Sports Plus Positive Learning:

Sports Plus Jeffrey Pratt Beedy, 2016-01-18 Do sports teach us how to play well the game of life It all depends Most of us know from firsthand observation that sports can build character or undermine it They can foster fair play or dirty play honest competition or win at all costs They can promote teamwork or selfishness self control or fits of rage the ability to win and lose gracefully or neither In my lifetime the negative character effects of competitive sports have sadly become ever more common From Little League to professional athletics competitive sports have seemed increasingly to bring out the worst not the best in players and fans alike But as the PLUS curriculum makes clear it doesn't have to be that way Approached correctly sports can be an important tool for building the character of our children and helping to rebuild the character of our culture

Sports PLUS Jeffrey Pratt Beedy, 2016 *Sports PLUS* Jeffrey Pratt Beedy, 1997 PLUS Series Matt Davidson Ph D, Jeffrey Beedy, 2021-02-21 The PLUS Series examines how coaches teachers and parents can create positive learning environments within children's sports Each series book is part of the larger PLUS Model

Exploring Values Through Literature, Multimedia, and Literacy Events Patricia Ruggiano Schmidt, Ann Watts Pailliotet, 2008-09-01 Exploring Values Through Multimedia Literature and Literacy Events was written by teachers and educational researchers for classrooms and schools interested in developing learning communities that develop critical and compassionate future citizens Through the use of specific multimedia literature and literacy events this book presents numerous ways for classroom teachers and schools to promote respectful responsible caring and sharing students in a democratic society Beginning with Plato's message that we cannot let the formation of good citizens to chance Exploring Values Through Multimedia Literature and Literacy Events takes the reader through a brief history of character education and moral development and a summary of multimedia's impact on our lives The chapters that follow are devoted to teacher tested classroom and school programs activities and resources for the understanding of diverse human perspectives Included in several chapters are the unique ways classes might analyze how and why information is presented in the media Due to the constant media bombardment on our lives the goal of this volume is to support our students as they discern the meanings of truth and justice

Sport Coaching with Diverse Populations James Wallis, John Lambert, 2020-10-25 Sports coaches apply their skills in a wider variety of contexts and with a more diverse range of athletes and participants than ever before This book introduces the professional competencies and knowledge needed to build successful working relationships across the different communities and groups with which coaches operate The book offers important insight for coaches who work with specific populations including different age groups black Asian and minority ethnic BAME people those of different gender or sexual orientation individuals with disabilities or illness the socio economically disadvantaged and refugees Drawing on real world case studies such as coaching girls in combat sports and coaching cardiac rehab patients and adopting a critical approach to values philosophy and pedagogic process this book argues that understanding the recipient of coaching and their particular needs is

as important as content knowledge With contributions from leading coaching researchers and practitioners this is important reading for developing coaches students on sports courses and other individuals involved in the sport pedagogy domain who seek to gain a better understanding of the demands of meeting the specific needs of people in the coaching process A Practical Guide to Teaching Physical Education in the Secondary School Susan Capel,Peter Breckon,Jean O'Neill,2013-10-30

A Practical Guide to Teaching Physical Education in the Secondary School is written for all student teachers on university and school based initial teacher education courses It offers a wealth of tried and tested strategies together with practical activities and materials to support both your teaching and your pupils learning It is designed for you to dip in and out of to enable you to focus on specific areas of teaching or foci on your course This second edition is fully updated with the most recent research and developments in the field and includes brand new chapters Key topics covered include Understanding your own views about your subjectNEW Lesson planning and schemes of work Physical Education and Key Skills Using ICT Cross curricular teaching and learningNEW Safe practice risk assessment and risk management Applying theories of learning to your practice Helping pupils meet intended learning outcomesNEW Promoting positive behaviourNEW Overcoming barriers and maximising the achievement of all pupilsNEW Assessing learning Working with others Reflective practice and action research Photocopiable resources offer easy assistance in lesson observation planning preparation delivery and evaluation An annotated further reading section at the end of each chapter provides advice about selection of the best resources on the web and elsewhere Illustrated throughout with examples of existing good practice this highly practical resource offers valuable support and inspiration to all student teachers as well as those in the early years of their teaching career A Practical Guide to Teaching Physical Education in the Secondary School 2nd edition is a companion to Learning to Teach Physical Education in the Secondary School 3rd edition and can be used to reinforce the basic teaching skills covered in that core textbook The book can also be used equally successfully on its own Handbook of Moral and Character Education Larry Nucci,Tobias Krettenauer,2014-04-24

There is widespread agreement that schools should contribute to the moral development and character formation of their students In fact 80% of US states currently have mandates regarding character education However the pervasiveness of the support for moral and character education masks a high degree of controversy surrounding its meaning and methods The purpose of this handbook is to supplant the prevalent ideological rhetoric of the field with a comprehensive research oriented volume that both describes the extensive changes that have occurred over the last fifteen years and points forward to the future Now in its second edition this book includes the latest applications of developmental and cognitive psychology to moral and character education from preschool to college settings and much more **Values in Youth Sport and Physical Education** Jean Whitehead,Hamish Telfer,John Lambert,2013-12-04

As sport has become more intense professional and commercialized so have the debates grown about what constitutes acceptable behaviour and fair play and how to encourage and develop good sporting behaviour particularly

in children and young people This book explores the nature and function of values in youth sport and establishes a framework through which coaches teachers and researchers can develop an understanding of the decision making processes of young athletes and how they choose between playing fairly or cheating to win The traditional view of sport participation is that it has a beneficial effect on the social and moral development of children and young people and that it intrinsically promotes cultural values This book argues that the research evidence is more subtle and nuanced It examines the concept of values as central organizing constructs of human behaviour that determine our priorities guide our choices and transfer across situations and considers the value priorities and conflicts that are so useful in helping us to understand behaviour in sport The book argues that teachers and professionals working with children in sport are centrally important agents for value transmission and change and therefore need to develop a deeper understanding of how sport can be used to encourage pro social values and offers suggestions for developing a curriculum for teaching values through sport in differing social contexts Spanning some of the fundamental areas of sport practice and research including sport psychology sport pedagogy practice ethics and positive youth development through sport and including useful values and attitudes questionnaires and guidance on their use and interpretation this book is important reading for any student researcher coach or teacher with an interest in youth sport or physical education Sport, Development and Peace Joel Rookwood, **Really Winning** Jim

Mastrich,2002-09-21 Dr Jim Mastrich s years of experience as a licensed psychologist who consults athletes and counsels troubled adolescents and their families is the foundation of Really Winning a comprehensive guide that provides mentors with the tools to foster integrity and character in boys A must for any parent this practical guide encourages parents and coaches to help athletes develop compassion and empathy instead of becoming arrogant and self centered Many of the modern day heroes for boys are sports figures But it seems today for every Tiger Woods whose talent is matched by good character there s a Mike Tyson whose exploits and abuses give sports a bad name Really Winning goes beyond many boy books published in recent years By focusing specifically on the positive aspects of athletics and incorporating the psychological background of our boys Dr Mastrich helps parents coaches and administrators create the ideal conditions for boys to become young men with sound character Using many vignettes from his own practice Dr Mastrich has shaped Really Winning into a readable practical anecdotal guidebook that no parent should be without **Becoming a Sports Coach**

James Wallis,John Lambert,2015-11-06 A coach is more than just somebody who leads in the organisation and delivery of structured sport The role of a coach goes beyond leadership requiring an understanding of theories of teaching and learning To become a coach you must know how people learn Becoming a Sports Coach aims to introduce the multi dimensional and inter locking knowledge bases that any aspiring coach will need to develop and that any established coach needs to master in order to improve their professional practice While traditional coach education pathways have focused on what to coach this book argues that understanding how knowledge can be communicated to learners is just as important Asking why we coach

through critical reflection and self knowledge is also an essential part of the process of becoming a sports coach The book explores three types of knowledge content knowledge pedagogic knowledge and self knowledge challenging the reader to reflect on their own coaching experiences and to develop a personal philosophy of coaching It explores key pedagogic themes in contemporary coaching studies such as humanistic coaching inclusive practice coaching for understanding and the athlete coach relationship Real case studies are used to illuminate the ways transferrable across sports in which coaches can apply theory to practice and ultimately enhance their work With contributions from leading coaching researchers and practitioners combining practical guidance with important theoretical insights this book will help any coaching student or developing professional to better understand the journey to becoming an effective sports coach Harvard Magazine ,1997

Coaching Values and Life Skills through Physical Education and Sports Koon Teck Koh,Tarkington J Newman,Muhammad Shufi Bin Salleh,2024-11-08 This impactful resource guide is for international educators and practitioners involved in Physical Education and Sport PES who want to learn evidence based approaches to the teaching of values and character education Through a systematic approach to teaching and evaluating values and character education this book bridges the gap between theory and practice It offers empirical evidence and strategies to show how values and character can be internalized through carefully designed experiences active participation and regular reinforcement without compromising the time needed to learn sports skills a common concern raised by PE teachers and sports coaches Results from case studies have also revealed that values can be transferred beyond the context of physical education lessons and sports through a collaborative approach and effective communication between teachers coaches and parents Key strategies based on empirical evidence are highlighted in this book It also highlights an Asian perspective on values and life skills training through Physical Education and provides readers with step by step implementation guidelines to simplify some complex strategies in developing values and life skills through PES seamlessly The book provides useful information to anyone engaged in developing young people in and through sport In particular it will be of great value to pre service and in service teachers and coaches for implementing effective strategies to balance teaching sports skills values and life skills effectively in PES Football for Peace John Sugden,2007 This book outlines the problematic history of F4P Football for Peace and presents an ethnographic snap shot of the 2005 experience It concludes by arguing that so long as sport for peace Initiatives like this are grounded and sensitive to local cultural and political conditions pragmatically conceived carefully structured and professionally

Character Matters Thomas Lickona,2004-03-10 Award winning psychologist and educator Thomas Lickona offers more than one hundred practical strategies that parents and schools have used to help kids build strong personal character as the foundation for a purposeful productive and fulfilling life Succeeding in life takes character and Lickona shows how irresponsible and destructive behavior can invariably be traced to the absence of good character and its ten essential qualities wisdom justice fortitude self control love a positive attitude hard work integrity gratitude and humility

The culmination of a lifetime's work in character education from one of the preeminent psychologists of our time, this landmark book gives us the tools we need to raise respectful and responsible children, create safe and effective schools, and build the caring and decent society in which we all want to live. **PLUS Series One** Dr Jeffrey P. Beedy, Dr Matt Davidson, 2021-02-21

The Positive Learning Using Sports PLUS Series explores how children's sports can be intentionally designed to promote positive learning such as respect and responsibility. Each book in the PLUS Series will examine different elements of children's sports such as how to create a positive philosophy and dialogue with the players about important life issues.

Community Sport and Social Inclusion Marc Theeboom, Hebe Schailleé, Rudi Roose, Sara Willems, Lieve Bradt, Emelien Lauwerier, 2021-11-25. This book examines sport as an inclusive and developmental environment, exploring the conditions by which community sport initiatives can promote personal development, health, and social cohesion, particularly for at-risk youth. At the empirical core of the book is a multiple disciplinary study of community sport programmes in Flanders, Belgium, involving researchers from social sport sciences, social work, pedagogy, and health care sciences. Drawing on this cutting-edge, realist research, the book considers the implications for sport development policy and practice around the world. The book considers community sport as a vehicle for promoting social inclusion and the ways it allows people of all backgrounds and abilities to participate and access social and health benefits, whilst touching on key issues including monitoring and evaluation, exercise and health, youth welfare, and volunteering. This book is a fascinating reading for any student, researcher, or practitioner working in sport for development, sport management, sport coaching, social work, education, sociology, or urban studies. **The Handbook of Private Schools** Porter Sargent, 2003-05. Physical & Health Education Journal, 2006. Canada's magazine for physical and health educators.
