worldwide have been waiting for and no it's not a sin to end a sentence with a preposition *Words on the Move* John McWhorter, 2016-09-06 A bestselling linguist takes us on a lively tour of how the English language is evolving before our eyes and why we should embrace this transformation and not fight it Language is always changing but we tend not to like it We understand that new words must be created for new things but the way English is spoken today rubs many of us the wrong way Whether it's the use of literally to mean figuratively rather than by the letter or the way young people use LOL and like or business jargon like What's the ask it often seems as if the language is deteriorating before our eyes But the truth is different and a lot less scary as John McWhorter shows in this delightful and eye opening exploration of how English has always been in motion and continues to evolve today Drawing examples from everyday life and employing a generous helping of humor he shows that these shifts are a natural process common to all languages and that we should embrace and appreciate these changes not condemn them *Words on the Move* opens our eyes to the surprising backstories to the words and expressions we use every day Did you know that silly once meant blessed Or that ought was the original past tense of owe Or that the suffix ly in adverbs is actually a remnant of the word like And have you ever wondered why some people from New Orleans sound as if they come from Brooklyn McWhorter encourages us to marvel at the dynamism and resilience of the English language and his book offers a lively journey through which we discover that words are ever on the move and our lives are all the richer for it **Vernaculars in the Classroom** Shondel Nero, Dohra Ahmad, 2014-06-20 This book draws on applied linguistics and literary studies to offer concrete means of engaging with vernacular language and literature in secondary and college classrooms The authors embrace a language as resource orientation countering the popular narrative of vernaculars as problems in schools The book is divided into two parts with the first half of the book providing linguistic and pedagogical background and the second half offering literary case studies for teaching Part I examines the historical and continued devaluing of vernaculars in schools incorporating clear usable explanations of relevant theories This section also outlines the central myths and paradoxes surrounding vernacular languages and literatures includes productive ways for teachers to address those myths and paradoxes and explores challenges and possibilities for vernacular language pedagogy In Part II the authors provide pedagogical case studies using literary texts written in vernacular Englishes from around the world Each chapter examines a vernacular related topic and concludes with discussion questions and writing assignments an appendix contains the poems and short stories discussed and other teaching resources The book provides a model of interdisciplinary inquiry that can be beneficial to scholars and practitioners in composition literature and applied linguistics as well as students of all linguistic backgrounds **Cross-Language Relations in Composition** Bruce Horner, Min-Zhan Lu, Paul Kei Matsuda, 2010-05-09 *Cross Language Relations in Composition* brings together the foremost scholars in the fields of composition second language writing education and literacy studies to address the limitations of the tacit English only policy prevalent in composition pedagogy and research and to suggest changes for the benefit of writing students and

instructors throughout the United States Recognizing the growing linguistic diversity of students and faculty the ongoing changes in the English language as a result of globalization and the increasingly blurred categories of native foreign and second language English speakers editors Bruce Horner Min Zhan Lu and Paul Kei Matsuda have compiled a groundbreaking anthology of essays that contest the dominance of English monolingualism in the study and teaching of composition and encourage the pursuit of approaches that embrace multilingualism and cross language writing as the norm for teaching and research The nine chapters comprising part 1 of the collection focus on the origins of the English only bias dominating U S composition classes and present alternative methods of teaching and research that challenge this monolingualism In part 2 nine composition teachers and scholars representing a variety of theoretical institutional and professional perspectives propose new compelling and concrete ways to understand and teach composition to students of a global plural English a language evolving in a multilingual world Drawing on recent theoretical work on genre complexity performance and identity as well as postcolonialism *Cross Language Relations in Composition* offers a radically new approach to composition teaching and research one that will prove invaluable to all who teach writing in today s multilingual college classroom

Doing Our Own Thing John McWhorter, 2004-09-09 McWhorter is a gifted young linguist who seeks to understand the change in our verbal habits rather than just bemoan it and his analysis is insightful

richly documented and yes eloquently written Steven Pinker author of *The Blank Slate* and *The Language Instinct* In *Doing Our Own Thing* critically acclaimed linguist and cultural critic John McWhorter traces the precipitous decline of language in contemporary America arguing persuasively that casual everyday speech has conquered the formal in all arenas from oratory to poetry to everyday journalism and has even had dire consequences for our musical culture McWhorter argues that the swift and startling change in written and oral communication emanated from the countercultural revolution of the 1960s and its ideology that established forms and formality were autocratic and artificial While acknowledging that the evolution of language is in and of itself inevitable and often benign he warns that the near total loss of formal expression in America is unprecedented in modern history and has reached a crisis point in our culture such that our very ability to convey ideas and arguments effectively is gravely threatened By turns compelling and harrowing passionate and judicious *Doing Our Own Thing* is required reading for all concerned about the state of our language and the future of intellectual life in America
