Sound And Fury The Making Of The Punditocracy

Jonathan Alter

Sound And Fury The Making Of The Punditocracy:

Sound and Fury Eric Alterman, 1999 Our economy our security and most particularly our democracy are imperiled by the decrepit state of our national political discourse We lack the ability as a nation to conduct a simple sensible and civil conversation about the choices we face The punditocracy is a tiny group of highly visible political pontificators who make their living offering inside political opinions and forecasts in the elite national media And it is their debate rather than any semblance of a democratic one that determines the parameters of political discourse in the nation today Introduction *His Very Best* Jonathan Alter, 2021-09-21 Drawing on fresh archival material and extensive access to Carter and his family New York Times bestselling author Jonathan Alter tells the epic story of a man of faith and his improbable journey from barefoot boy in the vicious Jim Crow South to global icon We learn how Carter evolved from a timid child into an ambitious naval nuclear engineer and an indefatigable born again governor how as a president he failed politically amid the bad economy of the 1970s and the seizure of hostages in Iran but succeeded in engineering peace between Israel and Egypt amassing a historic environmental record moving the government from tokenism to diversity setting a new global standard for human rights and normalizing relations with China among dozens of other unheralded achievements After leaving office Carter revolutionized the postpresidency with the bold global accomplishments of the Carter center Cover [Why We're Liberals](#) Eric Alterman, 2008 ALTERMAN WHY WERE LIBERALS **Reaganland** Rick Perlstein, 2021-08-17 From the bestselling author of Nixonland and The Invisible Bridge comes the dramatic conclusion of how conservatism took control of American political power *Grand Theft 2000* Douglas Kellner, 2001 The battle for the White House following the election of November 7 2000 was one of the major media spectacles in American history From the uncertainty of election night to Al Gore's concession to George W Bush's acceptance of the mantle of president elect Douglas Kellner demonstrates why the media was culpable in the theft of the presidency ultimately bringing to power one of the most right wing administrations in American history By applying critical social theory cultural studies and media criticism to buttress his arguments Kellner concludes that Election 2000 reveals a crisis in contemporary American democracy A final chapter critically dissects the first 100 days of the Bush presidency which is emerging as one of the most reactionary in history [The Republican Noise Machine](#) David Brock, 2005 Bestselling author David Brock documents the most important political development of the last thirty years How the Republican Right has won political power and hijacked public discourse in the United States Over the last several decades the GOP has built a powerful media machine newspapers and magazines think tanks talk radio networks op ed columnists the FOX News Channel Christian Right broadcasting book publishers and high traffic Internet sites to sell conservatism to the public and discredit its opponents David Brock's penetrating analysis of news stories from the disputed 2000 presidential election to the war in Iraq to the political battles of 2004 reveals that this booming right wing media market is largely based on bigotry ignorance and emotional manipulation closely tied to America's long standing cultural

divisions and the buying power of anti intellectual traditionalists Writing with verve and deep insight Brock reaches far beyond typical bromides about media bias to produce an invaluable account of the rise of right wing media and its political consequences

Inequality and One City: Bill de Blasio and the New York Experiment, Year One Eric Alterman, 2015-02-13

Bill de Blasio s election as mayor of New York captured the attention of a typically restless city But it also made progressives across the country and indeed around the world sit up and take notice With unprecedented popular support de Blasio took office pledging to put an end to economic and social inequalities that threaten to unravel the city we love Based on interviews with dozens of key figures in New York politics including the mayor himself Eric Alterman s new e book is a rigorous fascinating and indispensable account of what happened next It is as he writes in the preface an attempt to move beyond the day to day headlines that dominate our political debate By placing Bill de Blasio s words and the actions of his administration into a political cultural social and intellectual context we can see just how daunting the task he has set for himself really is to use the power of the city government to make New York a fairer and more equal place for all its inhabitants and to do so while executing the fundamental tasks of governance judiciously and efficiently If you want to understand what really went down during the first year of the de Blasio experiment the face off with Governor Cuomo over pre K the charter school battle the epic clash with the NYPD Eric Alterman has the story

Equality and One City Bill de Blasio and the New York Experiment Year One ebook Nation is a de Blasio booster s handbook to how much the mayor has already accomplished and a sober reminder no matter how many poor people vote for empathetic local candidates of just how much Albany and Washington can scuttle his agenda

Trust Me, I'm Lying Ryan Holiday, 2013-07-02

The cult classic that predicted the rise of fake news revised and updated for the post Trump post Gawker age Hailed as astonishing and disturbing by the Financial Times and essential reading by TechCrunch at its original publication former American Apparel marketing director Ryan Holiday s first book sounded a prescient alarm about the dangers of fake news It s all the more relevant today

Trust Me I m Lying was the first book to blow the lid off the speed and force at which rumors travel online and get traded up the media ecosystem until they become real headlines and generate real responses in the real world The culprit Marketers and professional media manipulators encouraged by the toxic economics of the news business Whenever you see a malicious online rumor costs a company millions politically motivated fake news driving elections a product or celebrity zooming from total obscurity to viral sensation or anonymously sourced articles becoming national conversation someone is behind it Often someone like Ryan Holiday As he explains I wrote this book to explain how media manipulators work how to spot their fingerprints how to fight them and how if you must to emulate their tactics Why am I giving away these secrets Because I m tired of a world where trolls hijack debates marketers help write the news opinion masquerades as fact algorithms drive everything to extremes and no one is accountable for any of it I m pulling back the curtain because it s time the public understands how things really work What you choose to do with this information is up to

you *Kabuki Democracy* Lomazog Steven, Fettmann Eric, 2011-07-12 In this agenda setting essay journalist and historian Eric Alterman explains what is really happening with the Obama presidency While Obama s many compromises have disappointed liberals Alterman argues that these concessions are largely due to **We Are Not One** Eric Alterman, 2022-11-22 A bestselling historian uncovers the surprising roots of America s long alliance with Israel and its troubling consequences Fights about the fate of the state of Israel and the Zionist movement that gave birth to it have long been a staple of both Jewish and American political culture But despite these arguments significance to American politics American Jewish life and to Israel itself no one has ever systematically examined their history and explained why they matter In *We Are Not One* historian Eric Alterman traces this debate from its nineteenth century origins Following Israel s 1948 1949 War of Independence called the nakba or catastrophe by Palestinians few Americans including few Jews paid much attention to Israel or the challenges it faced Following the 1967 Six Day War however almost overnight support for Israel became the primary component of American Jews collective identity Over time Jewish organizations joined forces with conservative Christians and neoconservative pundits and politicians to wage a tenacious fight to define Israel s image in the US media popular culture Congress and college campuses Deeply researched *We Are Not One* reveals how our consensus on Israel and Palestine emerged and why today it is fracturing
