The Circle of Mountains Sandra Ott,1993-11-15 Ott provides an excellent ethnography of a French Basque agrarian and sheepherding community The commune of Sainte Engr ce extends along a mountain valley in the southeastern corner of Soule one of the three Basque provences in France In The Circle of Mountains Sandra Ott examines the importance of cooperation and reciprocity as the essential basis for the main institutions within this community These French Basques visualize their community as a circle and their vision of living in the circle of mountains rather than in a valley reflects their

perspective on the society in which they live The first half of the book incorporates material on history ecology and economy and delves deeply into the domestic organization kinship and neighborliness of this Basque community In the second half of the book the author introduces the males customary roles as shepherds and cheesemakers Following a detailed commentary on these vocations Ott suggests that these seemingly prosaic activities represent the male attempt at symbolic fulfillment of the female procreative and nurturing roles In a new afterword Ott discusses developments that have impacted life in the pastoral community of Sainte Engr ce since the original publication of the book including the acquisition of telephones and the construction of roads to nearly every home The Circle of Mountains will be of interest not only to social anthropologists but also to those concerned with the Basque language and culture and to scholars and students of ethnology international studies and political science
