bring the person back into the organization Now Kets de Vries occupies a unique position in the academic business world putting leaders and companies of the couch and working at the often intimate interface where the inner theater of the individual meets the outer world of the organization The second book in this series Reflections on Leadership and Career Development takes different perspectives on the intimate connection between the personality or inner theater of individuals and the organizational context in which they work how different personality types in positions of leadership or as members of management teams affect the functioning and success of organizations Kets de Vries looks at the way basic psychological processes operate on individual and corporate performance and analyzes them in the context of case studies of leaders and organizations He examines narcissism dysfunctional collusion between leaders and followers some new leadership archetypes and the roles that organizational therapists coaches or consultants can play in their interventions The book includes a lengthy study of Vladimir Putin as CEO of Russia Inc an assessment of the former Russian president's performance as an organizational leader The final part of the book examines the career life cycle and how executives cope or fail to cope with rites de passage like succession and retirement For the first time this book provides a glimpse of Manfred Kets de Vries' own inner theater as the wellspring of his success as psychoanalyst mentor and inspiration to a generation of leaders Reflections on Leadership and Career Development offers a rare opportunity to observe Manfred on his own legendary couch a personal perspective not to be missed Paul McMorran HR Director TNK BP **Play Among Books** Miro Roman, Alice_ch3n81, 2021-12-06

How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science *Next Level* David Komolafe, 2017-01-31 In *Next Level* My Strategic Recoveries Pastor Komolafe writes Rewards await those who may be pressured on every side struck down to the ground but never struck out He graciously shares the wisdom he has gained from God's Word and from nearly 40 years of ministry *Next Level* offers an arsenal of

weapons prayer biblical truth strategic instructions and prophetic declarations with which to do battle against our soul s enemy who is the destroyer of hope As a child of God you are heir to a glorious future Learn how to take effective aim at the specific things that hinder you Set your course to experience God s goodness and grace to the fullest **All the Money in the World** Peter W. Bernstein,Annalyn Swan,2008-12-02 From Wall Street to the West Coast from blue collar billionaires to blue blood fortunes from the Google guys to hedge fund honchos this compulsively readable book gives us the lowdown on today richest Americans Veteran journalists Peter W Bernstein and Annalyn Swan delve into who made and lost the most money in the past twenty five years the fields and industries that have produced the greatest wealth the biggest risk takers the most competitive players the most wasteful family feuds the trophy wives the most conspicuous consumers the biggest art collectors and the most and least generous philanthropists Incorporating exclusive never before published data from Forbes magazine All the Money in the World is a vastly entertaining behind the scenes look at today s Big Rich **A Bibliography of the Personal Computer** Roy A. Allan,2006 This eBook bibliography on the history of the personal computer and the industry contains over 280 book notations and over 250 periodical notations It also contains a reprint of an article by the author entitled What Was the First Personal Computer **Paid to Think** David Goldsmith,2012-10-23 Have you ever thought about the fact that a craftsman has more and better tools to solve challenges on the job than the leader of a business or organization does Leadership tools are usually defined as computers spreadsheets data and even experience but in reality leaders need thinking tools that are hard to come by so they find themselves hunting and pecking for answers in books at seminars through on the job training programs from mentors and at business schools and still they re left with gaps Surely most leaders are good at what they do but the daily challenges of their jobs like accelerating growth increasing productivity driving innovation doing more with less and balancing work with life don t come with some sort of leadership toolkit until now In Paid to Think international consultant David Goldsmith presents his groundbreaking approach to leadership and management based on research revealing the twelve specific activities that all leaders perform on a daily basis and he provides you with each activity s accompanying tools and instructions proven to boost your performance and that of your entire organization Take the uncertainty out of everyday leading convert ideas to realities and maximize your intellectual value Learn how decision makers at some of the world s most successful organizations have already used Paid to Think s universal and easily transferable tools regardless of their industries sectors geographic locations or management levels as their greatest advantages in achieving more earning more and living more *The Art of Sales* Bülent Belbez,2022-03-31 I consider the art of sales to be a chess game well thought strategically planned and played carefully One needs to know the rules of the game and the ethics It is not only a matter of how well you know the game or play it but also a matter of human psychology soul character which includes the elements of patience fear insights instincts and correct observation without being hasty or careless which will help you prevail It is a matter of how we behave when we are under pressure when we are

surprised and when we realise that we are not going to win Can we control our nerves Can we take it easy Can we look for a different plan and adapt quickly when things go wrong This is an art and it is more important than the knowledge It comes with experience The more you play the more you are in control The Art of Sales is based on exactly the same thinking Play safely
