George Soros

Soros On Soros Staying Ahead Of The Curve:

Soros on Soros George Soros, 1995-08-18 George Soros Ends the Speculation The outcome of this book is a summing up of my life's work As I finish the book I feel I have succeeded George Soros from the Preface Critical praise for Soros on Soros If you have ever wanted to sit down for a candid conversation with a phenomenal financial success George Soros's book provides the opportunity You will meet a complex man and a first rate mind Henry A Kissinger The best expert on Soros is undoubtedly George Soros After all who is better equipped to tell us what he really thinks and how he thinks a matter of some importance given the fact that he has translated a remarkable personal financial success into a truly generous and historically significant effort to promote postcommunist democracy Zbigniew Brzezinski The best X ray of the mind of the master yet Barton M Biggs George Soros brings a lot more to the world of finance than the intuition and nerve of a born trader and in Soros on Soros he's no longer bashful about telling us about it A philosopher at heart George attributes his success at investing to a theory of the interaction of reality and human perception What really drives the man now with a personal fortune beyond all personal need is a different kind of strategic investing investment to build in Eastern Europe the kind of open societies he came to value in his own life Paul A Volcker Financial guru George Soros is one of the most colorful and intriguing figures in the financial world today Now in Soros on Soros readers are given their most intimate and revealing look yet into the life and mind of the one BusinessWeek dubbed The Man Who Moves Markets Soros on Soros interweaves financial theory and personal reminiscence political analysis and moral reflection to offer a compelling portrait of the world and its markets according to Soros In an interview style narrative with Byron Wien Managing Director at Morgan Stanley and with German journalist Krisztina Koenen Soros vividly describes the genesis of his brilliant financial career and shares his views on investing and global finance politics and the emerging world order and the responsibility of power Speaking with remarkable candor he traces his progress from Holocaust survivor to philosophy student unsuccessful tobacco salesman to the world's most powerful and profitable trader and introduces us to the people and events that helped shape his character and his often controversial views In describing the investment theories and financial strategies that have made him a superstar among money managers The New York Times Soros tells the fascinating story of the phenomenally successful Soros Fund Management and its 12 billion flagship Quantum Fund He also offers fresh insights into some of his most sensational wins and losses including a firsthand account of the 1 billion he made going up against the British pound and the fortune he lost speculating on the yen Plus Soros's take on the devaluation of the peso and currency fluctuations internationally He tells of the personal and professional crises that more than once threatened to destroy him and of the personal resources he drew upon to turn defeat into resounding victory And he explains his motivations for establishing the Soros Foundation and the Open Society Institute through which he worked to build open societies in postcommunist countries in Eastern Europe and the former Soviet Union Finally turning his attention to international politics Soros offers

keen insights into the current state of affairs in Russia and the former communist bloc countries and analyzes the reasons behind and likely consequences of the West's failure to properly integrate them into the free world. He also explores the crisis of the ERM and analyzes the pros and cons of investing in a number of emerging markets. Find out what makes one of the greatest financial wizards of this or any age tick. Soros on Soros is a must read for anyone interested in world finance and international policy.

Not All Quiet Before the Storm: A Political Study of the West Peter J. Sandys, 2023-02-03

Not All Quiet Before the Storm A Political Study of the West offers a comprehensive political and philosophical critique concerning the increasing popularity of socialism among liberal intellectuals, leftist generations of the young and even Christian democrats. The author presents a series of extensive analyses on ideological, cultural and generational wars, moral and identity issues and the challenges facing the Western world in the twenty-first century. The reader is to receive a severe but frank stricture upon liberal democracy, a condemnation of the globalizing elite and the Western world's current political climate and culture. The tone of the work is politically incorrect, describing the decline and socialist transformation of the West. The Left has changed the entire political and cultural landscape of the Western world. The breakdown of civil society was caused by individual rights not being paired with personal responsibility and the growing culture of entitlements has convinced the people that failure is not their fault but results from the political economic system's transgressions. Westerners have abandoned the ethical basis for society, believing that all problems are solvable by good government. The book offers recommendations on solving the readily apparent impasse. It outlines an alternative system termed the New West.

The Capstone Encyclopaedia of Business Capstone, 2013-10-22

The business world has changed beyond all recognition in recent years. New skills, insights, tools, technologies and best practice have emerged. The Capstone Encyclopaedia of Business brings all of this progress together, distilling the facts and essential information into one single volume. It represents the most up-to-date, authoritative and accessible guide to the modern business world available, providing a gateway to the state of the art in marketing, finance, strategy, leadership, people management and beyond. The Capstone Encyclopaedia of Business is organized alphabetically into over 1,000 entries covering the whole spectrum of business and management, including business terms, concepts, thinkers, practitioners, organizations, brands, companies. Each entry provides a sharp, incisive overview of the subject and crucially points to how the ideas can be put into practice. The Capstone Encyclopaedia of Business makes sense of the new world of business, embracing the best of the new and the most robust of the old. The first one-volume, accessibly priced reference book for business in years. Kicks off this exciting new series and will anchor Capstone as the one-stop shop for busy professionals. Key title in large promotion including web site and extract mailings. Internationally recognized editorial board. Annual updates will occur, making this a classic key title to keep on the shelves.

Dance in the Global Village Lothar F. Neumann, 2008

This treatise introduces the figures of shareholder, stakeholder, index tracker, bondholder and options trader as cosmopolitan financial actors in order to describe and explain the

development of global capitalism with regard to a series of more or less different capitalisms The terms shareholder and bondholder are generally known Stakeholders appear less frequently although the economic players have taken over the role of stakeholder mostly without realising it Options traders are chiefly professional stock exchange players but in view of the enlargement and democratisation of global financial capitalism more and more knowledgeable laymen also develop into options traders The figure of index tracker is relatively new However he does not act as a capitalist maximiser of profits but contents himself with reaching an index His behaviour can be characterised as being watchful waiting These figures emerging everywhere form a cleverly designed pattern in order to outline the mechanisms and institutions of global capitalism A typology of capitalisms is introduced for its diversity in uniformity illustrated by the Ferris Wheel of capitalism This treatise deals with the modern essentials of cosmopolitan capitalist economy free trade and mobility of capital direct investments migration global labour arbitrage The capitalist development and time analysis ranges from laissez faire capitalism from speculation and corruption to principal agent relations and from the world economic crisis to irrational exuberance The international policy differences are illustrated by the hawks and doves of economic policy Finally the Epilogue develops the political economy of cosmopolites in the Global Village into the ten commandments of capitalist civil religion The author of this treatise is a social economist financial sociologist social philosopher and obviously also an insider of practised financial capitalism He has an excellent command of standard econ

Routledge Encyclopedia of International Political Economy: Entries A-F R. J.
