**The Sorcerer's Apprentice** Jack Zipes,2017-03-27 A diverse new anthology that traces the meaning and magic of the sorcerer s apprentice tale throughout history The Sorcerer s Apprentice might conjure up images of Mickey Mouse from the Disney film Fantasia or of Harry Potter As this anthology reveals however sorcerer s apprentice tales in which a young person rebels against or complies with an authority who holds the keys to magical powers have been told through the centuries in many languages and cultures from classical times to today This unique and beautifully illustrated book brings together more than fifty sorcerer s apprentice stories by a plethora of writers including Ovid Sir Walter Scott and the Brothers Grimm From Goethe s The Pupil in Magic to A K Ramanujan s The Guru and His Disciple this expansive collection presents variations of a classic passed down through countries and eras Readers enter worlds where household objects are brought to life and shape shifting occurs from human to animal and back again We meet two types of apprentice The Humiliated Apprentice a foolish bumbler who wields magic ineffectively and promotes obedience to authority and The Rebellious Apprentice who through ambition and transformative skills promotes empowerment and self awareness In an extensive introduction esteemed fairy tale scholar Jack Zipes discusses the significance and meaning of the apprentice stories the contradictions in popular retellings and the importance of magic as a tool of resistance against figures who abuse their authority Twenty specially commissioned black and white illustrations by noted artist Natalie Frank bring the stories to visual life The Sorcerer s Apprentice enlightens and entertains readers with enduring spellbinding tales of sorcery that have been with us through the ages

**The Apprentice's Sorcerer** Ishay Landa,2009-11-23 20th century European Fascism is conventionally described by both historians and political scientists as a fierce assault on liberal politics culture and economics Departing from such typical analysis this book highlights the long overlooked critical affinities between liberal tradition and fascism Far from being the antithesis of liberalism fascism both in its ideology and its practice was substantially if dialectically indebted to liberalism particularly to its economic variant Fascism ought to be seen centrally as an effort to unknot the longue dur e tangle of the liberal order as it finally collided head on with mass democracy This brilliantly provocative thesis is sustained through innovative and incisive readings of seminal political thinkers from Locke and Burke to Proudhon Bagehot Sorel and Schmitt

*The Sorcerer's Apprentice* Barbara Shook Hazen,Tomi Ungerer,1985-01-01 Instead of learning to use magic wisely the sorcerer s apprentice wants to use it to get out of doing chores
