How Men Turn Women Into Nothing Andrey Davydov, Olga Skorbatyuk, 2014-08-27 Every woman considers herself an individual In vain as regardless of race ethnicity profession and so on no woman is an individual Every woman lives as man programmed her to live as it is convenient for him as he wants her to Women do not even suspect who produces images for what they consider their Self and why By studying the history of world culture literature pictorial art architecture music science etc it is easy to trace that men usurped everything that had to do with images as ideas for creation of anything And from time immemorial women were left with a role of stupid consumers and performers and it was made sure that women think that they women are creators too But women did not participate in the birth of any product which begins with a sketch and in turn a sketch begins with an idea and an idea begins with an image Yes women weaved embroidered painted cloth and sometimes sewed But based on sketches made by whom Based on sketches and patterns created by men The essence of this process is to forbid women from creating images and under any excuse to never allow women to do it ever Excuses used are from rudest and degenerative What are you trying to do you fool Go make me a sandwich instead or Do you not hear your baby crying to the most romantic and poetic You are my muse just be near inspire me you are so beautiful Men s intent is simple to have total control over the psyche and the physiology of any woman because an image is the basis of functioning of any person Providing an image to a woman ensures that she will live and function strictly according to this image Also an image is the basis for control of any person as well as the basis of knowledge about her him Men create images Therefore they know exactly what image is behind this or that behavior of a woman In other words they know how she will think act present herself what she will want strive for and seek from men as well So a woman does not even suspect that she is like an open book for any man even if he sees her for the first time But women are sure that images that they use including for construction of their Self Image that they consider their individuality are a secret Borrowing images that were made up by men from cultural sources and using them to form her personality her way of life any woman strongly believes in her unrepeatability originality and uncognizability What do you think who gave women this assurance and why In other words men achieved what they wanted from potential goddesses women were made into logs a resource a consumable material from which a man can make whatever he likes Men use women for all and any of their needs Today women are allowed everything even to pretend that they create images too Only women are not aware that they make their creations solely on the basis of those artificial images which have already been thought up by men and have been put into women for centuries from generation to generation in the process of domestication Women are celebrating victory but none of them wonder why for example a couple of centuries ago there were no women filmmakers litterateurs painters scientists or politicians Or why in the history of humans their percentage ratio is so low Or how many prime ministers there were before Margaret Thatcher and what was their gender Or in what century there was the first female president And so on Even a quick historical review

readily available statistics make it clear that women are allowed only into already constructed and functioning system built by men And women are allowed to act only based on and within images that the system dictates Women lost the war between the sexes Since the time of birth women are being made into logs with legs spread wide as an indication of their main purpose to participate in the reproduction of the human race and be pleasant toys in the hands of men Most important is to not forget to tell women who love through their ears that they are wonderful priceless how much men love them and depend on them Long ago women were programmed to believe in any nonsense instead of seeing and analyzing facts as well as history
