Sonja Survival In War And Peace:

Sonja Sonja Milner,1984 *Jewish Curriculum and Resource Guide for the Armed Forces* ,1985 **Tolstoy's Family Prototypes in "War and Peace"** Brett Cooke,2020-11-24 What were the consequences of Tolstoy's unusual reliance on members of his family as source material for War and Peace Did affection for close relatives influence depictions of these real prototypes in his fictional characters Tolstoy used these models to consider his origins to ponder alternative family histories and to critique himself Comparison of the novel and its fascinating drafts with the writer's family history reveals increasing preferential treatment of those with greater relatedness to him kin altruism i.e. nepotism This pattern helps explain many of Tolstoy's choices amongst plot variants he considered as well as some of the curious devices he utilizes to get readers to share his biases such as coincidences notions of fate and aversion to incest Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin,Irina Livezeanu,Christine D. Worobec,June Pachuta Farris,2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes **Sexuality and German Fascism** Dagmar Herzog,2005 this volume makes a significant contribution to the field of German history allowing experts in the field as well as researchers in other areas a forceful immersion into the workings and deployment of sexual categories and policies during and following the Third Reich There is little doubt that it will become a standard text for teaching and future research Sexuality instead they emphasize the interrelationships between incitement to sexual activity and persecution and mass murder Dagmar Herzog is Professor of History at the Graduate Center City University of New York and the author of Sex after Fascism Memory and Morality in Twentieth Century Germany Princeton 2004 and Intimacy and Exclusion Religious Politics in Pre revolutionary Baden Princeton 1996 **Lessons and Legacies IV** ,1991 Essays that illustrate new areas of concern within Holocaust study and that explore neglected issues such as gender and place *Stealth Altruism* Arthur B. Shostak,2017-07-12 Though it has been nearly seventy years since the Holocaust the human capacity for evil displayed by its perpetrators is still shocking and haunting But the story of the Nazi attempt to annihilate European Jewry is not all we should remember Stealth Altruism tells of secret non militant high risk efforts by Carers those victims who tried to reduce suffering and improve everyone's chances of survival Their empowering acts of altruism remind us of our inherent longing to do good

even in situations of extraordinary brutality Arthur B Shostak explores forbidden acts of kindness such as sharing scarce clothing and food rations holding up weakened fellow prisoners during roll call secretly replacing an ailing friend in an exhausting work detail and much more He explores the motivation behind this dangerous behavior how it differed when in or out of sight who provided or undermined forbidden care the differing experiences of men and women how and why gentiles provided aid and most importantly how might the costly obscurity of stealth altruism soon be corrected To date memorialization has emphasized what was done to victims and sidelined what victims tried to do for one another Carers provide an inspiring model and their perilous efforts should be recognized and taught alongside the horrors of the Holocaust Humanity needs such inspiration
