Solidarity In Poland 1980-1981 And The Perspective Of Political Revolution:

Solidarity in Poland, 1980-1981 and the Perspective of Political Revolution Wolfgang Weber, 1989 **The Truth about the Killing of Daniel Yock**, 1994 Records the campaign for a public hearing initiated by the Socialist Labour League into the death of Daniel Yock reports on the public hearing findings **Subject Guide to Books in Print**, 2001 The Globalization of Capitalist Production & the International Tasks of the Working Class Workers League (U.S.), 1993 **Seeds of New Hope** Matt Meyer, Elavie Ndura-Ouédraogo, 2009 **The Soldier And The Nation** Jerzy J Wiatr, 2019-06-12 Jerzy J Wiatr's book *The Soldier and the Nation* The Role of the Military in Polish Politics 1918-1985 will undoubtedly be controversial It is the interpretation of an insider whose uncle was a Polish general who worked as a civilian sociologist at the Military Political College in Warsaw in the 1950s and who is thoroughly familiar with the **The Political Dimensions of Religion** Said Amir Arjomand, 1993-01-01 This volume explores the relationship between religion and politics It brings a varied sample of richly detailed comparative and case studies together with a set of analytical paradigms in an integrated framework It is a major statement on a timely subject and a plea for the acknowledgment of normative pluralism as firmly rooted in the history of religion The editor shows that the fact of political diversity in the history of world religions compels the acceptance of pluralism as a normative principle Perestroika Versus Socialism David North, 1989 SCOTT Copy 1 From the John Holmes Library Collection *Revolutionary Rehearsals* Colin Barker, 2008-09 Five times in the last 40 years the working class has posed a radical alternative to the status quo France 1968 A general strike and factory occupations by millions of workers shake the country Chile 1972 Workers defending the Popular Unity government set up workers councils the cordones and demand control over production Portugal 1974 Army officers overthrow the dictator Caetano and release an upsurge of popular power which lasts 18 months Iran 1979 The viciously repressive Shah is toppled and workers set up independent councils the shoras Poland 1980 Demanding radical change workers build the independent trade union Solidarity to fight for their own interests exposing the false socialism of the Eastern Bloc In each of these cases the actions of workers themselves were the driving force of struggles with revolutionary potential They demonstrate that workers can and will fight back on a mass scale Each episode offers an inspiring glimpse of the way in which workers rise to the challenge of fighting for a better world and pose their own alternative to the system Although none of these struggles ultimately achieved their goals they were revolutionary rehearsals that hold important lessons about the struggle for socialism under modern conditions *Solidarity and contention* Maryjane Osa, 2003 **Casebook on Insurgency and Revolutionary Warfare**, 2012 *Soviet Deliberations During the Polish Crisis, 1980-1981*, 1999 **The Publishers Weekly**, 1989 *Creativity in Social Revolutions* Bronislaw Czarnocha, 2025-08-23 This book offers a new perspective on the structure of contemporary social revolutions and wars It analyzes the actions of the participants and looks at possible solutions from the perspective of bisociativity The book elaborates on this concept originally formulated by Arthur Koestler which sees the underlying human

creativity in finding a solution as a spontaneous leap of insight connecting previously unconnected matrices of discourse Drawing from Marxist theory the author discerns bisociative frames in contemporary revolutions such as the Bolivian revolution of 2000 2003 2005 or between different uprisings in Poland which led to the independent workers union solidarity One of the central aims of the book is the search for a bisociative frame that includes historical materialism as one of its two components It suggests that historical materialism is not a sufficient but necessary condition for understanding the complexity of contemporary struggles Discussions in different chapters point to the missing component of Marxist revolutionary theory individual self identity as the second component of the bisociative frame The author brings this analysis to the table from his background in mathematics education and teaching and points to how using mathematical generalization may help identify bisociative frames and therefore help find innovative solutions to conflicts This book offers an innovative theoretical framework for current problems from a Marxist perspective and is an interesting read for social scientists historians and anyone critically examining contemporary social revolutions or wars

Victimhood and Acknowledgement Petra Terhoeven,2018-10-22 The history of terrorism has been largely a history of perpetrators their motives and actions The history of their victims has always seemed to be of secondary importance But terrorism is communication by violence and its efficiency depends significantly on the selection and the treatment of the victims by the perpetrators on the one hand and the perception and acknowledgement of victimhood by the public on the other How does it affect our picture of the history of terrorism then if the victims are moved centre stage If the focus is put on their suffering their agency their helplessness or on how they are acknowledged or exploited by society politics and media If the central role is taken into account which they play in terrorist propaganda as well as in the emotional response of the public The contributions to this edition of the European History Yearbook will examine such questions in a broad range of historical case studies and methods including visual history Not least they aim at historicizing the roles of survivors and relatives in the social process of coming to terms with terrorist violence a question highly relevant up to the present day
