Soul Of Soil:

Soul to Soil Teodrose Fikre, 2016-11-16 Blessings come through unexpected tribulations Life truly is a binary happiness and sadness cannot exist on their own any more than can light exist without darkness This is what makes life at once magical and tumultuous it is like the most wonderful enigma built on the pillars of uncertainty and clarity It is with this binary paradigm in mind that I wrote this second book Soul to Soil This is me embracing the hardships and maelstroms I have been through over the past two years and in the same place of pains planting a seed of hope and resiliency Someone once said that we don't always get to choose our circumstances in life the choice is how we react when a season of bareness darkens our doorsteps Soul to Soil represents my decisions process and a continuation of my journey where Serendipity's Trace was a reflection and me bleeding out my past Soul to Soil is a contemplation of present circumstances and how to move forward Inspired by endless people I have had the honor and blessing to meet and know in my journey across America over the past 18 months Soul to Soil is a collection of observations and prose that synthesizes the essence of our common humanity The root of our power is the very source our perceived weakness Fear becomes strength the minute we uncover this axiom

The Prosperous Soul Dr. Cindy Trimm, 2015-03-01 Learn How to Prosper in Every Area of Your Life I came so they can have real and eternal life more and better life than they ever dreamed of Jesus Prosperity begins from within You were created to enjoy prosperity on every level from a rich spiritual and intellectual life to a richness in your relationships and professional

Education and Life James Alfred Dale, 1924 *Creating Eartheaven in Your Life* Profound Transformation of Your Soul David H. Fastiggi, 2014-05-17 Creating Eartheaven in Your Life is unique and it is innate in all human beings Humanity's quest for a wholesome peaceful life goes unabated Our search for our better self that identifies with the reality of the world we live in all too often filled with grief and stress is juxtaposed with faith and hope for change or a miracle Do we just have faith expecting God will deliver humanity from the ills we have caused Should we just buckle down and be practical seeking solution with our rational self What kind of God do we actually know or are we seeking a relationship with an image of God taught to us What is the divine matrix and does a personal God speak to us Science stands for one view of creation and faith stands for another Is there a joining point of the two Has our species Homo sapiens stalled out in evolutionary development Is the world becoming a village of cooperation and mutual peace seeking Can we continue the way we have been and survive our own arrogance What is the future of faith religion and spirituality The author in a comprehensive way takes us on a journey to explore answers to these questions and much more Eartheaven is a paradigm of integration between the soul's development and our biological body and by extension all creation He delves into scientific reality while preserving in the beginning God created Creating Eartheaven in Your life is a deep exploratory of the soul's life in the experience of hurt and suffering and the potential for there to be personal divine human embodiment and therefore earth peace Through ten fundamental teachings combining Jesus words of two thousand years ago an Aramaic understanding the author's revelatory

experience in an apparition of Jesus his 44 years life experience psychology and science your reading and learning experience will be a challenge and liberation of the soul Profound transformation is needed and this codex offers the leverage needed to shift our life course towards personal awakening and transformation as well as providing a blue print for future generations Creating Eartheaven in Your Life brings us into universal principles of life a meeting for humanity without walls This volume of two addresses specifically transformation of the soul heaven unfolding Volume two addresses transformation of the body representing the earth and thus eartheaven Granted this book is not an easy read but proves to be a strong mirror reflecting back to us our lives and what we can become fulfilling humanity's evolutionary life potential and perhaps vital to our survival as a people

Landscape of the Soul W. Vance Grace, 2020-05-20 The North American church is struggling Our society seems to be coming apart at the seams and Christianity appears on the verge of losing its voice its leadership and its youth The church's calling is to cooperate with her Creator in the repair of the world Instead we struggle in the loss of the simplicity of the natural images of Jesus which compel us to engage tension dependency and the lesson of being on the margins Until we learn to take our cues from a world we did not build our actions will continue to prop up a society struggling from the weight of its own ethos Part history part cultural dialogue part travelogue always in conversation with the ancient and compelling biblical vision of shalom Landscape of the Soul will encourage you to see beyond the shells of your constructed world to those places where dynamic spiritual rhythms can still be found

Path to Soul to Heal Jono Roberts, 2024-02-28 Path to Soul to Heal is a simple but powerful take on how the author healed their body even though Western medicine says there is no cure for autoimmune diseases Fortunately God told him the truth The body will heal when you align with me and I will guide you On this healing journey he celebrates the amazing connection that each one of us has with God and the universe He answers questions such as How can we properly nourish our physical bodies How can we overcome a state of fear How has humanity

manipulated the Bible The author observes that we have a food system that does not care about health and a health system that does not care about food We are deliberately and constantly bombarded with toxins to keep us in a low vibrational state of fear hopelessness and sickness But by working with God we can achieve a type of healing that virtually everyone says is impossible Join the author as he celebrates what s possible when we look to the Lord for answers
