Frank, 1974 **A Solovyov Anthology. Arranged by S. L. Frank. Translated from the Russian by Natalie Duddington** Vladimir Sergeyevich Solovyov, 1950 *Nineteenth Century Religious Thought in the West* Ninian Smart, 1988 Now available in paperback, the successful three volumes of *Nineteenth Century Religious Thought in the West* provide a fresh appraisal of the most important thinkers of that time. Some essays centre on major figures of the period; others cover topics, trends, and schools of thought between the French Revolution and the First World War. The contributors are among the leading scholars in their field and analyse not only what was said but also why it was said and explore what is of lasting value in it. Contributions are sufficiently clear to be of use to students in religious studies and cognate disciplines but have enough depth and detail to appeal to scholars. **The Russian Cosmists** George M. Young, 2012-07-30 In the nineteenth and early twentieth century a controversial school of Russian religious and scientific thinkers emerged, united in the conviction that humanity was entering a new stage of evolution and must assume a new active managerial role in the cosmos. The ideas of the Cosmists have in recent decades been rediscovered and embraced by many Russian intellectuals. In the first account in English of this fascinating tradition, George M. Young offers a dynamic and wide-ranging examination of the lives and ideas of the Russian Cosmists. **A History of Russian Philosophy** V. V. Zenkovsky, 2003 **History of Russian Philosophy V2** V. V. Zenkovsky, 2014-06-23 First published in 2003, this is volume II in the history of Russian philosophy written in 1953. It takes in the work of Vladimir Solovyov, V. D. Kudryatsev, N. S. Nesmelov, Tareyev, M. I. Karinski, Fyodorov, as well as the twentieth-century moves into Materialism, Neo-Marxism, and the Religious Philosophical Renaissance, and finally the metaphysics of total unity. Fullness of God Jared Ortiz,2021-01-12 Christians confess that Christ came to save us from sin and death But what did he save us for One beautiful and compelling answer to this question is that God saved us for union with him so that we might become partakers of the divine nature 1 Pet 2 4 what the Christian tradition has called deification This term refers to a particular vision of salvation which claims that God wants to share his own divine life with us uniting us to himself and transforming us into his likeness While often thought to be either a heretical notion or the provenance of Eastern Orthodoxy this book shows that deification is an integral part of Catholicism Orthodoxy and many Protestant denominations Drawing on the resources of their own Christian heritages eleven scholars share the riches of their respective traditions on the doctrine of deification In this book scholars and pastor scholars from diverse Christian expressions write for both a scholarly and lay audience about what God created us to be adopted children of God who are called even now to be filled with all the fullness of God Eph 3 19 *Russian Philosophy, Volume 1* James M. impregnation of the ancient Byzantine tradition of Old Russia by the Western thought of the French Enlightenment and then by German Romanticism The first original Russian philosopher Gregory Skovoroda the Russian Socrates was followed by the early philosophy of history and culture Alexander Radishchev and Peter Chasadayev The fateful break of Russian philosophers into two opposed camps of the Slavophiles was accomplished by the middle of the nineteenth century

Alexandre Kojève Luis J. Pedrazuela,2024-04-08 This edited volume addresses Alexandre Kojève's work from different perspectives emphasizing the continuity between his early reception of a set of non philosophical and philosophical influences and that which he might have sought himself to exercise in a pedagogical and practical manner The first part of the book comprises six essays in which their authors explore Kojève's understanding of art religion and atheism and his reception of the thought of Hegel Marx and Carl Schmitt The book's second part is made up by two contributions that tackle respectively Kojève's conceptions of the end of history and empire in the light of his notion of Sophia or Wisdom and his understanding of the relationship between philosophy and power in the light of an exegetical reading of the debate he held

with Leo Strauss The authors of the final three essays set out to explore the extent to which Kojve's previous processing of a set of non philosophical and philosophical influences might have resulted in three increasingly concrete outcomes namely his notion of authority the Lacanian mirror stage and global trade

Reimagining the Analogia Entis Philip John Paul

Gonzales,2019-01-15 In 1932 German theologian and philosopher Erich Przywara penned his Analogia Entis a vision of the analogy of being and a metaphysical exploration of the dynamic between God and creation A translation into English in 2014

made Przywara's brilliant and influential work available to more people than ever before. In this book Philip Gonzales calls English speaking readers to embrace the Christian treasure of the *Analogia Entis* and to reimagine what it offers Christians today. Gonzales brings Przywara's text into dialogue with debates in contemporary philosophy and theology engaging in conversation with Edith Stein, Karl Barth, Martin Heidegger, the *Nouvelle théologie*, Vatican II and leading figures in postmodern theology and the Continental turn to religion. The first book of its kind in English *Reimagining the Analogia Entis* articulates a Christian vision of being for the postmodern era.

Vladimir Solov'ëv William Peter van den Bercken, Manon de Courten, Evert van der Zweerde, 2000 Vladimir Solov'ev 1853-1900 is regarded as the most original and systematic of the Russian philosophers in the 19th century. He has once again become the subject of international scholarly attention both in Slavic countries and the West. This volume contains selected papers presented at the international conference on Vladimir Solov'ev held at Nijmegen University, the Netherlands, in September 1998. The scope of this conference was wide ranging dealing with theological, metaphysical, philosophical and historical themes. Though Solov'ev's broad intellectual activity defies any strict attempt at categorisation, the editors have classified its major themes under the dual characteristic of reconciliation and polemics. Solov'ev was passionately committed to the reconciliation of all beings under the idea of all unity which he attempted to achieve by engaging in uncompromising polemics with his contemporaries. The thirty contributors to this volume are specialists from Russia, Ukraine, Bulgaria, Western Europe and the United States. The volume makes a significant contribution to the intellectual reassessment of Vladimir Solov'ev since the rediscovery of his philosophical heritage in his own homeland in the 1980s.

Dostoevsky's Political Thought Richard Avramenko, Lee Trepanier, 2013-05-23 Recognized as one of the greatest novelists of all time, Fyodor Dostoevsky continues to inspire and instigate questions about religion, philosophy and literature. However, there has been a neglect of looking at his political thought, its philosophical and religious foundations, its role in nineteenth century Europe and its relevance for us today. *Dostoevsky's Political Thought* explores Dostoevsky's political thought in his fictional and nonfictional works with contributions from scholars of political science, philosophy, history and Russian Studies. From a variety of perspectives, these scholars contribute to a greater understanding of Dostoevsky not only as a political thinker but also as a writer, philosopher and religious thinker.
