Beverley, 1980-01-01 This study of G ngora s Soledades is intended to summarize and discuss some of the problems which seemed important for a better understanding of these poems Special attention is paid to the two opposing camps that developed over time one mainly focussing on the form and the other on the content of Soledades In this volume the authors tries to integrate the methods and results of both of the camps Contemporary Uruguayan Poetry Ronald Haladyna, 2010 The editor of this anthology addresses this literary omission by identifying seventeen Uruguayans deserving of recognition Jorge Arbeleche Nancy Bacelo Washington Benavides Mario Benedetti Amanda Berenguer Luis Bravo Selva Casal Rafael Courtoisie Marosa Di Giorgio Enrique Fierro Alfredo Fressia Saul Ibargoyen Circe Maia Jorge Meretta Eduardo Milan Alvaro Miranda and Salvador Puig The selection of these poets is based on extensive research and personal taste but also because they have a recognized sustained record of published books of poetry especially during the 1990s they have been favorably acknowledged for their work by peers and critics through reviews and interviews in local news media they have received recognition through national or international literary awards and for the most part they are still active as poets in the new millennium Furthermore they comprise a representative cross section of diverse generations perspectives themes and poetics extant in today s poetry in Uruguay Each of the poets is represented by a selection of original poems in Spanish to demonstrate the diversity of their expression and English translations to render them meaningful for both English and Spanish reading publics The extensive bibliographies of primary and secondary sources of

each poet is unprecedented hopefully it will serve as a guide to encourage research on this neglected area of Spanish American literature There is currently no canon of contemporary Uruguayan poets but this project is intended to provide a meaningful step toward opening a discussion of such a canon

**Mario Benedetti** Mario Benedetti, 1992 Little Stones at My Window Mario Benedetti, 2003 These poems by an Uruguayan poet writing from political exile range in theme from pain of exile to joys of love to the horrors of political repression Benedetti also frequently conveys with Kafkaesque irony the impact of bureaucracy on the lives of ordinary citizens His latest poems in this collection focus on the personal and collective problems of reintegration into a wounded and changed society and the desire for universal brotherhood From publisher description
