MOTIVOS Y TÓPICOS AMATORIOS CLÁSICOS EN EL AMOR EN LOS TIEMPOS DEL CÓLERA Manuel Cabello Pino,2018-04-25

A lo largo de nuestro trabajo se ha llevado a cabo un riguroso análisis de la presencia en El amor en los tiempos del cólera de motivos y tópicos amorios procedentes todos ellos en última instancia de la tradición clásica Dicho análisis ha presentado una doble vertiente por un lado se ha estudiado la forma que presentan esos motivos y tópicos en la novela de Gabriel García Márquez comparando en cada caso la recreación que hace el novelista colombiano de cada uno de ellos con la forma originaria que estos presentaban en la tradición de la literatura grecolatina Así se ha determinado en cada caso en qué aspectos se mantiene García Márquez fiel a la tradición del tópico y en qué otros aspectos subvierte dicha tradición En definitiva se ha estudiado el binomio tradición y originalidad en la recreación de cada uno de esos tópicos que realiza el novelista colombiano en su obra Por otro lado se ha determinado qué función real cumple cada uno de esos tópicos en la novela y el grado de importancia que tiene cada uno de ellos en el desarrollo de la trama Así se ha demostrado claramente que existen tres tópicos dentro de El amor en los tiempos del cólera que tienen un peso específico mucho mayor que el resto ya que su constante presencia a lo largo de la novela los convierte en motivos dentro de la misma con una función no sólo temática sino además estructural La estructura interna de la novela descansa sobre estos tres motivos principales que son la enfermedad de amor la erotodidaxis o enseñanza del amor y la fidelidad entre los amantes Aparte de estos tres motivos fundamentales en la novela García Márquez recurre a infinidad de tópicos amorios para caracterizar las relaciones entre su trópicos protagonista y al igual que con los motivos lo hace combinando tradición e innovación En definitiva lo que ha demostrado este trabajo es que con respecto a la concepción literaria del amor en su novela García Márquez

demuestra que sabe perfectamente dónde está es decir toda la tradición anterior de los tópicos amorosos clásicos y hacia dónde quiere llevarla su visión personal de la misma. Así García Márquez no se deja subyugar por toda esa tradición anterior y consigue resultar original a pesar de tratar tópicos tan utilizados como la metemorfosis del amor como enfermedad, la erotodidaxis o la fidelidad entre los amantes.

Poems of Love Viviana Hall, 2021-02-10

Poems of Love By Viviana Hall

In challenging times such as these it is good and necessary to have books like Poems of Love to remind us of the fundamental force of love and its potential to transform our lives and our world. In this first bilingual edition Poems of Love emerges as an inspiration for joy, gratitude and compassion. About Ms Hall's work acclaimed writer Cesar Tiempo said: Viviana's poetry reconciles us with hope, one of the few movements of the soul capable of battling despair. A collection offers English and Spanish love poems that explore nature. This volume opens with both English and Spanish versions of Walt Whitman's Out of the Rolling Ocean the Crowd. Hall then segues into bilingual poems about absence, be it in the form of love for a stranger or a country no one has visited. Summer describes an intimate encounter in the hottest of seasons while Down River traces the speaker's nature walk as she reminisces about her lover. Every day at dawn I recover in my arms the original caresses when our bodies rediscovered one another. Poem of Love details how the whole world and even the stars seem to worship the speaker's beloved. She considers the power the moon has over lovers in You Stole the Moon From Me and mourns the dual losses of a birch tree and a partner in Farewell In Anticipation she imagines a future life full of family, food and laughter with her love interest. Love in the Time of Coronavirus wonders about what humanity has learned if anything from the Covid-19 pandemic. The poet concludes with That Man which evokes spiritual if not blatantly biblical imagery as it imagines a deity walking along the ocean's shore deciphering the human enigma. Hall has mastered brevity as Whitman himself might say her poems contain multitudes even when they span as few as seven lines. Her poems drip with desire in verses like To voice your name my lips hunger and savor every syllable until I've said it. Her descriptions of the physical world are vivid and entice the senses as when she writes of a garden where white flowers perfume the air, hummingbirds nibble nectar and recalls the heart of a rose beating in the palm of my hand. Her translations are not only grammatically accurate but also aptly convey deep emotions in both English and Spanish. If there is a flaw in this collection it is that some of the poems could have been further fleshed out; the author often leaves readers wanting more. A masterful volume of poems that captures the sensuality of love in two languages.
